

Preface

1 Definitions and historical perspectives, 1

Definitions, 1

Deafness, 1

Language, 6

Communication systems, 7

American Sign Language, 7

Manually coded English, 8

Oral English, 11

Language development systems, 12

Natural approaches, 12

Structural approaches, 12

Historical perspectives, 12

Europe: To 1700, 13

Europe: The 1700s and 1800s, 14

The United States: The 1800s, 16

Language approaches, 16

Communication approaches, 17

The United States: The 1900s, 18

Language approaches, 18

Recent times, 19

Language approaches, 19

Communication approaches, 20

Present status of language performance, 21

Reading, 22

Syntax, 22

Written language, 22

Summary and conclusions, 24

2 Cognition and language, 29

Definitions and background information, 32

Performance on cognitive tasks, 34

- Piagetian tasks, 34
- Memory tasks, 37
- Abstract thinking, 39
- Creativity, 39
- Summary, 40
- Symbolic mediation, 42
 - Sign coding, 42
 - Speech coding, 44
 - Multiple coding, 48
- Mediating language systems, 50
- Summary and conclusions, 52

3 Primary language development, 55

- Theoretical perspectives, 56
 - Behaviorism, 58
 - Transformational generative grammar, 60
 - Cognitive theories, 61
 - Sociocultural theories, 62
- Components of language, 64
- Methodologies for studying child language, 65
 - Data collection, 66
 - Data interpretation, 66
 - Hypotheses formulation, 67
- Hearing children, 67
 - Prelinguistic development, 68
 - Precursors of phonology, 69
 - Precursors of semantics-cognition, 71
 - Precursors of pragmatics, 72
 - Linguistic development, 72
 - Phonological development, 73
 - Syntactical development, 75
 - Semantic development, 76
 - Pragmatic development, 78
 - Comprehension-production, 79
 - Linguistic maturity, 80
- Deaf children, 82
 - Language and communication categories, 82
 - OE and language development, 85
 - Cued speech, 86
 - Oral English, 86
 - Phonological and syntactic development, 86
 - Semantic and pragmatic development, 88
 - Oral deaf children in regular classes, 88
 - MCE and language development, 89
 - Pidgin Sign English (PSE), 89

- Signed English (SE), 92
- Signing exact English (SEE II), 92
- Seeing essential English (SEE I), 93
- Fingerspelling, 94
- ASL and language development, 94
 - Primary development of ASL, 95
- ASL and later development of English, 98
- Summary and conclusions, 98

4 Reading, 101

- Requisites for reading, 102
- Theories of reading, 104
 - Bottom-up theories, 104
 - Top-down theories, 105
 - Interactive theories, 107
- Text variables, 108
 - Vocabulary, 108
 - Syntax, 109
 - Discourse, 110
 - Figurative language, 110
- Reader variables, 111
 - Schemata, 111
 - Inferencing, 111
 - Metacognition, 112
- Socioeconomic and cultural variables, 112
- An interactive schema theory of reading, 113
- Deaf children and reading, 114
 - Reading achievement levels, 115
 - Text variables, 117
 - Vocabulary, 117
 - Syntax, 118
 - Figurative language, 127
 - Discourse, 129
 - Reader variables, 131
 - Socioeconomic and cultural variables, 132
 - Educational variables, 133
 - Instructional practices, 133
 - Special materials, 134
- Summary and conclusions, 135
 - The hearing reader, 135
 - The deaf reader, 136

5 Written language, 141

Hearing children, 142

Deaf children, 143

Free response studies, 143

Free traditional grammar studies, 144

Free generative grammar studies, 146

Controlled response studies, 154

Controlled generative grammar studies, 154

Discourse analysis, 159

Summary and conclusions, 161

6 Bilingualism and English as a second language, 165

Definitions, 165

Theoretical models, 167

Research approaches, 170

Cognitive and intellectual functioning, 170

Program models, 172

Program effectiveness, 174

ASL and ESL for deaf children, 175

OE, MCE, and ASL as linguistic input, 176

ASL as language, 178

Research studies of ASL/ESL, 181

Retrospective studies, 181

Primary bilingual development, 184

Teaching English as a second language, 186

Deaf children of Spanish heritage, 188

A case for bilingualism and ASL/ESL, 191

Summary and conclusions, 196

7 Assessment and language instruction, 199 by Barry W. Jones, Ph.D.

Assessment, 199

Reliability, 200

Reliability procedures for formal tests, 201

Reliability procedures for informal techniques, 202

Validity, 202

Statistical validity, 202

Content validity, 203

Construct validity, 203

Assessment methods, 203

Controlled methods, 203

Strengths and limitations, 203

Test instruments, 205

Free methods, 213
Strengths and limitations, 214
Traditional grammar analysis procedures, 215
Current analysis procedures, 216

Instruction procedures, 220

Survey of language methods and materials, 221

Approaches to language instruction, 221

Use of metalinguistic symbol systems, 222

Research needs, 222

Description of language methods and materials, 222

Language methods, 223

Language materials, 224

Summary, 226

8 Conclusions, 229

References, 237

Author Index, 265

Subject Index, 273
