Foreword: Neurogenic Inflammation Coming of Age	vii
<i>István Berczi</i>	
Preface	xv
<i>Gábor Jancsó</i>	
List of Contributors	xvii
I. Introduction	
Sensory Nerves as Modulators of Cutaneous Inflammatory Reactions in Health and Disease	3
<i>Gábor Jancsó, Márta Katona, Viktor Horváth, Péter Sántha, and József Nagy</i>	
II. Nerves, Mediators, and Receptors Involved in Neurogenic Inflammation	
The Nature and Electrophysiological Properties of the Afferent Neurons Involved in Neurogenic Inflammation in the Skin	39
<i>Bruce Lynn</i>	
Peptidergic Innervation of Blood Vessels	49
<i>Thomas M. Scott and Michael M. Scott</i>	
Molecular Mechanisms of TRPV1-Mediated Pain	75
<i>Istvan Nagy, Cleoper C. Paule, and John P.M. White</i>	
The Role of the Vanilloid and Related Receptors in Nociceptor Function and Neuroimmune Regulation.	101
<i>Daniel N. Cortright and Arpad Szallasi</i>	
III. Modulation and Physiological Significance of Neurogenic Inflammation	
Somatostatin as an Anti-Inflammatory Neuropeptide: From Physiological Basis to Drug Development	121
<i>Erika Pintér, Zsuzsanna Helyes, József Németh, and János Szolcsányi</i>	

Effects of Bradykinin on Nociceptors	135
<i>Gábor Pethő and Peter W. Reeh</i>	

The Inhibition of Neurogenic Inflammation	169
<i>Josef Donnerer and Ulrike Holzer-Petsche</i>	

IV. The Pathological Significance of Neurogenic Inflammation

Neurogenic Vascular Responses in the Dura Mater and their Relevance for the Pathophysiology of Headaches	193
<i>Mária Dux and Karl Messlinger</i>	

Neurogenic Mechanisms in Arthritis	211
<i>Lucy F. Donaldson</i>	

Neurogenic Regulation of Bradykinin-Induced Synovitis	243
<i>Paul G. Green</i>	

Capsaicin-Sensitive Sensory Nerves in Myocardial Ischemia–Reperfusion Injury and Ischemic Stress Adaptation: Role of Nitric Oxide and Calcitonin Gene-Related Peptide	267
<i>Péter Ferdinandy and Gábor Jancsó</i>	

Tachykinins and Neurogenic Inflammation at Visceral Level	289
<i>Riccardo Patacchini and Carlo A. Maggi</i>	

The Role of the Vagus Nerve in Afferent Signaling and Homeostasis During Visceral Inflammation.	321
<i>Peter Holzer</i>	

Subject Index	339
