## **Part I: Developmental perspective**

Introduction	I
<i>Nancy J. Cohen</i>	
1. Language and emotion: a developmental perspective	5
<i>Philip S. Dale</i>	
2. Understanding language dysfunction from a developmental perspective: an overview of pragmatic theories	23
<i>Peter Chaban</i>	
3. Atypical ontogeny: atypical development from a developmental perspective	38
<i>Bryna Siegel</i>	
4. Language and psychopathology: an attachment perspective	59
<i>Patricia M. Crittenden</i>	
5. Developmental changes in the mechanisms linking language disabilities and behavior disorders	78
<i>Jim Stevenson</i>	

## **Part II: Language impairment and psychiatric disorder**

Introduction	101
<i>Rosemary Tannock</i>	

6. Unsuspected language impairments in psychiatrically disturbed children: developmental issues and associated conditions 105  
*Nancy J. Cohen*
7. Executive dysfunction as an underlying mechanism of behavior and language problems in attention deficit hyperactivity disorder 128  
*Rosemary Tannock and Russell Schachar*
8. Discourse deficits in childhood schizophrenia 156  
*Rochelle Caplan*
9. Comorbidity of autistic disorder and specific developmental language disorder: existing evidence and some promising future directions 178  
*M. Mary Konstantareas and J.H. Beitchman*
- Part III: Learning disabilities: concepts, comorbidity and heritability**
- Introduction 197  
*J.M. Beitchman*
10. A conceptual model and definition of dyslexia: findings emerging from the Connecticut Longitudinal Study 199  
*Sally E. Shaywitz, Jack M. Fletcher, and Bennett A. Shaywitz*
11. Phonological recoding deficits and dyslexia: a developmental perspective 224  
*Margaretha C. Vandervelden and Linda S. Siegel*
12. Cognitive functioning, learning disability, and school failure in attention deficit hyperactivity disorder: a family study perspective 247  
*Stephen V. Faraone, Joseph Biederman, and Kathleen Kiely*
13. Twin studies of reading disability 272  
*J.C. DeFries and Jacquelyn Gillis Light*

**Part IV: Biological considerations**

- |     |   |     |
|-----|---|-----|
|     | Introduction  | 293 |
|     | <i>J.H. Beitchman</i>   |     |
| 14. | Neuroimaging and functional brain analysis  | 297 |
|     | <i>William J. Logan</i>   |     |
| 15. | Neurochemical correlates of academic achievement deficits and aggressive behavior in children with ADHD | 315 |
|     | <i>Jeffrey M. Halperin, Jeffrey H. Newcorn, and Vanshdeep Sharma</i>                                    |     |
| 16. | Acquired disorders of memory in childhood   | 338 |
|     | <i>Penelope Krener</i>  |     |
| 17. | Interaction between language and cognition: evidence from Williams syndrome                             | 367 |
|     | <i>Michael Rossen, Edward S. Klima, Ursula Bellugi, Amy Bihrlé, and Wendy Jones</i>                     |     |

**Part V: Intervention**

- |     |  |     |
|-----|--|-----|
|     | Introduction   | 393 |
|     | <i>M. Mary Konstantareas</i>   |     |
| 18. | Multimodal treatment of the hyperactive child with and without learning disabilities         | 395 |
|     | <i>Lily Hechtman, Joan Kouri, and Chava Respitiz</i>   |     |
| 19. | Social-interactional approaches to child language intervention                               | 418 |
|     | <i>Tanya M. Gallagher</i>  |     |
| 20. | Language intervention programming for preschool children with social and pragmatic disorders | 436 |
|     | <i>Deborah A. Hayden and Margit Pukonen</i>  |     |
| 21. | Communication training approaches in autistic disorder                                       | 467 |
|     | <i>M. Mary Konstantareas</i>   |     |

**Part VI: Outcome studies**

Introduction	489
<i>M. Mary Konstantareas</i>	
22. Linguistic impairment and psychiatric disorder: pathways to outcome	493
<i>Joseph H. Beitchman, E.B. Brownlie, and Beth Wilson</i>	
23. Academic performance in children with speech and language impairment: a review of follow-up research	515
<i>Debbie Carol Schachter</i>	
24. Reading in childhood and mental health in early adulthood	530
<i>Sheila Williams and Rob McGee</i>	
25. Communicative competence and psychosocial development in deaf children and adolescents	555
<i>Carol Musselman, Sherri MacKay, Sandra C. Trehub, and Rita S. Eagle</i>	
<i>Index</i>	571
