
Contents

Section One Introduction

- 1 Introduction to Nutritional Assessment of Athletes..... 3**
Robert J. Moffatt and Samuel N. Cheuvront

Section Two Dietary Assessment of Athletes

- 2 Estimation of Food and Nutrient Intakes of Athletes 17**
Carol Ballew and Richard E. Killingsworth
- 3 Evaluation of Nutrient Adequacy of Athletes' Diets using
Nutrient Intake Data 43**
Satya Jonnalagadda
- 4 Assessment of Possible Presence of Eating Disorders..... 61**
Monika M. Woolsey

Section Three Anthropometric Assessment of Athletes

- 5 Assessment of Growth in Child Athletes 91**
Jean E. Guest, Nancy M. Lewis and James R. Guest
- 6 Assessment of Growth in Adolescent Athletes 115**
Andrew P. Hills and Jana Pařizková
- 7 Anthropometry of Adult Athletes: Concepts, Methods
and Applications..... 135**
Robert M. Malina, Rebecca A. Battista and Shannon R. Siegel
- 8 Body Composition and Gender Differences in
Performance 177**
Samuel N. Cheuvront, Robert J. Moffatt and Keith C. DeRuisseau

Section Four Physical Activity Needs Assessment of Athletes

- 9 Laboratory Methods for Determining Energy Expenditures of Athletes** 203
Robert G. McMurray
- 10 Field Assessment of Physical Activity and Energy Expenditure among Athletes** 225
Michael J. LaMonte and Barbara E. Ainsworth

Section Five Biochemical Assessment of Athletes

- 11 Assessment of Lipid Status in Athletes**..... 259
Scott A. Lear and Gregory P. Bondy
- 12 Assessment of Protein Status in Athletes**..... 283
Stuart M. Phillips
- 13 Assessment of Vitamin Status in Athletes** 317
Helena B. Löest and Mark D. Haub
- 14 Assessment of Mineral Status in Athletes** 339
Henry C. Lukaski

Section Six Clinical Assessment of Athletes

- 15 Clinical Assessment of Athletes** 373
Khursheed N. Jeejeebhoy
- 16 Summary — Nutritional Assessment of Athletes**..... 387
Judy A. Driskell and Ira Wolinsky
- Index** 395
