The maps xi
Preface xiii
Abbreviations and orthography xx

1 Introduction
1.1 The nature of Australian languages 1
1.2 Current misconceptions about Australian languages 4
1.3 History of ideas about Australian languages 8
1.4 The Australian language family 17

2 Tribe and language
2.1 Social organisation and naming 23
2.2 Tribe 29
2.3 Language 33
2.4 Language and tribal names 40
2.5 Tribal and language split 43

3 Speech and song styles
3.1 Oral literature 47
3.2 Song styles 51
3.3 Avoidance styles 58
3.4 Secret styles 65

4 The role of language in Aboriginal Australian society today
4.1 Aboriginal English 69
4.2 The role of language in community cohesion 77
4.3 Bilingual education 86

5 Vocabulary 97
5.1 Lexical forms 99
5.2 Structure of the lexicon 102

5.2.1 Areas of semantic specialisation 103, 5.2.2 Metaphorical extensions 109, 5.2.3 Compounds 111, 5.2.4 Semantic structure 112
5.3 Semantic shift 116
5.4 The impact of European contact 120
5.4.1 Loan words 121, 5.4.2 Extension of meaning 122

6 Phonology 125
6.1 Structure of words 127
6.2 Stress 128
6.3 Vowels 129
6.4 Consonants
6.4.1 Places of articulation 132, 6.4.2 Stops and nasals 139, 6.4.3 Laterals 142, 6.4.4 Rhotics 144, 6.4.5 Semi-vowels 145, 6.4.6 Consonant systems 146, 6.4.7 Early transcriptions 148
6.5 Proto-Australian consonants 150
6.5.1 pA laminals 153, 6.5.2 pA apicals 155, 6.5.3 pA laterals 157, 6.5.4 Summary 158
6.6 Phonotactics 159
6.6.1 Phonotactics of modern languages 159, 6.6.2 pA phonotactics 167, 6.6.3 More on pA consonants 174
6.7 Vowel harmony 178
6.8 Feature description 180
6.8.1 Features for place of articulation 184, 6.8.2 Markedness and phonotactics 188, 6.8.3 Features for manner of articulation 189, 6.8.4 Summary 193

7 Phonological change 195
7.1 Initial-dropping languages
7.1.1 Consonantal changes 198, 7.1.2 Changes affecting vowel systems 201, 7.1.3 Metathesis 203, 7.1.4 General remarks 205
7.2 Endings of words 207
7.2.1 Vowel-final languages 208, 7.2.2 Consonant-final languages 210
7.3 Evolution of vowel length 212
7.4 Voicing distinction 215
7.5 Nasal dissimilation 216
7.6 Summary 218

8 Classification of Australian languages
8.1 Genetic unity of Australian languages 220

8.2 Tasmanian 228
8.3 Possibility of a link with language families outside Australia 234
8.4 Areal features and diffusion 238
8.5 Subgrouping 251
8.6 Attempts at classification 260

9 Word classes 266
9.1 Parts of speech 271
9.2 Nominals 272
9.2.1 Nouns 272, 9.2.2 Adjectives 274
9.3 Pronouns and deictics 275
9.4 Verbs
9.4.1 Transitivity 278, 9.4.2 Conjugations 279, 9.4.3 Number of verbs 280, 9.4.4 Adverbals 281
9.5 Other word classes
9.5.1 Locational qualifiers 282, 9.5.2 Time qualifiers 283, 9.5.3 Particles 284, 9.5.4 Interjections 284
9.6 Postinflectional clitics 284
9.7 Types of case marking – 'ergative' and 'accusative' 285

10 Nouns 292
10.1 Case functions 293
10.2 Some typical case systems 301
10.3 Reconstruction of case inflections 311
10.3.1 Original case system 311, 10.3.2 Original case forms 317, 10.3.3 Purposive–dative and genitive 321
10.4 Derivational suffixes 322

11 Pronouns 327
11.1 First and second person pronouns
11.1.1 Sample paradigms 328, 11.1.1 Reconstruction of non-singular forms 334, 11.1.3 Case inflections 338, 11.1.4 Reconstruction of singular forms 339, 11.1.5 Development of pronoun systems 346, 11.1.6 Minimal/augmented pronoun systems 351
11.2 Third person pronouns 356
11.3 Bound pronouns 362
11.4 Indefinite–interrogative pronouns 372

12 Verbs
12.1 Verbal categories 378
12.2 Conjugations 382

12.2.1 Conjugations in four modern languages 385, 12.2.2 Reconstruction 402, 12.2.3 The proto-Australian verbal system 408, 12.2.4 Evolution of conjugations 411, 12.2.5 Development of modern systems 415, 12.2.6 Types of modern system 421, 12.2.7 pA verbal roots in prefixing languages 426
12.3 Grammaticisation of lexical roots 430
12.4 Verbal derivational affixes 431
12.5 Nominal incorporation 436

13 Syntax
13.1 Basic syntactic functions 438
13.2 Order of constituents 441
13.3 Clausal derivations 443
13.3.1 Transitivising processes 443, 13.3.2 Antipassive and other intransitivising processes 445, 13.3.3 Other processes 449
13.4 Types of syntactic change
13.4.1 Specialisation of antipassive construction 449,
13.4.2 Development from ergative towards accusative systems 453
13.5 Complex sentences 457
13.6 Syntactic identification 461
13.6.1 Constraints on coreferentiality 461, 13.6.2 Switch-reference marking 465

14 Summary 467

Notes and references 477
Languages and sources 500
Glossary 510
Suggestions for further reading 515
List of works referred to 516
Index 534

THE MAPS

1	State boundaries, major cities and geographical regions	xvii
2	Approximate locations of languages referred to	xviii
3	Major classifications of Australian languages (due to Schmidt, Capell and Hale)	20
4	An area of North Queensland	34
5	Distribution of laminal, apical and dorsal contrasts, and of laterals	141
6	Regions in which initial dropping has taken place	198
7	Languages of the south-east, showing the occurrence of final peripheral nasals	241
8	Languages in a part of north-east Queensland, showing the occurrence of final peripheral nasals	243
9	Distribution of bound-form pronouns	364
