**Preface**      xi

## **1**

---

---

**The Status of Educational Measurement**      1

|   |    |
|---|----|
| The Prevalence of Testing                   | 1  |
| Some Chronic Complaints about Testing       | 3  |
| Some Current Issues and Developments        | 7  |
| The Principal Task of the School            | 17 |
| The Potential Value of Testing in Education | 19 |
| Summary Propositions                        | 21 |
| Questions for Study and Discussion          | 21 |

## **2**

---

---

**Measurement and the Instructional Process**      23

|                                      |    |
|--------------------------------------|----|
| Evaluation, Measurement, and Testing | 23 |
| Evaluation in the Teaching Process   | 26 |
| Functions of Achievement Tests       | 30 |
| Limitations of Achievement Tests     | 31 |
| Interpreting Measurements            | 33 |
| Summary Propositions                 | 38 |
| Questions for Study and Discussion   | 39 |

---

---

### 3

#### **Measuring Important Achievements 41**

|                                     |    |
|-------------------------------------|----|
| The Cognitive Outcomes of Education | 41 |
| Using Instructional Objectives      | 47 |
| Summary Propositions                | 53 |
| Questions for Study and Discussion  | 54 |

---

---

### 4

#### **Describing and Summarizing Measurement Results 55**

|                                    |    |
|------------------------------------|----|
| Frequency Distributions            | 55 |
| Describing Score Distributions     | 59 |
| Score Scales Describe Performance  | 64 |
| Correlation Coefficients           | 70 |
| Summary Propositions               | 74 |
| Questions for Study and Discussion | 75 |

---

---

### 5

#### **The Reliability of Test Scores 76**

|   |    |
|---|----|
| The Meaning of Reliability              | 76 |
| Methods of Estimating Score Reliability | 81 |
| Using Reliability Information           | 85 |
| Factors Influencing Score Reliability   | 88 |
| Criterion-Referenced Score Reliability  | 94 |
| Summary Propositions                    | 98 |
| Questions for Study and Discussion      | 99 |

---

---

### 6

#### **Validity: Interpretation and Use 100**

|                                    |     |
|------------------------------------|-----|
| The Meaning of Validity            | 100 |
| Evidence Used to Support Validity  | 102 |
| Applying Validity Principles       | 110 |
| Summary Propositions               | 112 |
| Questions for Study and Discussion | 113 |

---

---

### 7

#### **Achievement Test Planning 114**

|                                      |     |
|--------------------------------------|-----|
| Establishing the Purpose for Testing | 114 |
| Alternative Types of Test Tasks      | 115 |

|                                      |     |
|--------------------------------------|-----|
| Test Specifications                  | 117 |
| Item Format Selection                | 122 |
| Number of Items                      | 128 |
| Level and Distribution of Difficulty | 130 |
| Summary Propositions                 | 131 |
| Questions for Study and Discussion   | 132 |

## 8

---

---

### **True-False Test Items** 133

|  |     |
|--|-----|
| Merits of the True-False Format              | 133 |
| Common Misconceptions about True-False Items | 137 |
| Writing Effective True-False Items           | 142 |
| Multiple True-False Items                    | 151 |
| Summary Propositions                         | 152 |
| Questions for Study and Discussion           | 153 |

## 9

---

---

### **Multiple-Choice Test Items** 154

|  |     |
|--|-----|
| The Popularity of the Multiple-choice Format         | 154 |
| The Content Basis for Creating Multiple-choice Items | 157 |
| The Multiple-choice Item Stem                        | 159 |
| Preparing the Response Choices                       | 167 |
| Summary Propositions                                 | 177 |
| Questions for Study and Discussion                   | 178 |

## 10

---

---

### **Other Objective-Item Formats** 179

|                                    |     |
|------------------------------------|-----|
| Short-answer Items                 | 179 |
| Matching Items                     | 182 |
| Numerical Problems                 | 185 |
| Summary Propositions               | 187 |
| Questions for Study and Discussion | 187 |

