	Managing in developing markets	67
	Conclusion	72
Chapter 3	Developing marketing strategies and plans	76
	Marketing and customer value	78
	Business environment paradigm change	78
	The value delivery process	78
	The value chain	80
	Core competencies	82
	A holistic marketing orientation and customer value	84
	The central role of strategic planning	86

	Corporate and divisional strategic planning	88
	Defining the corporate mission	88
	Defining the business	90
	Assigning resources to each SBU	91
	Assessing growth opportunities	92
	Relationship between missions and visions	96
	Organisation and organisational culture	97
	Marketing innovation	97
	Business unit strategic planning	101
	The business mission	101
	SWOT analysis	101
	Critique of conventional SWOT analysis	104
	Goal formulation	105
	Strategic formulation	105
	Programme formulation and implementation	107
	Feedback and control	108
	The nature and content of a marketing plan	109
	Contents of the marketing plan	109
	Sample marketing plan: Euromart	110
	Introduction	110
Chapter 4	Managing digital technology in marketing	116
	Digital technology in marketing	118
	The range of ICTs in marketing`	118
	The Internet	120
	Gaining competitive advantage from using the Internet	121
	The influence of the Internet on industry structure and competition	122
	Digital marketing communication	124
	Consumer digital interactivity and eWOM	125
	Social networking	125
	Email marketing	129
	Permission marketing	129
	Viral marketing	130
	Other digital communication channels	131
	Consumer digital shopping behaviour	135
	Perspectives on consumer digital shopping behaviour	136
	Cultural influence on digital shopping behaviour	139
	Company-customer interactivity	140
	ICI and internal decision making	142
	Future developments in digital technologies	144
	Biometrics	144
	The cashless future	145
PART 2	CAPTURING MARKETING INSIGHTS	151
	Video documentary for Part 2	
Chapter 5	The changing marketing environment and information management	152
	The company environment	154
	The marketing environment	154
	Analysing the macroenvironment	154

	The socio-cultural and demographic environment	157
	The economic environment	163
	The social-cultural environment	164
	The ecological and physical environment	165
	The technological environment	169
	The political–legal environment	171
	Managing the marketing information system	172
	Components of a modern marketing information system	172
	Internal records	174
	The marketing intelligence system	174
	Databases, data warehousing and data mining	177
Chapter 6	Managing market research and forecasting	188
	The marketing research system	190
	The marketing research process	191
	Step 1: define the problem, the decision alternatives and the research objectives	191
	Step 2: develop the research plan	192
	Step 3: collect the information	205
	Step 4: analyse the information	206
	Step 5: present the findings	207
	Step 6: make the decision	208
	Overcoming barriers to the use of marketing research	209
	Measuring marketing productivity	211
	Marketing-mix modelling	211
	Forecasting and demand measurement	212
	The measures of market demand	212
	A vocabulary for demand measurement	213
	Estimating current demand	215
	Estimating future demand	218
Chapter 7	Analysing consumer markets	222
	The study of consumer behaviour	224
	Culture	224
	Social groups	227
	The individual consumer	230
	The interaction between dimensions	236
	Key psychological processes	237
	Motivation: Freud, Maslow, Herzberg	237
	Perception	239
	Learning	240
	Memory	241
	Perspectives on consumer behaviour	243
	The buying decision process: the five-stage model	246
	Problem recognition	247
	Information search	247
	Evaluation of alternatives	249
	Purchase decision	251
	Post-purchase behaviour	253

