
CONTENTS

| | | |
|--------------------|--|-----|
| Preface | vii | |
| Chapter I | Diabetes Mellitus and Liver Cirrhosis | 1 |
| | <i>Jun Goo Kang & Yong Soo Park</i> | |
| Chapter II | Primary Biliary Cirrhosis: Approach through RCAS1 Antigen and Macrophages | 17 |
| | <i>Munehika Enjoji, Manabu Nakashima & Makoto Nakamura</i> | |
| Chapter III | Pathologic Visual Evoked Potential (VEP) as an Early Predictor of Hepatic Encephalopathy | 33 |
| | <i>Doron Zamir, Shimon Storch, Ivan Kovach, Rita Storch, Chen Zamir</i> | |
| Chapter IV | Lipid Parameters and Carnitine in Childhood Cirrhosis | 41 |
| | <i>Mukadder Ayşe Selimoğlu</i> | |
| Chapter V | Gene Polymorphisms in Primary Biliary Cirrhosis: Association With the Disease and Hepatic Osteopathy | 59 |
| | <i>Peter Laszlo Lakatos, Eva Bajnok, Claudia Willheim-Polli, Peter Ferenci, Istvan Takacs, Peter Lakatos, Ferenc Szalay</i> | |
| Chapter VI | Modulation of Cell Death, Signal Transduction and Cell Response by Oxidative Stress in the Progression of Chronic Liver Diseases | 79 |
| | <i>Erica Novo, Elena Zamara, Lorenzo Valfre di Bonzo and Maurizio Parola</i> | |
| Chapter VII | Texture Analysis of Cirrhotic Liver | 121 |
| | <i>Daniel Jirák, Monika Dezortová, Pavel Taimr & Milan Hájek</i> | |

| | | |
|---------------------|---|------------|
| Chapter VIII | Role of Ultrasound in Hepatic Cirrhosis: Diagnosis and Treatment <i>Antonio Martínez-Noguera</i> | 139 |
| Chapter IX | Human Albumin Administration in Decompensated Liver Cirrhosis <i>Lars E. Schmidt</i> | 165 |
| Chapter X | Prescribing Patterns in Liver Cirrhosis <i>Miren García-Cortés, M. Isabel Lucena, Raúl J. Andrade, Jose M. Fraile & María R. Cabello</i> | 185 |
| Index | | 215 |
