PREFACE, vi

Chapter One

THEORETICAL PERSPECTIVE, 1

Chapter Two

ORIGINS OF BEHAVIOR, 15

Learning by Response Consequences, 17

Learning through Modeling, 22

Chapter Three

ANTECEDENT DETERMINANTS, 57

Antecedent Determinants of Physiological
and Emotional Responsiveness, 59

Cognitive Functions in Expectancy Learning, 67

Inborn Mechanisms of Learning, 72

Dysfunctional Expectancy Learning, 77

Antecedent Determinants of Action, 85

Chapter Four

CONSEQUENT DETERMINANTS, 95

External Reinforcement, 97

Vicarious Reinforcement, 117

Self-Reinforcement, 128

Chapter Five

COGNITIVE CONTROL, 159

- Cognitively Based Motivation, 160**
- Cognitive Representation of Contingencies, 165**
- Representational Guidance of Behavior, 170**
- Thought Control of Action by Covert Problem Solving, 171**
- Verification Processes and Thought, 180**
- Interaction of Regulatory Systems, 186**

Chapter Six

RECIPROCAL DETERMINISM, 193

- Interdependence of Personal and
Environmental Influences, 195**
- Reciprocal Influence
and the Exercise of Self-Direction, 200**
- Reciprocal Influence
and the Limits of Social Control, 208**

References, 215

Index, 235
