

Contents

- 30 Nutrition-associated Disease
Bernard J. Brabin and John B. S. Coulter 537
- 31 Venomous and Poisonous Animals
David A. Warrell 557
- 32 Plant Poisons
Jeffrey K. Aronson 601
- 33 Podoconiosis (Non-infectious Geochemical Elephantiasis)
Gordon C. Cook 627
- 34 Familial Mediterranean Fever (Recurrent Hereditary Polyserositis)
Gordon C. Cook 631
- 35 Malignant Disease
Alan E. Mills and John R. Sullivan 635
- 36 Diabetes in the Tropics
Ayesha A. Motala and Fraser J. Pirie 661
- 37 Hypertension in the Tropics
Mohammed R. Essop and Datshana P. Naidoo 669
- 38 Ischaemic Heart Disease
Nigel Unwin and Julia A. Critchley 685

Section 6: Viral Infection

- 39 Viral Hepatitis
Jane N. Zuckerman and Arie J. Zuckerman 697
- 40 Arbovirus Infections
David W. Smith, Roy A. Hall, Cheryl A. Johansen, Annette K. Broom and John S. Mackenzie 715
- 41 Dengue and Dengue Haemorrhagic Fever
Suchitra Nimmannitya 753
- 42 Viral Haemorrhagic Fevers
Tom Solomon and Gail Thomson 763
- 43 Epstein-Barr Virus and Associated Diseases
Hilary Williams and Dorothy H. Crawford 787
- 44 Rabies
Mary J. Warrell 799
- 45 Diarrhoea Caused by Viruses
C. Anthony Hart, Nigel A. Cunliffe and Osamu Nakagomi 815
- 46 Respiratory Viruses
J. S. Malik Peiris and Charles R. Madeley 825
- 47 Cutaneous Viral Diseases
Gordon C. Cook and Alimuddin I. Zumla 835
- 48 Virus Infections of the Central Nervous System
Sandra Amor 853

Section 7: Rickettsial Infections

49 Rickettsial Infections

*George O. Cowan, Göran Friman and
Göran Günther 885*

Section 8: Bacterial Infections

50 Introduction to Acute Infective Diarrhoea *C. Anthony Hart 903*

51 Bacterial Enteropathogens *C. Anthony Hart and Paul Shears 911*

52 Salmonella Infections *Claire Jenkins and Stephen H. Gillespie 931*

53 Resistant Gut Bacteria *Eric John Threlfall 943*

54 Pneumococcal Diseases *Neil French 953*

55 Bacterial Meningitis *C. Anthony Hart and Luis E. Cuevas 969*

56 Tuberculosis *John M. Grange and Alimuddin I. Zumla 983*

57 Human Disease due to Environmental Mycobacteria and Nocardiae *John M. Grange and Alimuddin I. Zumla 1039*

58 Leprosy *Stephen G. Withington 1053*

59 Brucellosis *M. Monir Madkour 1075*

60 Actinomycosis and Whipple disease *Geoffrey M. Scott and Sarah Wyllie 1085*

61 Bartonellosis, Cat-scratch Disease, Trench Fever, Human Ehrlichiosis *Geoffrey M. Scott 1091*

62 Tularaemia *Geoffrey M. Scott 1103*

63 Anthrax *Geoffrey M. Scott 1109*

64 Tetanus *Catherine L. Thwaites and Lam Minh Yen 1113*

65 Plague *Michael D. Smith 1119*

66 Melioidosis *David A. B. Dance 1127*

67 Diphtheria *Nicholas J. White and Tran Tinh Hien 1133*

68 Endemic Treponematoses *Moses S. Kapembwa 1139*

- 69** Other Spirochaetal Diseases (excluding *Treponema* spp. and *Leptospira* spp.)
Gordon C. Cook 1149
- 70** Leptospirosis
Geoffrey M. Scott and Timothy J. Coleman 1161

Section 9: Mycotic Infections

- 71** Fungal Infections
Roderick J. Hay 1169
- 72** *Pneumocystis jiroveci* Infection
Robert F. Miller 1191

Section 10: Protozoan Infections

- 73** Malaria
Nicholas J. White 1201
- 74** Babesiosis
Peter L. Chiodini 1301
- 75** Human African Trypanosomiasis
Christian Burri and Reto Brun 1307
- 76** American Trypanosomiasis (Chagas' Disease)
Michael A. Miles 1327
- 77** Leishmaniasis
Jean-Pierre Dedet and Francine Pratlong 1341
- 78** Toxoplasmosis
Richard E. Holliman 1367
- 79** Intestinal Protozoa
Michael J. G. Farthing, Ana-Maria Cevallos and Paul Kelly 1375
- 80** Potentially Pathogenic Free-living Amoebae
David C. Warhurst 1407
- 81** Trichomonal Infection
Gordon C. Cook 1421

Section 11: Helminthic Infections

- 82** Schistosomiasis
Andrew Davis 1425

- 83** Food-borne Trematodes
*Paaiboon Sithithaworn, Banchob Sripa,
Sasithorn Kaewkes and Melissa Haswell-Elkins 1461*
- 84** Filariases
Paul E. Simonsen 1477
- 85** Soil-transmitted Helminths (Geohelminths)
Simon Brooker and Donald A. P. Bundy 1515
- 86** Echinococcosis/Hydatidosis
Bruno Gottstein and Jürg Reichen 1549
- 87** Other Cestode Infections: Intestinal Cestodes,
Cysticercosis, Other Larval Cestode Infections
Guy Baily 1569

Section 12: Ectoparasites

- 88** Ectoparasites: Leeches and Leech Infestation, Myiasis,
Jigger Fleas, Scabies, Louse Infestation
Graham B. White 1585
- 89** Arthropod Dermatoses, Stings, Bites, Allergies
and Neuroses
Graham B. White 1595

*** Appendices – Online only**

- I** Laboratory Diagnosis
Anthony Moody 1599
- II** Parasitic Protozoa
John R. Baker 1613
- III** Medical Helminthology
Vaughan R. Southgate and Rodney A. Bray 1633
- IV** Medical Acarology and Entomology
Graham B. White 1699
- V** Sources of Information in Tropical Medicine
Dirk Schoonbaert, Alice E. Evers and John E. Evers 1783
