

Contents

	Preface to first edition	vii
	Preface to second edition	ix
	Acknowledgments	xi
1	The conceptual status of deep dyslexia: an historical perspective <i>John C. Marshall and Freda Newcombe</i>	1
2	Deep dyslexia: a review of the syndrome <i>Max Coltheart</i>	22
3	Acquired dyslexia in Japanese: clinical features and underlying mechanisms <i>Sumiko Sasanuma</i>	48
4	A new attempt at an interpretation, or, an attempt at a new interpretation <i>John Morton and Karalyn Patterson</i>	91
5	Single and multiple component central dyslexic syndromes <i>Tim Shallice and Elizabeth K. Warrington</i>	119
6	The semantic error: types and theories <i>Max Coltheart</i>	146
7	Response monitoring and response blocking in deep dyslexia <i>Freda Newcombe and John C. Marshall</i>	160
8	Transcoding and lexical stabilization in deep dyslexia <i>Freda Newcombe and John C. Marshall</i>	176

9	Two auditory parallels to deep dyslexia <i>John Morton</i>	189
10	Reading, phonological recoding, and deep dyslexia <i>Max Coltheart</i>	197
11	Surface dyslexia and beginning reading: a revised hypothesis of the pronunciation of print and its impairments <i>Tony Marcel</i>	227
12	Fractionating the reading process in dementia: evidence for word-specific print-to-sound associations <i>Myrna F. Schwartz, Eleanor M. Saffran and Oscar S. M. Marin</i>	259
13	'Little words - No!' <i>John Morton and Karalyn Patterson</i>	270
14	Derivational errors <i>Karalyn Patterson</i>	286
15	Analogies between speed-reading and deep dyslexia: towards a procedural understanding of reading <i>E. Andreevsky, G. Deloche and P. Kossanyi</i>	307
16	Deep dyslexia: a right-hemisphere hypothesis <i>Max Coltheart</i>	326
17	Does deep dyslexia reflect right-hemisphere reading? <i>Eleanor M. Saffran, Lola C. Bogyo, Myrna F. Schwartz and Oscar S. M. Marin</i>	381
18	Deep dyslexia since 1980 <i>Max Coltheart, Karalyn Patterson and John C. Marshall</i>	407
	Appendix 1 CAT scans of five deep dyslexic patients, <i>with comments by O. S. M. Marin</i>	
	Appendix 2 Error corpora from four deep dyslexic patients D.E., P.W., P.D. and K.F.