	Other theories of consumer decision making	255
	Level of consumer involvement	255
	Decision heuristics and biases	257
	Mental accounting	259
	Profiling the customer buying decision process	260
Chapter 8	Analysing business markets	266
	What is organisational buying?	268
	The business market versus the consumer market	268
	Buying situations	271
	Systems buying and selling	274
	Participants in the business buying process	274
	The buying centre	274
	Buying centre influences	275
	Buying centre targeting	277
	The purchasing/procurement process	278
	Purchasing department perceptions	278
	Purchasing organisation and administration	279
	Stages in the buying process	279
	Problem recognition	280
	General need description and product specification	280
	Supplier search	280
	Proposal solicitation	282
	Supplier selection	283
	Order-routine specification	286
	Performance review	287
	Managing business-to-business relationships	287
	The need for managing business-to-business relationships	287
	The role of uncertainty in business relationships	287
	Transaction cost economics	289
	Network theory	290
	Vertical coordination	291
	Institutional and government markets	295
Chapter 9	Dealing with competition	302
	Competitive forces	304
	Identifying competitors	305
	Analysing competitors	308
	Strategies	308
	Objectives	309
	Strengths and weaknesses	310
	Selecting competitors	311
	Selecting customers	312
	Competitive strategies for market leaders	312
	Other competitive strategies	321
	Market-challenger strategies	322
	Market-follower strategies	324
	Market-nicher strategies	325
	Balancing customer and competitor orientations	327
	Competitor-centred companies	327
	Customer-centred companies	328

PART 3	CONNECTING WITH CUSTOMERS	331
	Video documentary for Part 3	
Chapter 10	Identifying, analysing and creating target market differentiating and positioning strategies	332
	Levels of market segmentation	334
	Segment marketing	334
	Niche marketing	334
	Local marketing	335
	Individual marketing	338
	Bases for segmenting consumer markets	341
	Geographic segmentation	341
	Demographic segmentation	342
	Psychographic segmentation	349
	Behavioural segmentation	351
	Bases for segmenting business markets	355
	Market targeting	356
	Effective segmentation criteria	357
	Evaluating and selecting the market segments	357
	Additional considerations	359
	Creating differentiation and positioning strategies	360
	Positioning	361
	Establishing category membership	365
	Choosing POPs and PODs	366
	Creating POPs and PODs	367
	Perceptual or positioning mapping	369
	What can positioning analysis do for a company's business?	369
	Positioning maps	369
	Developing a positioning strategy	370
	Repositioning	370
	Developing and communicating a differentiation strategy	371
	Cost leadership	371
	Distinctive superior quality	372
	Cost leadership and differentiation	372
	Differentiation strategies	372
	The purpose of positioning	374
Chapter 11	Creating customer value, satisfaction and loyalty	378
	Building customer value	380
	Customer-perceived value	383
	Building customer satisfaction	387
	Customers want loyalty, not perfection	387
	Total customer satisfaction	389
	Monitoring satisfaction	390
	Customer satisfaction	390
	Product and service quality	393
	Maximising customer lifetime value	394
	Customer profitability	394
	Customer lifetime value – conceptual dream or real-time activity?	396

	Cultivating customer relationships	396
	Customer relationship management	397
	Attracting and retaining customers	399
	Building customer loyalty	401
	Improving loyalty	401
	Attracting and retaining customers	403
	Recapturing customers	408
	The experience economy	408
	The value experience	408
	The empowered customer	412
	Interactive marketing	413
	Complexity of markets	413
	Emotional turn	414
PART 4	BUILDING STRONG BRANDS	421
	Video documentary for Part 4	
Chapter 12	Creating and managing brands and brand equity	422
	Understanding branding	425
	What is a brand?	425
	The role of brands	428
	Strategic brand management	429
	Creating and managing brand identities: names, logos, slogans and images	431
	Co-branding and ingredient branding	431
	Criteria for choosing brand names	434
	Branding decisions: individual or house brands	436
	Brand reinforcement and revitalisation	443
	Managing and measuring brand equity	446
	Brand valuation	446
	Branding issues: branding of services, co-creation and brand touchpoints	451
	Services branding	451
	Co-creation and customisation	452
	Managing the brand touch points	454
Chapter 13	Devising a contemporary branding strategy	458
	What is a global brand and how is it managed?	460
	Global services branding	462
	Iconic brands	464
	Factors leading to increased global branding for European products and services	464
	Understanding global communities and tribes	470
	Understanding branding in an ICT-based environment	474
	The challenges of branding in developing economies	476
	Celebrity branding	478
	The advantages of celebrity endorsements	479
	Issues arising from celebrity branding	481
	Countries and places as brands	481

