Cultural psychology	43
Discursive and cultural psychology	45
<b>3 Discourse and Reality</b>	<b>51</b>
SSK: science as social construction	53
Mundane reality: common sense as discursive practice	62
<i>Garfinkel: norms, breaches, and accounts</i>	65
<i>Wieder: rules as participants' categories</i>	66
<i>Pollner: reality disjunctures and their resolutions</i>	68
Ethnographic description	74
Social constructionism and reality in psychology	77
<b>4 Talk as Action</b>	<b>84</b>
The empirical study of talk	87
Conversation, communication, and intention	90
Descriptions, actions, and subversion	96
Sequential organization, intersubjectivity, and repair	100
Preference organization and accounts	104
Conclusions: speakers' meanings and talk's design	107
<b>5 Shared Knowledge</b>	<b>114</b>
Shared knowledge as 'common ground'	115

	Common ground: 'information structure' as a way of talking	117
	Formulating what has been said	123
	Formulations that perform institutional work	127
	Consensus and agreement	130
	Conclusions: shared knowledge as a participants' concern	136
<b>6</b>	<b>Scripts and Dispositions</b>	<b>142</b>
	Script formulations	146
	Episodes, instances, and dispositions	149
	Script rhetoric and reciprocity	153
	Conclusions: scripts, cognition, and discourse	163
<b>7</b>	<b>Emotion</b>	<b>170</b>
	Emotions, semantic universals, and cognitive scenarios	173
	Emotional etymology	179
	Cultural models, narrative, and rhetoric	183
	Emotion metaphors as discursive resources	188
	Conclusions: emotion concepts and their rhetorical uses	192
<b>8</b>	<b>Categories I: Language and Perception</b>	<b>202</b>
	Linguistic relativity: gas drums and snow	204
	The Sapir-Whorf hypothesis (SWH)	206
	The psychologists' critique of Whorf	209
	The colour studies	213
	Colour: too good to be true?	215
	Words and images: a cautionary tale	221
	Conclusions: categories in thought and talk	224
<b>9</b>	<b>Categories II: Bodily Experience and Folk Psychology</b>	<b>230</b>
	Natural categories	231
	Experiential realism: the Lakoff-Gibbs hypothesis	238
	Categories as performative descriptions	241
	Experience and reality	246
	Categories and folk psychology	250
	Proverbs, idioms, and stating the obvious	254
	Conclusions: concepts and their uses	256
<b>10</b>	<b>Narrative: Stories and Rememberings</b>	<b>263</b>
	The cognitive psychology of life's events	266
	Narratology and narrative psychology	268
	Narrative analysis: structures and schemas	271
	Competing stories	276
	Narrative truth and authenticity	279
	Stories, mental states, and memory	282

<i>If and then: narrative versus paradigmatic thinking</i>	285
Second stories: cognitive and discursive approaches	288

<b>11 Membership: Children, Animals, and Machines</b>	<b>295</b>
The 'socialization problem'	296
Looking in the mirror	299
Imitation and artifice	300
Members only: anthropomorphism and rapport	306
Description and translation: Whorf's dilemma revisited	310
Small steps, giant leaps	314
Conclusions	317
 Appendix: Transcription Symbols	 323
