<i>Acknowledgements</i>	7
<b>Introduction</b>	9
<b>Chapter 1 The Nature of Educational Technology</b>	11
Introduction	11
Technology <i>in</i> Education	12
The Technology <i>of</i> Education	13
The Systems Approach	14
Definitions of Educational Technology	19
Development of the Main Concerns of Educational Technology: the Elton Model	20
Other Areas in which Educational Technology has Developed	26
<b>Chapter 2 Basic Educational Strategies</b>	29
Introduction	29
The Teacher/Institution-Centred Approach	29
The Student-Centred Approach	35
<b>Chapter 3 Educational Objectives</b>	44
Introduction	44
An Objectives-Based Approach to Course Design	44
Aims and Objectives	46
Writing Objectives	47
Skills Analysis	49
Types of Objectives	51
Some Advantages of Using Objectives	55
Some Weaknesses of the Objectives-Based Approach	56
Choosing Valid Objectives	57
<b>Chapter 4 Mass Instruction Techniques</b>	59
Introduction	59
The Main Mass Instruction Methods	59
Audiovisual Media used in Mass Instruction	66

<b>Chapter 5 Individualized Instructional Techniques</b>	75
Introduction	75
Three Different Approaches to Individualized Instruction	75
Media Used in Individualized Learning	81
<b>Chapter 6 Group Learning Techniques</b>	86
Introduction	86
General Features of Group Learning Methods	86
Review of a Range of Group Learning Techniques	92
<b>Chapter 7 Student Assessment</b>	100
Introduction	100
Desirable Characteristics of Student Assessment Procedures	101
Criterion-Referenced and Norm-Referenced Assessment	102
Test Construction	103
A Review of Student Assessment Methods	104
Summary	112
<b>Chapter 8 Evaluation</b>	113
Introduction	113
Instructional Development by Error Elimination – A 'Popperian' Approach	114
Two Contrasting Paradigms of Evaluation	117
A Review of Evaluation Techniques	118
Evaluation of Cost-Effectiveness	122
Summary	123
<b>Chapter 9 Resources Centres</b>	124
Introduction	124
Resources, Resources Centres and Resource-Based Learning	124
The Role of Resources Centres in Different Educational Systems	126
The Planning, Organization and Operation of a Resources Centre	127
<b>Chapter 10 Computers in Education</b>	134
Introduction	134
Basic Concepts and Terminology	134
The Different Roles of the Computer in Education	136
Factors Affecting the Educational Use of Computers	143
Conclusion	148
<b>Chapter 11 A Glimpse into the Future</b>	149
Introduction	149
Current Trends in Educational Technology	149
Education in the Year 2000	153
Final Word	158
<i>Glossary of Terms used in Educational Technology</i>	159
<i>Bibliography</i>	215
<i>List of Organizations involved in the Educational Technology Field</i>	235
<i>Keyword Index</i>	239
