| | |
|--|-----|
| Convergence of Systems Arousing Thirst | 196 |
| Issues That Await Neurological Explanation | 198 |
| References | 203 |

Part Three: Thermal, Maternal, and Sexual Motivation 215

Chapter 8 *Evelyn Satinoff*

| | |
|---|------------|
| Are There Similarities Between Thermoregulation and Sexual Behavior? | 217 |
| Neural Organization of Thermoregulation | 217 |
| Evolution of Thermoregulation | 221 |
| Applications of the Model | 224 |
| Similarities Between Thermal and Sexual Behaviors | 232 |
| References | 245 |

Chapter 9 *Susan E. Fahrbach and Donald W. Pfaff*

| | |
|---|------------|
| Hormonal and Neural Mechanisms Underlying Maternal Behavior in the Rat | 253 |
| Introduction | 253 |
| Is Maternal Behavior Motivated? | 257 |
| Hormonal Mechanisms | 260 |
| The Onset–Maintenance Dichotomy | 270 |
| Sensory and Neural Mechanisms | 273 |
| Interaction with Other Motivated Behaviors | 278 |
| References | 279 |

Chapter 10 *Donald W. Pfaff*

| | |
|--|------------|
| Neurobiological Mechanisms of Sexual Motivation | 287 |
| The Female | 287 |
| The Male | 306 |
| References | 314 |

Part Four: Approach vs. Avoidance in Motivation and Emotion 319

Chapter 11 *Richard L. Solomon*

| | |
|--|------------|
| The Opponent Processes in Acquired Motivation | 321 |
| Repeated Stimulations (Use) | 327 |
| Interstimulus Interval (Disuse) | 328 |
| Quality of Reinforcement | 330 |
| References | 336 |

| | |
|---|------------|
| Chapter 12 <i>Ronnie Halperin and Donald W. Pfaff</i> | |
| Brain-Stimulated Reward and Control of Autonomic Function: Are They Related? | 337 |
| Intracranial Self-Stimulation | 337 |
| Hypothalamic Control of Behavior | 353 |
| Correlation of Autonomic Control with Intracranial Self-Stimulation | 361 |
| References | 367 |
| | |
| Chapter 13 <i>Eliot Stellar</i> | |
| Brain Mechanisms in Hedonic Processes | 377 |
| Introduction | 377 |
| Thermoregulatory Processes | 387 |
| Hedonic Processes in Taste and Hunger | 393 |
| Drive and Reward Processes | 394 |
| Drive and Reward in Food Motivation | 397 |
| Discussion | 403 |
| References | 405 |
| | |
| Chapter 14 <i>Neal E. Miller</i> | |
