Preface xi

Introduction 1

PART I: BIOLOGICAL CONSIDERATIONS

1. **An Introduction to Animal Communication**
Slobodan B. Petrovich and Eckhard H. Hess 17
Introduction 17
Taxonomic Considerations 19
Comparative Approach to Some Mechanisms of Animal
Communication 26
Comments From an Ethological Perspective on Some of the
Issues in Animal Communication 41
References 44
2. **Parliamentary Procedure and the Brain**
Joseph Jaffe 55
References 66

PART II: COVERBAL BEHAVIOR: Gestural, Facial, and Visual

3. **The Role of Body Movement in Communication**
Allen T. Dittmann 69
The Nature of Language 70
Two Body Languages 73
Body Language: Is It a Code? 81

The Payoff: How Much Do We Use Movements to

"Read" People? 93

References 94

4. Facial Expression

Paul Ekman 97

Which Emotions Does the Face Show? 97

Are Judgments of Emotion Accurate? 98

Are There Universal Facial Expressions of Emotion? 99

How Does Each Emotion Appear on the Face? 106

How are Facial Expressions Controlled? 111

Individual Differences in Facial Expression 111

Conclusion 114

References 114

5. Applications of Semiosis to the Study of Visual Interaction

Ralph V. Exline and B. J. Fehr 117

Measurement Issues: Validity and Reliability 122

Experimental Studies of Visual Semiosis 127

Syntactics of Eye Engagement 127

Semantics of Eye Engagements 131

The Pragmatics of Visual Behavior 140

Communicative Properties of Visual Behavior 148

Implications for Future Research Involving Eye
Engagements 150

References 152

6. Pupillary Behavior in Communication

Eckhard H. Hess and Slobodan B. Petrovich 159

Introduction 159

Eye Pupil Changes and Interpersonal Nonverbal
Communication 160

Pupillometrics: Methodological Concerns 169

Concluding Remarks 175

References 176

PART III: VOCAL BEHAVIOR

7. The Telltale Voice: Nonverbal Messages of Verbal Communication

Aron Wolfe Siegman 183

Introduction 183

Extralinguistic Correlates of Demographic and Personality Variables	185
Vocal Correlates of Transient Emotional States	200
The Social and Interpersonal Context	216
Cognition and Hesitation	226
Some Conclusions and Suggestions For Further Research	233
References	237

**8. The Phonemic Clause: Speech Unit in
Human Communication**

<i>Donald S. Boomer</i>	245
Introduction	245
The Phonemic Clause	246
Research on the Phonemic Clause	249
Summary and Implications	259
References	261

PART IV: SPACE AND TIME

9. The Role of Space in Social Interaction

<i>Miles L. Patterson</i>	265
Antecedents of Spatial Behavior	268
Manipulation of Space	279
Future Prospects	285
References	286

**10. Conversational Control Functions of
Nonverbal Behavior**

<i>Howard M. Rosenfeld</i>	291
Introduction	291
A Perspective on Conversational Control Processes	292
Segmentation and Classification of Conversational Behavior	294
Informational Units Within Speaker Roles	298
Nonverbal Listener Responses	303
Nonverbal Control Processes	304
The Data Base	305
Control Functions of Nonverbal Behaviors	307
Longer-Term Effects of Listener Responses	316

The Origins of Conversation Control Signals	318
Summary and Conclusions	322
References	323

11. A Chronography of Conversation: In Defense of an Objective Approach

<i>Stanley Feldstein and Joan Welkowitz</i>	329
---	------------

Initial Approaches	330
An Empirical Classification	333
Turn-Taking Behavior: Disagreements and Directions	344
Conversational Congruence: Correlates and Concerns	358
Concluding Comments	372
References	373

Author Index	379
---------------------	------------

Subject Index	391
