

Contents

- Chapter 1 **Kidney Transplantation: A History, 1**
David Hamilton
- Chapter 2 **Immunology of Graft Rejection, 9**
Margaret J. Dallman
- Chapter 3 **Nontransplant Modalities of Kidney Replacement Therapy, 33**
Lisa Nanovic • Bryan N. Becker
- Chapter 4 **The Recipient of a Renal Transplant, 48**
Jeremy R. Chapman
- Chapter 5 **Access for Renal Replacement Therapy, 64**
Nicholas R. Brook • Michael L. Nicholson
- Chapter 6 **Brain Death and Donor Management, 82**
Kenneth E. Wood
- Chapter 7 **Medical Evaluation of the Living Donor, 99**
Dicken S. C. Ko • Francis L. Delmonico
- Chapter 8 **Donor Nephrectomy**
A. Open Nephrectomy, 111
A. Benedict Cosimi • Dicken S. C. Ko
B. Laparoscopic Live Donor Nephrectomy, 117
Christopher E. Simpkins • Robert A. Montgomery
- Chapter 9 **Renal Preservation, 126**
Henri G. D. Leuvenink • Rutger J. Ploeg
- Chapter 10 **Histocompatibility in Renal Transplantation, 140**
Susan V. Fuggle • Craig J. Taylor
- Chapter 11 **Surgical Techniques of Renal Transplantation, 158**
John M. Barry • Peter J. Morris
- Chapter 12 **Transplantation and the Abnormal Bladder, 172**
Julie Franc-Guimond • Ricardo González

- Chapter 13 Anesthesia for Patients Undergoing Renal Transplantation, 187**
John W. Sear • Oliver J. Dyar
- Chapter 14 Early Course of the Patient with a Kidney Transplant, 210**
Stuart J. Knechtle • John D. Pirsch
- Chapter 15 Azathioprine and Steroids, 220**
Simon R. Knight • Peter J. Morris
- Chapter 16 Cyclosporine, 234**
Neil K. I. Russell • Simon R. Knight • Peter J. Morris
- Chapter 17 Tacrolimus in Renal Transplantation, 259**
Amit Basu • Ron Shapiro
- Chapter 18 Mycophenolate Mofetil, 277**
Barry D. Kahan
- Chapter 19 mTOR Inhibitors: Sirolimus and Everolimus, 293**
Christopher J. E. Watson • J. Andrew Bradley
- Chapter 20 Antibodies and Fusion Proteins, 309**
Allan D. Kirk
- Chapter 21 Other Forms of Immunosuppression, 333**
B. Sprangers • J. Pirenne • E. van Etten • Mark Waer • Chantal C. Mathieu • A. C. D. Billiau
- Chapter 22 Transplantation in the Sensitized Recipient and Across ABO Blood Groups, 350**
Mark D. Stegall • James M. Gloor
- Chapter 23 Approaches to the Induction of Tolerance, 361**
Satish N. Nadig • Gregor Warnecke • Kathryn J. Wood
- Chapter 24 Pathology of Kidney Transplantation, 383**
Robert B. Colvin • Shamila Mauiyyedi
- Chapter 25 Chronic Allograft Nephropathy, 416**
Brian J. Nankivell

- Chapter 26 Vascular Complications after Kidney Transplantation, 439**
Richard D. M. Allen
- Chapter 27 Urological Complications after Kidney Transplantation, 462**
Daniel Shoskes • David Cranston
- Chapter 28 Cardiovascular Complications after Renal Transplantation, 469**
Bertram L. Kasiske • Ajay K. Israni
- Chapter 29 Infection in Renal Transplant Recipients, 492**
Jay A. Fishman • John A. Davis
- Chapter 30 Liver Disease in Renal Transplant Recipients, 508**
Adnan Said • Nasia Safdar • Jennifer Wells • Michael R. Lucey
- Chapter 31 Neurological Complications after Renal Transplantation, 534**
Andria L. Ford • Katie D. Vo • Jin-Moo Lee
- Chapter 32 Nonmalignant and Malignant Skin Lesions in Renal Transplant Patients, 546**
Aoife Lally • Cristina Bordea • Vanessa Venning • Fenella Wojnarowska
- Chapter 33 Cancer in Dialysis and Renal Transplant Patients, 564**
John F. Thompson • Paula J. Mohacsi

Chapter 34 Pancreas and Kidney Transplantation for Diabetic Nephropathy, 578

Takashi Kobayashi • David E. R. Sutherland • Angelika C. Gruessner • Rainer W. G. Gruessner

Chapter 35 Kidney Transplantation in Children, 599

Minnie M. Sarwal • Pornpimol Rianthavorn • Robert B. Ettenger

Chapter 36 Renal Transplantation in Developing Countries, 630

M. Rafique Moosa

Chapter 37 Results of Renal Transplantation, 657

Stuart J. Knechtle • Peter J. Morris

Chapter 38 Psychological Aspects of Kidney Transplantation and Organ Donation, 676

Patricia M. Franklin

Chapter 39 Ethics in Transplantation: Allotransplantation and Xenotransplantation, 694

Linda Wright • Michael Campbell • Abdallah S. Daar

Index, 709
