The Research Process—In General	15
Types of Research	18
Key Components of Research Studies	21
Sampling and Site Selection	26
Summary	29

## **PART II: QUANTITATIVE RESEARCH**

<b>3. Types of Quantitative Research</b>	<b>33</b>
Descriptive Research: Survey and Developmental	33
Correlational Research	38
Causal-Comparative Research	42
Experimental Research	46
Single-Subject Research	62
Critiquing Quantitative Research	65
Summary	71
<b>4. Measurement and Data Analysis in Quantitative Research</b>	<b>73</b>
Basic Measurement Terms, Concepts, and Issues	73
Types of Measure	82

Considerations in the Selection of Instruments	88
Data-Analysis Techniques	90
Summary	104

### **PART III: QUALITATIVE RESEARCH**

<b>5. Types of Qualitative Research</b>	<b>107</b>
Ethnographic Research	107
Analytical Research	123
Summary	128
