

TABLE OF CONTENTS

Chapter 1

Introduction

1. Introduction	1
2. Goals	2
3. Languages of the Study	3
4. Classificatory Background	5
5. Methodology and Approaches	12
6. Sources	18

Chapter 2

Thomas J. Hinnebusch: Northeast Coastal Bantu

1. Introduction	21
2. Spirantization	24
2.1. Spirantization and Northeast Coastal Bantu	24
2.2. Northeast Coast's Eastern Borderland	26
2.2.1. Chaga, Dawida, and Saghala	27
2.2.2. Pare/Tuveta	30
2.2.3. West Tanzania/Langi	31
2.3. Northeast Coast's Southern Borderland	33
2.3.1. Southern Highlands and Kilombero	33
2.3.2. Rufiji, Ruvuma, and Tanzanian Ngoni	37
2.3.3. Makua	38
2.4. Spirantization and Subgrouping	40
2.5. Conclusion	41
3. *B-approximation	44
3.1. The Correspondences	44
3.2. *B-approximation and Subgrouping	45
3.3. *B-approximation and Spirant-devoicing	47
4. Changes Affecting *B before *a, e, i	54
4.1. The Correspondences	54
4.2. *B-approximation (S2), *B-labiodentalization and Subgrouping	56

4.2.1.	Chaga/Dawida/Saghala	57
4.2.2.	Gogo	60
4.2.3.	Cewa/Nyanja	62
4.2.4.	**w-loss	62
5.	Further Eastern Bantu Sound Changes	63
5.1.	*p-lenition and Class 5 *l _i -reduction	63
5.1.1.	*p-lenition	63
5.1.2.	The reduction of Class 5 *l _i -	66
5.1.3.	*p-lenition, Class 5 *l _i -reduction and subgrouping	66
5.2.	Other Shifts	69
5.2.1.	*c and *j spirantization	70
5.2.2.	The seven > five vowel shift	72
5.2.3.	*N _C clusters	73
5.2.4.	Dahl's and Meinhof's Laws	75
5.2.5.	Conclusion	77
6.	Changes Involving Class 5 *l _i -	77
6.1.	Strengthening in Class 5	78
6.2.	Class 5 Spirantization	82
6.2.1.	Class 5 spirantization in Sabaki	83
6.2.2.	Class 5 spirantization in Seuta and Ruvu	85
6.2.3.	Class 5 spirantization in Pare/Tuveta	87
6.2.4.	Other considerations	89
6.3.	Other Class 5 Changes	92
6.4.	Subgrouping and Class 5	93
6.4.1.	Gogo: further considerations	96
6.4.2.	Cewa/Nyanja	99
6.4.3.	Sabaki	100
7.	Spirant-affrication and Devoicing in NEC	100
7.1.	Spirant-devoicing/affrication in Kaguru, Luguru, Kami and Kutu	103
7.2.	Devoicing in Seuta	107
7.3.	Subgrouping and Spirant-devoicing/affrication	110
8.	*t-weakening in Sabaki, and Labiovelarization	113

9. Lexicostatistics, Phonology, and the Classification of NEC	116
10. Conclusion	120

Chapter 3

Derek Nurse: Chaga/Taita

1. Introduction	127
1.1. The Chaga	127
1.2. The Taita	129
1.3. Goals	131
2. Dialect Subgrouping in Chaga	131
2.1. The Dialects: Four Way Division	131
2.1.1. Lexicostatistics	132
2.1.2. Phonological isoglosses	134
2.2. Summary	137
2.2.1. Gweno	137
2.2.2. Rombo	138
2.2.3. Central Kilimanjaro	138
2.2.4. Kibosho	138
2.2.5. West Kilimanjaro	139
2.3. Types of Dialect Diversity	139
2.3.1. Tone	139
2.3.2. Vowels	139
2.3.3. Nominal morphology	140
2.3.4. Verbal morphology	140
3. Internal Unity	140
3.1. Comparative Phonology	140
3.1.1. Major isoglosses	141
3.1.1.1. Treatment of PB sequences of *Nɔ̃	141
3.1.1.2. Development of /ɾ/ from PB *ɪ before high vowel (HV)	142
3.1.1.3. Treatment of PB intervocalic *t	145
3.1.1.4. Alternation of [i] and [u]	145
3.1.1.5. Devoicing of intervocalic spirants	146
3.1.1.6. Devoicing of intervocalic *j to /c/	147

3.1.2. Minor isoglosses	147
3.1.2.1. Weakening of intervocalic *p	147
3.1.2.2. Weakening of intervocalic *g	148
3.1.2.3. Weakening of intervocalic *l	148
3.1.2.4. Treatment of sequences of /we/	150
3.2. Discussion	150
3.3. Lexicostatistics	152
3.4. Morphology: Nominal	152
3.4.1. Class 10 noun prefix	153
3.4.2. Class 10 concord prefix	154
3.4.3. Class 1/3 demonstratives	154
3.4.4. Infinitive prefix	155
3.5. Morphology: Verbal	155
3.5.1. Subject marker, first person plural	155
3.5.2. Tense, aspect, mood	156
3.5.3. Negative	159
3.6. Conclusion	161
4. The Immediate External Affiliations of Chaga	162
4.1. Lexicostatistics	162
4.2. Phonology	164
4.3. Verbal Morphology	169
4.3.1. The suffix -i	169
4.3.2. Reflexive -ku-	171
4.3.3. 'Come' = 'future' TM	171
4.3.4. 'Have'	171
4.3.5. Relative	172
4.3.6. Dawida /-(a)Be-/ 'present continuous'	173
4.4. Conclusion	174
5. The External Relationships of Chaga/Dawida/Saghala	176
5.1. Lexicostatistical Relationships	176
5.2. Phonology	177
6. Subgrouping and History	178

Chapter 4

Martin Mould: Greater Luyia

1. Introduction	181
2. Greater Luyia - Lexicostatistics and Phonology	184
2.1. Lexicostatistics	184
2.2. Phonology	185
2.2.1. Spirantization and vowel merger	186
2.2.2. The consonants; internal reconstruction	188
2.2.3. Analysis of consonant changes	191
2.2.3.1. *p-lenition	193
2.2.3.2. The Luyia Law	194
2.2.3.3. Spirant-devoicing	197
2.2.3.4. The nasal-cluster rules	198
2.3. Greater Luyia Sound Changes and Subgrouping	199
3. Greater Luyia, North Nyanza, Rutara - Morphology	203
3.1. Comparative Morphology: Tense/Aspect Systems	203
3.2. Independent Affirmative and Negative Tense Markers	204
3.2.1. Present and Habitual tenses	205
3.2.2. 'Still' and 'Just now' tenses	208
3.2.3. Time divisions	208
3.2.4. Perfect and Past tenses	208
3.2.5. Future tenses	210
3.3. Tense/Aspect Markers and Subgrouping	212
4. Lexicostatistics and External Relationships	215
4.1. Preliminary Findings	215
4.2. Nurse and Philippson's Classification	217
4.3. Further Considerations	221
5. Phonology and External Relationships	225
5.1. The Shift of *G > g	225
5.2. Spirantization	225
5.2.1. North Nyanza, and Greater Luyia	226
5.2.2. Rutara	228
5.2.3. Western Highlands	230

5.2.4. Suguti	231
5.3. Subgrouping Implications	231
6. Final Considerations	235
Footnotes	237
References	257

LIST OF MAPS

1. Eastern Bantu Languages	4
2. Chaga Dialects	128
3. Luyia Dialects	182
