<b>List of Tables and Figures</b>		<b>xiii</b>
<b>Acknowledgments</b>		<b>xvii</b>
<b>CHAPTER ONE</b>	<b>Outline of the Study</b>	
1.1	Introduction	1
1.2	Chapter Outline	2
<b>CHAPTER TWO</b>	<b>The Postharvest System and World Hunger: The Debate on Neglect and the Neglects of the Debate</b>	
2.1	Introduction	9
2.2	The Debate on Neglect	10
2.3	The Evidence on Food Losses	13
2.4	Attitude-Forming Influences on the Debate on Losses	21
2.5	The Neglects of the Debate	26
2.6	The Cost and Benefits of Loss-Reducing Technical Change	28
	Notes	51
<b>CHAPTER THREE</b>	<b>Rice in Bangladesh: The Farm-Level Postharvest System</b>	
3.1	Introduction	57
3.2	What Are We Trying to Measure?	57
3.3	Cropping Patterns and Postharvest Operations	63

3.4	Postharvest Technical Change and Planned Rural Development: An Overview	69
3.5	A Review of the Farm-Level Postharvest Literature	76
3.6	Product, Capital and Labour Use	87
	Notes	99
CHAPTER FOUR	Bangladesh Farm-Level Food Losses: Evidence Against the High Loss Lobby	
4.1	Introduction	103
4.2	The Bangladesh Postharvest Project: Objectives and Areas of Study	104
4.3	Grouping Operations by Loss Assessment Method: Different Causes Require Different Methods	107
4.4	Crop Drying as a Special Case?	109
4.5	The Problems of Developing Accurate Applied Methods	111
4.6	Estimated Food Losses and Economic Implications	119
4.7	Seasons, Regions, Farm Size and Varieties	126
4.8	Wet Season Losses	131
4.9	The Mycotoxin Problem	146
4.10	Conclusions and Implications for Future Research	148
4.11	Supporting Evidence from Other Studies	150

	Notes	153
	Appendix 4.1. Rainfall, Temperature and Relative Humidity (RH) Records in the Two Project Field Areas 1979-80	160
	Appendix 4.2. Examples of Field Survey Instructions and Forms	161
	Appendix 4.3. Percentage Size Distribution of Land Owned (Acres)	169
<b>CHAPTER FIVE</b>	<b>Technical Change I: Pedal Threshing</b>	
5.1	Introduction	171
5.2	Pedal Threshers: Manufacture, Distribution and Use	172
5.3	Pedal Threshers Cause Higher Food Losses	173
5.4	Returns to Pedal Thresher Ownership	175
5.5	Returns to Farms Hiring Pedal Threshers	179
5.6	Returns to Wage Labour	188
5.7	Social Costs and Benefits	191
5.8	Some Conclusions: Pedal Threshers, the Epitome of Appropriateness?	196
	Notes	197
	Appendix 5.1. Detailed Estimate of Pedal Thresher Costs	200
	Appendix 5.2. Distributional Issues and Choice of Threshing Technique	201

<b>CHAPTER SIX</b>	<b>Technical Change II: Rice Milling</b>	
6.1	Introduction	207
6.2	Traditional Processing: Description, Distribution and Types of Labour Used	208
6.3	Rice Mills: Description, Distribution and Types of Labour Used	211
6.4	Quantity and Quality of Milled Rice Outturn - a Comparison	215
6.5	The Farm-Level Decision Criteria for Choice of Milling Technique	220
6.6	The Private Profitability of Owning Huller Mills	226
6.7	Social Benefit Cost Analysis: An Outline of the Approach	232
6.8	A Comparison at Market Prices	236
6.9	A Comparison at Efficiency Prices	243
6.10	A Comparison at Social Prices	256
6.11	Sensitivity Analysis	262
	Notes	264
	Appendix 6.1. Derivation of Distributional Weights	275
	Appendix Notes	285
<b>CHAPTER SEVEN</b>	<b>Policy Implications: Programmes for Rural Women</b>	
7.1	Introduction	291
7.2	The Gender Division of Labour	293

7.3	Peasant Differentiation and Its Effect on Female Work	296
7.4	Implications for Women's Programmes	304
	List of Acronyms	307
	Glossary of Local Terms	309
	References	310
	Index	329
