Tributes to Gunnar Jørgensen

Head of Department, M.Sc.Agr. Gunnar Jørgensen, and the Department for Research in Fur Animals	
<i>Niels Glem-Hansen</i>	7
Gunnar and the Scandinavian Association of Agricultural Scientists	
<i>Åke Qvist</i>	11
Gunnar Jørgensen – The International Link	
<i>Einar J. Einarsson</i>	13
From 'Sorto' to 'Scientifur'	
<i>Outi Lohi</i>	15
SCIENTIFUR and the scientist	
<i>Bruce D. Murphy</i>	17
A tribute to Gunnar Jørgensen	
<i>Tony Rietveld</i>	18
Eastern Europe and cooperation with Dr. Gunnar Jørgensen	
<i>Stanislaw Jarosz</i>	19

Breeding and genetics of mink

<i>Peer Berg</i>	21
------------------------	----

Litter size and growth of kits in mink – Possibilities for improved performance

<i>Bente Krogh Hansen</i>	30
---------------------------------	----

Cytogenetics and molecular biology in fur animal research

<i>Outi Lohi</i>	38
------------------------	----

Clinical analysis

<i>Birthe M. Damgaard</i>	43
---------------------------------	----

Feedstuff evaluation, nutrition, and nutritional physiology

<i>Christian F. Børsting & N. Glem-Hansen</i>	48
---	----

Morphology, morphometry, and histology in hair and skin

<i>Palle V. Rasmussen</i>	59
---------------------------------	----

Biochemical investigations in relation to fur development and fur quality in mink

<i>Søren Michaelsen</i>	66
-------------------------------	----

Stress and behavioural biology

<i>Steffen W. Hansen</i>	73
--------------------------------	----

Research in housing conditions and welfare of farmed foxes

<i>Vivi Pedersen</i>	80
----------------------------	----

Production systems and management

<i>Steen H. Møller</i>	86
------------------------------	----
