Acknowledgments, ix

Part One

APPROACHES TO AGRICULTURAL RESEARCH, PAST AND PRESENT

1

What May We Expect from Agricultural Research? 3

2

The Connection between Alternative Agricultural Systems
and Alternative Research Approaches, 8

3

A Historical Overview, 17

4

What Is Agricultural Research? 31

Part Two

THE PROCESS OF AGRICULTURAL RESEARCH

5

Multidisciplinary Research, 49

6

The Potential Contribution of Agroecology, 70

7

Information and Management, 87

8

On-Farm Research, 99

9

Farmers' Influence on Research Priorities, 116

Part Three

BRINGING OUT THE BEST IN AGRICULTURAL RESEARCH

10

Putting Each Kind of Research in Its Place, 131

11

The Professional Reward System, 146

12

Targeted Grant Programs, 170

13

Educating Future Agricultural Researchers, 184
