Bibliography	144
Index	149

Tables and Figures

Tables

3-1.	<i>t</i> -Distribution	78
3-2.	Chi-Square Table for Grades in English and Math	81
3-3.	Chi-Square Calculations, Expected Scores in English and Math	81
3-4.	Chi-Square Calculations, Actual and Expected Grades in English and Math	82
3-5.	Values of Chi-Square	83
3-6.	The Distribution of the Population and Their Educational, Occupational, and Income Characteristics	92
3-7.	Class Stratification of Labov's (1966) Variables	98
3-8.	Double Negatives by Informant's Social Rank	104
3-9.	Results for Relative Embedding	109
3-10.	Chi-Square Test for Double Modals	122
3-11.	Chi-Square Scores for Sex Differences	123
3-12.	Negative Concord within the Same Clause	124
3-13.	Older Rural Informants: <i>t</i> -Test for Multiple Negation	125
3-14.	Older Urban Informants: <i>t</i> -Test for Multiple Negation	126
3-15.	A-Prefixing According to Grammatical Categories	130
3-16.	Comparison of Consonant Cluster Varieties	131
3-17.	Different Types of Negation in Various Dialects of English	132

Figures

1-1.	The Dialects of Old English	8
2-1.	Area of the Atlas Survey	27
2-2.	Three Isoglosses of the North Midland	28
2-3.	Three Isoglosses of the South	30
2-4.	Distribution of <i>Dived</i> (Preterite)	32
2-5.	Distribution of <i>Drank</i> (Preterite)	33
2-6.	Southern Forms: <i>Might Could, I Holp Myself, He Mought Have</i>	34
2-7.	The Speech Areas of the Atlantic States	35
2-8.	Distribution of <i>Greasse</i> and <i>Greaze</i>	37
2-9.	Isoglosses of the Upper Midwest: <i>Snakefeeder, Greal/zly, Sook, So-, Sugar Tree</i>	38
2-10.	Isoglosses of the Upper Midwest: <i>Whipple (Whiffle) Tree, Pail, Stone Boat, Dutch Cheese</i>	38
2-11.	LAUM: <i>Blow</i> and <i>Boil</i>	40
2-12.	LAUM: Transcriptions of Stressed Vowels in Pembina, North Dakota	41
2-13.	LAUM: Analysis of <i>Are Not</i>	42

2-14. <i>Wheel</i> in Northern England (Initial Consonant)	51
2-15. <i>Wheel</i> in Northern England (Vowels)	51
2-16. <i>Left-handed</i> in England: <i>Car-</i> , <i>Clicky-</i> , <i>Coochy-</i> , <i>Cuddy-</i> , <i>Kay-</i>	52
2-17. <i>Left-handed</i> in England: <i>Cack-</i> , <i>Caggy-</i> , <i>Keck-</i> , <i>Kecky-</i> , <i>Keggy-</i>	53
2-18. <i>LAE: Faint</i>	55
2-19. <i>LAS: Left-handed</i> (Map)	59
2-20. <i>LAS: Left-handed</i> (List Manuscript)	60
3-1. Overall Stratification of (r) by Store	88
3-2. Percentage Constriction of Postvocalic /r/ at Three Stores	88
3-3. Correlation of Linguistic Variation, Contextual Style, and Social Class for (r), (th), and (dh)	95
3-4. Redefined Class Stratification of (r): Six Class Groups	99
3-5. Multiple Negation: Social Classification, All Informants	106
3-6. Multiple Negation: Social Classification, Adult Informants	108
3-7. Percentage of /f/, /t/, and \emptyset Realization, / θ / Variable	111
3-8. Final Cluster Member Absent When Followed by Consonantal and Nonconsonantal Environments	112
3-9. Percentage of {-Z} Absence in Third-Person Singular Present Tense Concord	113
3-10. Distribution of Appalachian English Speakers with Respect to the Extent of Multiple Negation	129
4-1. Nonstructural Dialectologist's Map: <i>Chair</i> and <i>Easy Chair</i>	135
4-2. Structural Dialectologist's Map: <i>Benkl</i> , <i>Shtul</i> , and <i>Fotél</i>	136
4-3. Transcribed Variants of the Phoneme /i/	139
4-4. Diafeature Analysis of the Diaphoneme /i/	140
4-5. Diafeature Analysis of Transcribed Variants of the Phoneme /i/	140
