<b>Introduction</b>	<b>xiii</b>
<i>John A. Bargh and James S. Uleman</i>	
<b>PART I. BASIC PROCESSES</b>	
<b>1. Conditional Automaticity: Varieties of Automatic Influence in Social Perception and Cognition</b>	<b>3</b>
<i>John A. Bargh</i>	
Automaticity and Its Discontents	4
Varieties of Automaticity	10
How Preconscious and Postconscious Processing	
Shape Consciousness	28
Conclusions: The Power behind the Throne of Judgment	38
Acknowledgments	40
Notes	41
References	41
<b>2. Automaticity and Cognitive Control</b>	<b>52</b>
<i>Gordon D. Logan</i>	
Control of Thought and Action	54
An Instance Theory of Automaticity	65
Summary and Conclusions	69
Acknowledgment	70
Notes	70
References	71
<b>3. Knowledge Accessibility and Activation: Subjectivity and Suffering from Unconscious Sources</b>	<b>75</b>
<i>E. Tory Higgins</i>	
Knowledge Accessibility and Activation	76
Suffering from Automatic Activation of Self-Belief Patterns	94
Concluding Comments	112
Acknowledgments	114
Notes	114
References	115

- 4. Affect and Automaticity** 124  
*Alice M. Isen and Gregory Andrade Diamond*  
 Defining Automatic Processing 126  
 Automaticity in Cognitive Psychology 130  
 Applying Theories of Automaticity to Affect 133  
 Models of Cognition and Affect 146  
 Acknowledgment 148  
 Notes 148  
 References 149

**PART II. UNINTENDED AND UNATTENDED THOUGHT  
 IN DAILY LIFE**

- 5. Spontaneous Trait Inference** 155  
*Leonard S. Newman and James S. Uleman*  
 Trait Inference Processes in Social Psychology 157  
 Spontaneous Trait Inference: What Is and  
 What Is Not Inferred 162  
 What Might Spontaneous Trait Inferences Affect? 171  
 Spontaneous Trait Inference: Caveats 178  
 Conclusion 181  
 Acknowledgments 181  
 Notes 181  
 References 182
- 6. Thinking Lightly about Others: Automatic Components  
 of the Social Inference Process** 189  
*Daniel T. Gilbert*  
 Of Straw Figures and Mannequins 191  
 One-Third Less Effort Than Regular Thinking 193  
 Some Behaviors Are More Equal Than Others 201  
 The Stupid Tailors of Teleology 205  
 A Short Conclusion 208  
 Acknowledgments 209  
 Notes 209  
 References 210
- 7. Heuristic and Systematic Information Processing  
 within and beyond the Persuasion Context** 212  
*Shelly Chaiken, Akiva Liberman, and Alice H. Eagly*  
 The Heuristic–Systematic Model of Persuasion 214  
 Beyond the Validity-Seeking Persuasion Context 234  
 Acknowledgments 243  
 Notes 243  
 References 246

- 8. Examining the Role of Intent: Toward Understanding Its Role in Stereotyping and Prejudice** 253  
*Susan T. Fiske*  
 Is Intent Really Necessary? 255  
 Whether, Why, and How Intent Operates 256  
 Intent as Viewed by Lay Psychology 268  
 Legal Definitions of Intent 272  
 Conclusions 275  
 Acknowledgments 278  
 Notes 278  
 References 280

### PART III. REGAINING CONTROL OF UNINTENDED THOUGHT

- 9. Mental Control: The War of the Ghosts in the Machine** 287  
*Daniel M. Wegner and David J. Schneider*  
 The Nature of Mental Control 287  
 The Case of Thought Suppression 291  
 Conclusions 302  
 Acknowledgments 303  
 References 303
- 10. Toward a Motivational and Structural Theory of Ruminative Thought** 306  
*Leonard L. Martin and Abraham Tesser*  
 A Motivational and Structural Theory of Ruminative Thought 307  
 Awareness and Control 317  
 Empirical Considerations 319  
 Concluding Remarks 321  
 Acknowledgments 322  
 Notes 322  
 References 323
- 11. Stream of Consciousness and Stress: Levels of Thinking** 327  
*James W. Pennebaker*  
 Thinking Patterns during Stress 328  
 Cognitive and Motivational Approaches to Thinking Levels 336  
 The Biological and Cognitive Consequences of Levels of Thinking 338  
 Summary and Implications 345  
 Acknowledgments 346  
 References 346

<b>12. Coming to Terms with Major Negative Life Events</b>	<b>351</b>
<i>Rosemary Tait and Roxane Cohen Silver</i>	
A General Measure of Impact: Event-Related Ruminations	352
Triggers of Ongoing Cognitive and Emotional Involvement in Events	354
The Study	357
Ruminations, Life Satisfaction, and the Continuing Implications of an Event	363
Psychological Recovery: Interpretation and Integration	365
Complications in the Process	366
Psychological Impact and the Social Milieu	368
The Individual's Responses to Social Responses	371
Conclusions	373
Notes	374
References	375
<b>13. Automatic and Dysfunctional Cognitive Processes in Depression</b>	<b>383</b>
<i>Marlene M. Moretti and Brian F. Shaw</i>	
Controlled versus Automatic Processing Modes	384
Implications for Understanding Depression	392
Clinical Interventions and the Process of Change	406
Conclusions	411
Acknowledgments	413
Notes	413
References	414
<b>PART IV. SUMMARIES AND CONCLUSIONS</b>	
<b>14. A Framework for Thinking Intentionally about Unintended Thought</b>	<b>425</b>
<i>James S. Uleman</i>	
Spontaneous Inferences	425
Automatic Processes	427
Control and Awareness	430
Relations among Spontaneous, Automatic, and Intentional Thought	434
Spontaneous Inferences in Text Comprehension	438
Conclusions	444
Acknowledgment	445
Notes	445
References	445
<b>15. Intentional Chapters on Unintended Thoughts</b>	<b>450</b>
<i>Michael I. Posner and Mary K. Rothbart</i>	
Unbidden Thoughts	452
Basic Processes	453

Affect and Social Cognition	459
Development of Control Mechanisms	462
Conclusion	465
Acknowledgments	466
References	466