PART 5	SHAPING THE MARKET OFFERING	487
	Video documentary for Part 5	
Chapter 14	Designing, developing and managing market offerings	488
	Product life-cycle marketing strategies	490
	Product life cycles	490
	Style, fashion and fad life cycles	491
	Marketing strategies: the introduction stage and the pioneer advantage	491
	Marketing strategies: the growth stage	495
	Marketing strategies: the maturity stage	497
	Marketing strategies: the decline stage	501
	Evidence on the product life cycle concept	502
	Critique of the product life cycle concept	503
	Market evolution	504
	Emergence	504
	Growth	504
	Maturity	504
	Decline	505
	Product characteristics and classifications	505
	Product levels: the customer-perceived value hierarchy	506
	Product classifications	507
	Differentiation	510
	Product (market offering) differentiation	510
	Design	514
	Service differentiation	514
	Product and brand relationships	515
	The product hierarchy	516
	Product systems and mixes	516
	Product-line analysis	517
	Product-line length	518
	Product-mix pricing	523
	Co-branding and ingredient branding	524
	Packaging, labelling, warranties and guarantees	526
	Packaging	526
	Labelling	530
	Warranties and guarantees	531
Chapter 15	Introducing new market offerings	536
	New product options	538
	Make or buy?	538
	Types of new products	538
	Challenges in new product development	539
	The innovation imperative	539
	New product success	540
	New product failure	541
	Organisational arrangements	542
	Budgeting for new product development	545
	Organising new product development	545

	Managing the development process I: ideas	547
	Process stages	547
	Idea generation	547
	Idea screening	552
	Managing the development process II: concept to strategy	555
	Concept development and testing	555
	Marketing strategy development	558
	Business analysis	558
	Managing the development process III: development to commercialisation	560
	Product and market development	560
	Market testing	561
	Commercialisation and new product launch	564
	The consumer adoption process	567
	Stages in the adoption process	567
	Factors influencing the adoption process	567
Chapter 16	Developing and managing pricing strategies	572
	Understanding pricing	574
	A changing pricing environment	574
	How companies price	575
	Consumer psychology and pricing	578
	Setting the price	582
	Step 1: selecting the pricing objective	582
	Step 2: determining demand	585
	Step 3: estimating costs	587
	Step 4: analysing competitors' costs, prices and offers	590
	Step 5: selecting a pricing method	590
	Step 6: selecting the final price	596
	Adapting the price	598
	Geographical pricing (cash, countertrade, barter)	598
	Price discounts and allowances	599
	Promotional pricing	600
	Differentiated pricing	601
	Initiating and responding to price changes	602
	Initiating price cuts	602
	Initiating price increases	603
	Responding to competitors' price changes	604
PART 6	DELIVERING VALUE	611
	Video documentary for Part 6	
Chapter 17	Designing and managing supply networks	612
	What is a supply chain or network?	614
	Designing agile, adaptable, aligned supply networks	620
	Managing a demand-driven chain or network	623
	Supply network management	625
	Modelling the service supply chain	627
	Channel management and channel design decisions	627

