REINALDO FIGUEREDO	

1 Introduction	1
MANUEL R. AGOSÍN, DAVID E. BLOOM, GEORGES CHAPELIER AND JAGDISH SAIGAL	

PART I

The analytical framework	17
2 Analytical perspectives on global integration in pursuit of sustainable human development	19
MANUEL R. AGOSÍN AND DAVID E. BLOOM	
3 Trade, investment, and human and social development	39
MANUEL R. AGOSÍN	
4 Foreign direct investment, growth, and human and social development	72
DANIEL CHUDNOVSKY AND ANDRÉS LÓPEZ	
5 Improving health: a key to halving global poverty by 2015	104
DAVID E. BLOOM, DAVID CANNING, BRYAN GRAHAM AND JAYPEE SEVILLA	

PART II

National and regional perspectives 125

Latin America and the Caribbean

6 Globalization, liberalization, and human and social development in Central America 127

MANUEL R. AGOSÍN, DAVID E. BLOOM AND
EDUARDO GITLI

7 Closing the loop – Latin America, globalization and human development 174

DAVID E. BLOOM, DAVID CANNING AND
RIVER PATH ASSOCIATES

Africa

8 Continental drift: globalization, liberalization and human development in sub-Saharan Africa 193

DAVID E. BLOOM, MARK WESTON AND DAVID STEVEN

Asia

9 Economic growth, liberalization and human development in Asia: learning from the miracle workers 223

DAVID E. BLOOM, LARRY ROSENBERG, MARK WESTON
AND DAVID STEVEN

10 Gendered labour markets and globalization in Asia 252

GITA SEN

Country studies

11 The three spheres: experiences from Latin America, Africa and Asia 277

DAVID E. BLOOM, LARRY ROSENBERG AND
MARK WESTON

Index 294

Figures

1.1	The analytical framework	2
2.1	The three spheres of development policy	21
2.2	The conventional approach	31
2.3	The vision <i>from</i> SHD	31
3.1	Correlation between life expectancy and the log of per capita GNP (US\$, PPP), 1997	42
5.1	Purchasing Power Parity and life expectancy	105
5.2	Absolute poverty rate in 1981–95 and life expectancy	106
5.3	Annual growth in per capita GDP (1965–90) and life expectancy	107
5.4	Average Gini coefficient (1985–95) and life expectancy	107
5.5	Graphical representation of the absolute poverty rate P	110
5.6	For a given level of inequality, higher income means lower poverty	111
5.7	For a given mean income, higher inequality means higher poverty	111
6.1	Age dependency ratio, 1960–97	153
6.2	Infant mortality rate, 1962–97 (per 1,000 births)	155
6.3	Health expenditures per capita (US\$ PPP)	157
6.4	Persistence to grade five	160
6.5	Fraction of the population living on less than US\$1 and US\$2 per day	163

Tables

3.1	Net foreign capital flows, as a share of M2, in selected developed and emerging economies	56
A3.1	Welfare indicators, 1997	64–6
A4.1	Main FDI and human and social development indicators for developing countries, 1997	97
A4.2	FDI and human and social development indicators for developing countries: (a) countries with GDP per capita below US\$1,000; (b) countries/territories with GDP per capita above US\$1,000	98
A4.3	Correlation tests between FDI and main human and social development indicators	99
A4.4	Human and social development and FDI growth in developing countries, 1980–95: (a) countries with GDP per capita below US\$1,000; (b) countries/territories with GDP per capita above US\$1,000	100
5.1	Population-weighted descriptive statistics, 1990	108
5.2	Explaining poverty	113
5.3	Summary statistics of data for poverty regression	113
5.4	Results of 2SLS regression for growth rate of per capita GDP, 1965–90	116
5.5	Results of Gini coefficient panel regression	117
5.6	Simulation results for the year 2015	118
A5.1	Data sources	120
A5.2	Samples of countries	120
6.1	Military expenditure, 1989 and 1996	130
6.2	Central America: intraregional trade	133
6.3	Evolution of the real exchange rate, 1990–98	135
6.4	Central American countries: per capita GDP and population, 1998	140
6.5	Exports of goods and services	140
6.6	Rates of growth of total and per capita GDP, 1970–99	141
6.7	Per capita GDP in PPP US dollars	141

6.8	Gini coefficients and income shares of highest and lowest quintiles: actual and predicted values	142
6.9	Gross investment-to-GDP ratios, 1960–98	143
6.10	Growth of exports of goods and services, in constant prices, 1971–98	143
6.11	Traditional and non-traditional exports: shares in total exports and average annual rate of growth, 1990–98	144
6.12	Importance of the <i>maquiladora</i> industry	145
6.13	Foreign direct investment, as a share of GDP	148
6.14	Debt indicators for Honduras and Nicaragua, 1991 and 1998	150
6.15	Population growth	151
6.16	Crude death rate	152
6.17	Crude birth rate	152
6.18	Fertility rates	152
6.19	Contraceptive prevalence	153
6.20	Life expectancy at birth	155
6.21	Indicators of malnutrition	156
6.22	Immunization rates	156
6.23	Number of physicians	157
6.24	Illiteracy rates	158
6.25	Gross school enrolment rates	159
6.26	Public spending on education	161
6.27	Indicators of living conditions	162
6.28	Simulating the impact of improved demographics, openness and health on per capita GDPs in 2015	164
10.1	Indicators of female labour supply	255
10.2	Indicators of labour force quality	256
10.3	Indicators of labour force quality, c.1965	257
10.4	Structure of GDP – value added as per cent of GDP	258
10.5	Labour force distribution	259
10.6	Share of women among manufacturing workers and non-agricultural employment	259
10.7	Share of women in EPZ industries	260
10.8	Occupational segregation	263
10.9	Typical female and male occupations in the Asia-Pacific region	264
10.10	Female–male wage ratios in manufacturing	265
11.1	A simplified taxonomy of the six countries' approaches to globalization	291
