

TABLE OF CONTENTS

Preface	v
TEXT STRUCTURE	1
Plans and Goals in Understanding Episodes <i>Gordon H. Bower</i>	2
What Makes a Good Story? Towards the Production of Conversational Narratives <i>Uta M. Quasthoff, and Kurt Nikolaus</i>	16
Text Divisions and Story Grammars <i>Hans Christoph Micko</i>	29
Children's Knowledge of Social Action: Effects on Comprehension and Recall of Simple Stories <i>Hans Strohner, Gert Rickheit, and Rüdiger Weingarten</i>	42
Levels of Functioning in Semantic Memory and Levels of Comprehension of Texts <i>Stéphane Ehrlich, Jean-Michel Passerault and Georges Personnier</i>	53
— That's Important but is it Interesting? Two Factors in Text Processing <i>Suzanne Hidi, William Baird and Angela Hildyard</i>	63
— Expectancy Structures in Prose Reading <i>Margret Rihs-Middel</i>	76
— How do Different Readers Learn with Different Text Organizations? <i>Wolfgang Schnotz</i>	87
COHERENCE	99
— Towards a Processing Account of Reference <i>Anthony J. Sanford, and Simon C. Garrod</i>	100
— Towards a Model of Macrostructure Search <i>Ulrich Glowalla, and Hans Colonius</i>	111
Acceptability of Story Continuations <i>Rüdiger F. Pohl</i>	124

Semantic Discontinuities as Text Production Strategies 137
Vanda L. Zimmerman

INFERENCE 151

How Do You Fill in this xxx? On some Interpretation Processes 152
Yvonne Waern

Inference Processes in Discourse Comprehension Measured by Sentence Reading Times 166
Karl F. Wender

— Answering Questions from Text: A process Model 172
Murray Singer

MEMORY 185

— Memory for Text 186
Walter Kintsch

Knowledge Updating in Text Processing 205
Steen F. Larsen

— Retrieval Cues and the Remembering of Prose: A Review 219
Ronald E. Johnson

Working Memory and Contextual Processing in Reading 239
Maryanne Martin

Age, Reading Ability, and Semantic Integration: An Information Processing Model 251
John R. Kirby

The Modality Effect on Text Processing as a Function of Organization 263
Machiko Sannomiya

Remembering what You Said versus Remembering what You Wrote: Children's Recall of their own Oral and Written Narratives 269
Angela Hildyard, and Suzanne Hidi

Effects of Verbal and Pictorial Context Cues on Free Recall and Clustering of Text Themes 279
Eugen Hinder

ATTENTION AND CONTROL	291
Allocation of Attention During Reading <i>Richard C. Anderson</i>	292
Intentional Learning in Text Processing <i>Gery d'Ydewalle, Eddy M. Degryse, and An Swerts</i>	306
Recall and Flexibility of Linguistic Processing <i>Gregory V. Jones, and Martin S. Payne</i>	314
Activation and Restructuring of Prior Knowledge and their Effects on Text Processing <i>Henk G. Schmidt</i>	325
Metacognitive Regulation of Text Processing: Aspects and Problems Concerning the Relation between Self- Statements and Actual Performance <i>Peter M. Fischer, and Heinz Mandl</i>	339
Metacognitive Variables in the Learning of Written Text <i>Fredi P. Büchel</i>	352
GOAL PERSPECTIVES	361
The Role of Problem Orientations and Goals in Text Comprehension and Recall <i>Norbert A. Streitz</i>	362
Changing the Reader's Perspective <i>August Flammer, and Marianne Tauber</i>	379
Influences of Titles on the Recall of Instructional Texts <i>Helmut M. Niegemann</i>	392
The Impact of Prior Knowledge on Accessibility and Availability of Information from Prose <i>Samuel R. Mathews II</i>	400
INSTRUCTIONAL IMPLICATIONS	411
Pictures as Prose-Learning Devices <i>Joel R. Levin</i>	412
Instructional Variables in Text Processing <i>Richard E. Mayer</i>	445

Concrete Analogies as Aids in Learning from Text
P. RobertJan Simons 462

Subjective versus Objective Pre-Information as a
Determinant of Students' Choices of Instructional
Texts and their Subsequent Learning Therefrom 472
Karl J. Klauer

Effects of Elaboration on Recall of Texts 482
Heinz Mandl, and Steffen-Peter Ballstaedt

Argument in Text and Reading Process 495
Peter Whalley

Self-Regulated versus Teacher-Provided Sequencing of
Information in Learning from Text 509
Hans G.L.C. Lodewijks

Text Processing: A Comparison of Reading and Listening 521
*Marcel L. Goldschmid, Pierre Moessinger, Tamar Ferber-Stern,
André Koerffy, and Jan Rozmuski*

The Influence of Within- and Between-Sentence Variables
on the Comprehension of Newspaper Articles by Two Reader
Groups 527
Marianne Tauber, and François Stoll

Development and Evaluation of a Text Mapping Strategy 536
Donald F. Dansereau, and Charles D. Holley

Quest for an "A": A Case Study of a University Student's
Text Processing 555
Anthony M. Owens

EXTENSIONS 563

Processing Dream Texts 564
Ruedi Seitz

Comprehending the Discourse of Poetry 570
W. John Harker

ABSTRACTS OF THE REMAINING CONTRIBUTIONS TO THE INTERNATIONAL
SYMPOSIUM ON TEXT PROCESSING IN FRIBOURG 1981 583
