<i>Preface</i>	<i>ix</i>
<i>Acknowledgments</i>	<i>xi</i>

ONE. Introduction 1

TWO. Laws in Archaeology

Introduction and Examples	8
Some Features of Laws: Generality and Truth	9
Determinism and Statistical Laws	14
Methodological Determinism	16
Differences between Laws of Physics and Laws of the Biological and Behavioral Sciences	18
Are There Any Laws of Archaeology?	19
The Importance of Laws for Archaeology	20
Are There Any Nontrivial Laws of Archaeology?	23
An Attempt to Employ Laws in an Archaeological Explanation	26
Conclusion	29

THREE. Confirmation in Archaeology

Introduction	31
The Logic of Confirmation	32
The Hypothetico-Deductive Method	34
Relative Confirmation and Absolute Confirmation	36
Inadequacy of the H-D Method as a Model of Confirmation in Archaeology	39
Prior Probabilities	42
An Alternative Pattern for Confirmation	49
Bayes' Method	51
Alternative Hypotheses	55
Conclusion	56

FOUR. Analogy and Functional Ascription

Introduction	57	
Form and Function	58	
Context	59	
Analysis and Evaluation of Arguments from Analogy	61	
An Attempt to Provide a General Method for Ascribing Functions		65
Criticism of the Attempt	67	
Ethnoarchaeology and Analogy	74	
Conclusion	82	

FIVE. Functional Explanation

Introduction and Examples of Functional Explanations	84	
Functional Explanations versus Functionalist Theories of Anthropology	85	
The Consistency of Functional Explanations with Scientists' Understanding of Causality	87	
Some Connections between Functional Explanations and Systems	90	
Models of the Phenomena and Models, or Patterns, of Explanation	93	
Difficulties in Fitting Functional Explanations with Some Standard Models of Scientific Explanation	97	
Some Inadequacies in the Standard Philosophical Models, or Patterns, of Scientific Explanation	105	
An Attempt to Preserve Causal Features in Functional Explanations		106
An Attempt to Preserve Structure and Causality	108	
Conclusion	111	

SIX. Structure of Archaeological Explanation

Introduction	113	
Explaining the Character of a Faunal Assemblage	115	
Structure of the Explanation	117	
Deductive-Statistical Explanation—Explaining Regularities		120
Explaining the Occurrence of a Pattern	122	
Problems with the High Probability Requirement	124	
Causal Relevance and Statistical Relevance	131	
Probabilistic Causes	134	
Common Causes	136	
Conclusion	138	

SEVEN. Theory Building in Archaeology

Introduction	140	
The Definitional Approach	141	
Operational Definition	143	

Systematics	150
Formal Theories	157
Mathematical Modeling	160
Constructing Theories by Borrowing	165
General Assumptions, Common-Sense Hypotheses, Induction, and Theories	166
Conclusion	177

Concluding Remarks	179
