Foreword by Richard T.T. Forman	v
Preface	ix
Contributors	xv

Part I Introduction

1. Ecological Guidelines for Land Use and Management 3
*Virginia H. Dale, Sandra Brown, Richard A. Haeuber,
N. Thompson Hobbs, Nancy J. Huntly, Robert J. Naiman,
William E. Riebsame, Monica G. Turner, and Tom J. Valone*

Part II Applying the Principles and Guidelines

2. Effects of Land-Use Change on Wildlife Habitat:
Applying Ecological Principles and Guidelines
in the Western United States 37
N. Thompson Hobbs and David M. Theobald
3. Nature Reserves and Land Use: Implications of the
“Place” Principle 54
Andrew J. Hansen and Jay J. Rotella
4. Ecological Principles for Land Management Across
Mixed Ownerships: Private Land Considerations 73
Jonathan B. Haufler and Brian J. Kernohan

5. On the Road to Ecorecovery and Protection:
A Case Study of Endangered Tribal
Habitats and Culture in the Eastern Ghats of India 95
Steven D. Weiss

6. Applications of Historical Ecology to Land-Management
Decisions in the Northeastern United States 119
Emily W.B. Russell

7. India's "Project Tiger" Reserves: The Interplay
Between Ecological Knowledge and the Human
Dimensions of Policymaking for Protected Habitats 136
Cynthia A. Botteron

Part III Alternative Futures

8. Alternative Futures for Monroe County, Pennsylvania:
A Case Study in Applying Ecological Principles 165
Carl Steinitz and Susan McDowell

9. Alternative Futures as an Integrative Framework
for Riparian Restoration of Large Rivers 194
David W. Hulse and Stanley V. Gregory

10. Applying Ecological Guidelines for Land Management
to Farming in the Brazilian Amazon 213
Virginia H. Dale

11. Applying Ecological Principles to Land-Use Decision
Making in Agricultural Watersheds 226
*Mary Santelmann, Kathryn Freemark, Denis White,
Joan Nassauer, Mark Clark, Brent Danielson, Joseph Eilers,
Richard M. Cruse, Susan Galatowitsch, Stephen Polasky,
Kellie Vache, and Junjie Wu*

Part IV Making Decisions About the Land

12. Many Small Decisions: Incorporating Ecological
Knowledge in Land-Use Decisions in the United States 255
Richard A. Haeuber and N. Thompson Hobbs

13. Integrated Ecological Assessments and Land-Use Planning	276
<i>Patrick S. Bourgeron, Hope C. Humphries, Mark E. Jensen, and Bennett A. Brown</i>	
14. New Directions in Land Management: Incorporation of Ecological Principles	316
<i>Richard A. Haeuber and Virginia H. Dale</i>	
Index	331
