

# Table of Contents

<b>About the Authors</b>	<b>xi</b>
<b>Preface</b>	<b>xiii</b>
<b>Acknowledgements</b>	<b>xv</b>
<b>Introduction</b>	<b>1</b>
<b>1. Borderline Personality Disorder</b>	<b>3</b>
What is Borderline Personality Disorder?	3
Prevalence and Comorbidity	4
Development of BPD	5
<b>2. Schema Therapy for Borderline Personality Disorder</b>	<b>7</b>
The Development of Schema Therapy for Borderline Personality Disorder	7
Research Results	8
(Contra-) Indications	9
Rationale of Treatment/Theories Supporting Treatment	10
Schema Modes	11
<i>The detached protector</i>	14
<i>The abandoned/abused child</i>	16
<i>The angry/impulsive child</i>	17
<i>The punitive parent</i>	18
<i>The healthy adult</i>	19
Summary	20
<b>3. Treatment</b>	<b>21</b>
Structure of Treatment	22
Phases in Treatment	24

Starting Phase and Case Conceptualization	24
<i>Developing a relationship and gathering information</i>	25
<i>Measurements</i>	26
<i>Explaining the treatment rationale</i>	27
Treating Axis-I Symptoms	27
Crisis Management	28
Therapeutic Interventions with Schema Modes	28
Treating Childhood Traumas	28
Changing Behavioural Patterns	29
Ending Therapy	29
<b>4. The Therapeutic Relationship</b>	<b>31</b>
Limited Reparenting	31
<i>Good care</i>	33
<i>Giving direction</i>	33
<i>Empathic confrontation</i>	35
<i>Role playing and role reversal</i>	36
<i>Setting limits</i>	37
Therapists' Schemas and Self-Disclosure	41
Cognitive Techniques and the Therapeutic Relationship	44
Behavioural Techniques and the Therapeutic Relationship	46
Summary	47
<b>5. Experiential Techniques</b>	<b>49</b>
Imagery	49
<i>Applications and aims of imagery</i>	49
<i>Imagery of a safe place</i>	51
Imagery Rescripting	54
<i>Basic model for imagery rescripting during the first part of the therapy</i>	55
<i>Phase 1: Imagining the original situation</i>	55
<i>Phase 2: Rescripting by the therapist</i>	57
Imagery Rescripting in the Second Part of Treatment	61
<i>Phase 2: Rescripting by the patient as a healthy adult</i>	62
<i>Variations with a patient only partially capable of being in the healthy adult mode</i>	63
<i>Phase 3: Rescripting experienced by the child</i>	63
Imagery Rescripting: Changing Behaviour Patterns	65
Problems with Using Imagery Rescripting	67

Role Play	70
<i>Historical role play</i>	71
<i>Phase 1: The original situation</i>	72
<i>Phase 2: Role switching</i>	73
<i>Phase 3: Rescripting</i>	75
<i>Common problems with historical role play</i>	77
<i>Role play of a current situation</i>	78
Two-or-more-chair Technique	79
<i>Two-chair technique for the punitive parent</i>	79
<i>Problems with using the two-chair technique with the     punitive parent</i>	83
<i>The two-chair technique with the detached protector</i>	84
<i>Problems with using the two-chair technique with the     detached protector</i>	85
<i>Multiple-chair technique</i>	86
<i>Two-or-more-chair technique with changing schemas     and coping strategies</i>	87
Experiencing and Expressing Emotions	87
<i>Anger</i>	88
<i>Experiencing and expressing other emotions</i>	90
<i>Letter writing</i>	91
<b>6. Cognitive Techniques</b>	<b>93</b>
The Socratic Dialogue	97
Evaluation on a Visual Analogue Scale	97
Multidimensional Evaluation	100
Two-Dimensional Reproductions of Supposed Connections	102
Pie Chart	103
Courthouse Method	104
Historical Testing	105
Flashcards	105
Positive Logbook	106
<b>7. Behavioural Techniques</b>	<b>109</b>
Experiments	110
Skills Training and Role Play	110
Problem Solving	111
Discussing Dangerous Behaviours	111
Discussing New Behaviours	112

<b>8. Specific Methods and Techniques</b>	<b>115</b>
Homework	115
Pharmacological Therapy	117
Crisis	118
Suicide and Self-Injury	120
<i>Self-injury and other self-destructive behaviours</i>	120
<i>Suicide</i>	121
Trauma Processing	122
<i>Problems with processing traumas</i>	123
<b>9. Methods per Mode</b>	<b>125</b>
Treatment Methods for the Detached Protector	126
<i>Therapeutic relationship</i>	126
<i>Feeling</i>	126
<i>Thinking</i>	127
<i>Doing</i>	127
<i>Pharmacotherapy</i>	128
<i>Obstacles</i>	129
Treatment Methods for the Abandoned and Abused Child	130
<i>Therapeutic relationship</i>	130
<i>Feeling</i>	130
<i>Thinking</i>	131
<i>Doing</i>	131
<i>Obstacles</i>	132
Treatment Methods for the Angry/Impulsive Child	133
<i>Therapeutic relationship</i>	133
<i>Feeling</i>	134
<i>Thinking</i>	134
<i>Doing</i>	134
<i>Pharmacotherapy</i>	135
<i>Obstacles</i>	135
Treatment Methods for the Punitive Parent	136
<i>Therapeutic relationship</i>	136
<i>Feeling</i>	136
<i>Thinking</i>	137
<i>Doing</i>	138
<i>Obstacles</i>	138
Treatment Methods for the Healthy Adult	139
<i>Therapeutic relationship</i>	139

<i>Feeling</i>	140
<i>Thinking</i>	140
<i>Doing</i>	140
<i>Obstacles</i>	141
A Simultaneous Chess Play in a Pinball Machine	141
<b>10. Final Phase of Therapy</b>	<b>145</b>
Behavioural Pattern-Breaking	145
Ending Therapy	146
<b>11. Conclusion</b>	<b>147</b>
<b>Appendix A Brochure for Patients: Schema Therapy for People with Borderline Personality Disorder</b>	<b>149</b>
<b>Appendix B Cognitive Logbook for Modes</b>	<b>155</b>
<b>Appendix C Positive Logbook</b>	<b>157</b>
<b>Appendix D Historical Testing</b>	<b>159</b>
<b>Appendix E Experiments</b>	<b>161</b>
<b>Appendix F Homework Form</b>	<b>165</b>
<b>Appendix G Problem Solving</b>	<b>167</b>
<b>Appendix H Changing Behavioural Patterns</b>	<b>169</b>
<b>Appendix I Eighteen Schemas (Young <i>et al.</i>, 2003)</b>	<b>171</b>
<b>Appendix J Coping Strategies</b>	<b>179</b>
<b>References</b>	<b>181</b>
