7.3.	The Total Population, Adults, and Children and Adolescents	95
7.4.	The WHO and Measurement of Nutrition.....	96
7.5.	The WHO and Measurement of Physical Activity.....	97
7.6.	The WHO and Major Non-communicable Disease Risk-Factors.....	97
7.7.	Health Behavior of School Children	98
7.8.	The WHO European Childhood Obesity Surveillance Initiative	99
7.9.	The WHO European Ministerial Conference 2006.....	99
7.10.	Summary	100
8	European Networks (by P. Di Mattia)	101
9	Conclusions and Recommendations	107
10	Appendix	111
10.1.	Database for Collecting Health Information Activities.....	111
10.2.	Database Entries: Methods and Indicators	121
10.3.	Project Identity Cards: European Projects.....	153
10.4.	Project Identity Cards: National Projects	218
	References	571
	Index	575

List of Figures and Tables

Fig. 3.1	Map of Europe	10
Table 3.1	Partners' responsibility regarding geographical coverage.....	11
Table 5.1	Absolute frequency of entered projects, separated by countries	75
Table 5.2	Absolute frequency of used methods in entered Projects.....	76
Table 5.3	Absolute frequency of used methods in entered projects by number of countries.....	78
Table 5.4	Absolute frequency of used indicator categories in entered projects	79
Table 5.5	Absolute frequency of used indicator categories in entered projects by number of countries.....	80
Table 5.6	Absolute frequency of used keywords for project description (only keywords that are mentioned at least four times).....	80
Table 7	Absolute frequency of used methods in entered Projects, separated by countries	121
Table 8	Absolute frequency of used indicators in entered Projects, separated by indicator categories	135
Table 9	Absolute frequency of used indicator categories in entered Projects, separated by countries.....	138
Table 10	Absolute frequency of used indicators in entered Projects by number of countries, separated by indicator categories	149