Selecting channel members	632
Analysing customers' needs	635
Establishing channel objectives and constraints	635
Deciding on the number of intermediaries	636
Terms and responsibilities of channel members	636
Selecting channel members: evaluating the major alternatives	637
Managing distribution channels	638
Training and motivating channel members	638
Gaining cooperation and channel power	638
Evaluating channel members	639
Modifying channel design and arrangements	641
Understanding the impact of technology	641
The Internet as a channel of distribution	641
Mobile phones as a channel of distribution	644
Self-service technologies	645
Chapter 18	
Managing the service process and the consumer interface	654
Service process design and management	656
Managing people (staff and consumers) during the service process	663
Training customer service personnel	666
Managing technology and particularly self-service technologies within the service process	672
The future of self-service technology	677
Creating and managing the physical evidence or experience environment	678
Service atmosphere	679
Store activities and experiences	679
Managing the five senses to create the service environment	680
PART 7	
COMMUNICATING VALUE	687
Video documentary for Part 7	
Chapter 19	
Designing and managing marketing communications	688
The role of marketing communications	690
The changing marketing communication environment	690
Marketing communications, brand equity and sales	691
The communications process models	694
Developing effective communications	696
Identify the target audience	696
Determine the communications objectives	696
Design the communications	697
Select the communications channels	702
Word of Mouth	703
Establishing the total marketing communications budget	706
Deciding on the marketing communications mix	708
Characteristics of the marketing communications mix	708
Factors in setting the marketing communications mix	711
Measuring communication results	713

	Managing the integrated marketing communications process	714
	Coordinating media	714
	Implementing IMC	715
	<i>Quo vadis?</i>	716
Chapter 20	Managing mass and personal communications	720
	Developing and managing an advertising programme	722
	Setting objectives	722
	Deciding on the advertising budget and developing the advertising campaign	723
	Managing media matters	728
	Evaluating advertising effectiveness	734
	Sales promotion	735
	Setting objectives	735
	Advertising versus sales promotion	735
	Major decisions	737
	Events, experiences, public and press relations	739
	Setting objectives	739
	Major sponsorship experiences	742
	Creating experiences	743
	Major decisions in marketing and public relations	744
	Marketing public relations	745
	Major decisions in marketing press relations	746
	Direct marketing	749
	Setting objectives	749
	The benefits of direct marketing	749
	Overview of the direct marketing mix	750
	Catalogue marketing	751
	Telemarketing	752
	Other media for direct response marketing	752
	Public and ethical issues in direct marketing	752
	Interactive marketing	753
	Placing advertisements and promotions online	754
	Developing and managing the sales force	756
	Setting objectives and strategy	756
	Sales force management issues	758
	Key principles of personal selling	761
	The six steps of selling	761
	Relationship marketing (RM)	762
PART 8	MANAGING MARKETING IMPLEMENTATION AND CONTROL	767
	Video documentary for Part 8	
Chapter 21	Implementing marketing management	768
	Trends in marketing practices	770
	Internal marketing	770
	Critique of internal marketing	771
	Organising the marketing department	773
	Relations with other departments	779

Building a creative marketing organisation	779
Taking the creative approach	779
Building a creative culture	781
Creativity - a mystical gift for some or something for all?	781
Maintaining momentum	782
Marketing implementation	783
Leadership	783
Methodology and madness – the importance of leaving room for creativity	784
Creative marketing	784
Socially responsible marketing	785
Corporate social responsibility	785
Socially responsible business models	789
Cause-related marketing	792
Social marketing	794
Ethnic marketing	796
Green marketing	796
Evaluation and control	800
Annual-plan control	800
Profitability control	805
Efficiency control	808
Strategic control	809
The future of marketing	812
The marketing manager’s key tasks	812
A holistic approach to marketing management	813
The nature of marketing	813
Relationship activity	815
Market research	817
New product development	817
Marketing communications activity	817
Getting started	817
Chapter 22	824
Managing marketing metrics	824
The need for marketing metrics	826
What marketing metrics should do	826
The chain of marketing productivity	828
Measuring marketing performance and productivity	830
Counting-based metrics	830
Accounting-based metrics	830
NPV	831
Outcome metrics	831
The balanced scorecard approach	838
Marketing dashboards	841
<i>Appendix: Digital marketing plan and exercises</i>	846
<i>Glossary</i>	861
<i>Name index</i>	871
<i>Organisation and brand index</i>	873
<i>Subject index</i>	877
