## *PART I EMOTIONAL AND BIOLOGICAL RHYTHMS*

<b>2 Considerations Regarding Some Peptides Involved in Biorhythms, Reproduction, Stress, and Pineal Function</b>	<b>11</b>
<i>Abba J. Kastin, James E. Zadina, Gayle A. Olson, and William A. Banks</i>	
Introduction	11
Reproduction	11
Stress	13
Biorhythms	15
Pineal	16
Conclusion	17
References	17
<b>3 Biological and Social Rhythms, Stress, and Human Reproduction</b>	<b>21</b>
<i>Lennart Levi</i>	
Introduction	21
Biological and Social Rhythms, Stress, and Health	21
Human Reproduction, Stress, and Health	24
Pathogenic Mechanisms	25
Emotional Reactions	25
Cognitive Reactions	26
Behavioral Reactions	26
Physiological Reactions	26
Interacting Variables Modifying Stress and Health	26
Precursors and Diseases	26

	Diseases of the Reproductive System	27
	An Equation with Many Interacting and Unknown Factors	27
	Conclusion	28
