TABLE OF CONTENTS

1. *Introduction* 9
1.0 Selection of texts 10
1.1 Stylistic uniformity 11
1.2 Explicit semantic content 12
1.3 Texts 12
2.0 The concept of text 12
3.0 Paraphrase 15
3.1 Included paraphrase 15
3.2 Normalization 16

2. *Decomposition and normalization* 18
1.0 Introduction 18
1.1 Intrasentential structures 18
1.2 Intersentential structures 19
1.21 Pro-word interreference 20
1.22 Zeroings and deletions 20
1.23 Resolution of ambiguities 21
2.0 Texts 22
3.0 Pro-words 23
3.1 *We* and passives 23
3.2 *It* 25
3.3 Ordinal pronouns 25
3.31 Demonstratives 26
3.32 *The* 28
4.0 Patterns of word reoccurrence 30
5.0 Decomposition 31

5.1 Coordinating conjunctions 31
5.11 *And* 31
5.111 Standard *and* 31
5.112 Temporal *and* 33
5.113 Compound subject *and* 35
5.114 *And* from rearrangement 36
5.12 *Or* 37
5.121 Exclusive vs. inclusive 37
5.122 Truth-functional criteria 37
5.123 Structural criteria 39
6.0 Passives 40
7.0 Comparative structures 42
7.1 Structure of noun phrases 43
8.0 Summary 44

3. *Syntactic structures in texts* 46
1.0 Definition of criteria for structure 46
1.1 Occurrence of transformations 48
1.2 Position in text 49
1.3 Non-occurrence of transformations 49
1.4 Interrelationships among transformations . . . 50
1.5 Interrelationships among noun phrases and verb phrases 51
2.0 Major structures 52
2.1 Controlled experiment 53
2.2 Hypothesis verification 53
2.3 Technique-descriptive 54
3.0 Controlled experiment 54
3.1 Establishment of classes 57
3.2 Parenthetical structures 58
3.3 Measurement statement 60
3.4 Comparative structures 63
3.5 Comparatives and classes of variables 71
3.6 Container structures 72
3.7 Summary of controlled experiment structure . . 74
4.0 Hypothesis verification 77

4.1 Single hypothesis texts 78
4.2 Hypothesis statement 80
4.21 Citation-container 80
4.22 Law-like sentences 82
4.23 Alternate hypotheses 84
4.3 Intention sentences. 85
4.4 Conclusion sentences 86
4.5 Evidence structures 88
4.6 Example analysis 89
5.0 Technique-descriptive 92
5.1 Temporal structures 92
5.11 Adverbs of time 92
5.12 Successively modified noun phrases . . . 94
6.0 Aberrant texts. 96

4. *Paraphrastic analysis of texts* 98
1.0 Possible techniques 99
1.1 Extraction and recombination 99
1.2 Structural patterning 101
1.3 Frequencies 105
2.0 Choice among paraphrases 107
2.1 Storage and retrieval 107
2.2 Summary — abstract 108

Appendix I — Full texts used in study 110
Appendix II — Patterns of pro-word interreference in 16 texts 127
Appendix III — Pattern of occurrence of words (except for grammatical constants) which occur two or more times in original text 133
Appendix IV — Decomposition of texts 135
— Removal of binaries