## 11

---

---

### **Essay-Test Items** 188

|                                  |     |
|----------------------------------|-----|
| The Prevalence of Essay Testing  | 188 |
| The Value of Essay Testing       | 189 |
| Reliability of Essay-test Scores | 191 |
| Preparing Essay Items            | 193 |

|                                    |     |
|------------------------------------|-----|
| Scoring Essay Items                | 194 |
| Summary Propositions               | 197 |
| Questions for Study and Discussion | 198 |

## 12

---

---

### **Test Administration and Scoring** 199

|                                       |     |
|---------------------------------------|-----|
| Preparing the Students                | 199 |
| Test-preparation Considerations       | 203 |
| Test-administration Considerations    | 205 |
| Scoring Procedures and Issues         | 209 |
| Computer-assisted Test Administration | 216 |
| Summary Propositions                  | 218 |
| Questions for Study and Discussion    | 218 |

## 13

---

---

### **Evaluating Test and Item Characteristics** 220

|   |     |
|---|-----|
| Test Characteristics to Evaluate        | 221 |
| Item-analysis Procedures                | 225 |
| Selection of the Upper and Lower Groups | 227 |
| Index of Difficulty                     | 228 |
| Index of Discrimination                 | 231 |
| Item Selection                          | 232 |
| Item Revision                           | 233 |
| Other Criterion-referenced Procedures   | 237 |
| Posttest Discussions                    | 238 |
| Summary Propositions                    | 239 |
| Questions for Study and Discussion      | 240 |

## 14

---

---

### **Nontest and Informal Evaluation Methods** 241

|                                    |     |
|------------------------------------|-----|
| Observational Techniques           | 243 |
| Informal Inventories               | 253 |
| Oral-questioning Techniques        | 257 |
| Summary Propositions               | 262 |
| Questions for Study and Discussion | 262 |

## 15

---

---

### **Grading and Reporting Achievements** 264

|                          |     |
|--------------------------|-----|
| The Need for Grades      | 264 |
| Some Problems of Grading | 265 |

|                                    |     |
|------------------------------------|-----|
| The Meaning Conveyed by Grades     | 268 |
| Establishing a Grading System      | 271 |
| Threats to the Validity of Grades  | 273 |
| Grading Course Assignments         | 275 |
| Combining Grade Components         | 276 |
| Methods of Assigning Grades        | 279 |
| Grading Software                   | 283 |
| Summary Propositions               | 284 |
| Questions for Study and Discussion | 284 |

---

---

## 16

### **The Nature of Standardized Tests**      **286**

|                                       |     |
|---------------------------------------|-----|
| Characteristics of Standardized Tests | 286 |
| Types of Standardized Test Scores     | 289 |
| Norms                                 | 296 |
| Selection of Standardized Tests       | 299 |
| Summary Propositions                  | 301 |
| Questions for Study and Discussion    | 302 |

---

---

## 17

### **Using Standardized Achievement Tests**      **303**

|  |     |
|--|-----|
| The Status of Standardized Achievement Testing | 303 |
| Uses of Achievement-test Results               | 305 |
| Interpreting Scores of Individuals             | 309 |
| Interpreting Scores of Classes                 | 314 |
| Reporting to Students and Parents              | 317 |
| Some Interpretation Problems                   | 320 |
| School Testing Program Issues                  | 321 |
| Summary Propositions                           | 328 |
| Questions for Study and Discussion             | 328 |

---

---

## 18

### **Standardized Intelligence and Aptitude Measures**      **330**

|                                    |     |
|------------------------------------|-----|
| The Concept of Intelligence        | 330 |
| The Nature of Intelligence Tests   | 332 |
| Scores Reported from Ability Tests | 335 |
| Aptitude Testing                   | 339 |
| Summary Propositions               | 340 |
| Questions for Study and Discussion | 341 |

## **Appendixes**

- A. Sample Evaluation Planning Guide      342**
- B. Propositions Obtained from Instructional Materials      344**
- C. Sample Instructional Objectives      346**
- D. Test Selection Committee In-service Topics      348**
- E. Teacher In-service Topics Regarding Preparation for Test Administration      350**
- F. Teacher In-service Topics on Achievement-test Score Interpretation      352**
