

Contents

1	Software Integration and Dynamic Modules	1
1.1	Introduction and Motivation	1
1.1.1	Interactive General Purpose CAS	1
1.1.2	Problems with Interactive General Purpose CAS	3
1.1.3	CA C/C++ Libraries and Special Purpose Tools	5
1.1.4	Aims and Concepts of Software Integration	6
1.1.5	Conclusion	16
1.2	The Concept of Dynamic Modules	18
1.2.1	Definitions and Introduction	18
1.2.2	Scheme of the Module Management	24
1.2.3	Scheme of the Module Generator	34
1.2.4	Remarks Concerning the Implementation	34
1.3	Dynamic Modules in MuPAD 1.4	39
1.3.1	About the Implementation	40
1.3.2	Examples of Creating and Using Dynamic Modules	46
1.4	Applications of Dynamic Modules	53
1.4.1	Joined and External Projects	54
1.4.2	Related Applications	61
1.5	Summary and Outlook	70
1.5.1	Problems	70
1.5.2	Efficiency, Flexibility and Convenience	73
1.5.3	Results	78
1.5.4	Perspectives	79
