

PART 1 *Introduction and Theory*

- CHAPTER 1 Overview
- CHAPTER 2 The Firm and Costs

PART 2 *Market Structures*

- CHAPTER 3 Competition
- CHAPTER 4 Monopolies, Monopsonies, and Dominant Firms
- CHAPTER 5 Cartels
- CHAPTER 6 Oligopoly
- CHAPTER 7 Product Differentiation and Monopolistic Competition
- CHAPTER 8 Industry Structure and Performance

PART 3 *Business Practices: Strategies and Conduct*

- CHAPTER 9 Price Discrimination
- CHAPTER 10 Advanced Topics in Pricing
- CHAPTER 11 Strategic Behavior
- CHAPTER 12 Vertical Integration and Vertical Restrictions

PART 4 *Information, Advertising,
and Disclosure*

CHAPTER 13 Information

CHAPTER 14 Advertising and Disclosure

PART 5 *Dynamic Models and
Market Clearing*

CHAPTER 15 Decision Making over Time:
Durability

CHAPTER 16 Patents and Technological Change

CHAPTER 17 How Markets Clear: Theory and Facts

PART 6 *Government Policies and
Their Effects*

CHAPTER 18 International Trade

CHAPTER 19 Antitrust Laws and Policy

CHAPTER 20 Regulation and Deregulation

PART 1 *Introduction and Theory* 1

CHAPTER 1 **Overview** 2

Models 2

Price Theory 3

Transaction Costs 5

Game Theory 6

Contestable Markets 6

Organization 6

Basic Theory 7

Market Structures 7

Business Practices: Strategies and Conduct 9

Information, Advertising, and Disclosure 9

Dynamic Models and Market Clearing 10

Government Policies and Their Effects 10

CHAPTER 2 **The Firm and Costs** 11

The Firm 12

The Objective of a Firm 12

Ownership and Control 13

Mergers and Acquisitions 20

Reasons for Mergers and Acquisitions 20

Merger Activity in the United States 23

Merger Activities in Other Countries 25

Empirical Evidence on the Efficiency and Profitability of Mergers 26

Cost Concepts 29

Types of Costs 29

Cost Concepts 33

Economies of Scale	36
Reasons for Economies of Scale	36
Total Costs Determine Scale Economies	38
A Measure of Scale Economies	39
Empirical Studies of Cost Curves	40
Economies of Scale in Total Manufacturing Costs	40
Survivorship Studies	42
Cost Concepts for Multiproduct Firms	43
Adaptation of Traditional Cost Concepts for a Multiproduct Firm	44
Economies of Scope	44
Economies of Scale and Economies of Scope	45
Specialization in Manufacturing	45
An Example of an Industry with Economies of Scope	46
Summary	47
Problems	48
Suggested Readings	49
APPENDIX 2A Cost Concepts for a Multiproduct Firm	50
EXAMPLE 2.1 Value of Limited Liability	15
EXAMPLE 2.2 Conflicts of Interest Between Managers and Shareholders	18
EXAMPLE 2.3 Specialization of Labor	37
EXAMPLE 2.4 Indiana Libraries	41
EXAMPLE 2.5 The Baking Industry	46
EXAMPLE 2.6 Electricity Minimum Efficient Scale and Scope	47

CHAPTER 3 **Competition** 56**Perfect Competition** 57

Assumptions 57

The Behavior of a Single Firm 58

The Competitive Market 61

Elasticities and the Residual**Demand Curve** 65

Elasticities of Demand and Supply 65

The Residual Demand Curve of Price
Takers 66**Efficiency and Welfare** 69

Efficiency 70

Welfare 70

Entry and Exit 73

Restrictions on Entry 73

Competition with Few Firms—Contestability 76

Definition of Barriers to Entry 76

Identifying Barriers to Entry 79

The Size of Entry Barriers by Industry 80

Externalities 82**Limitations of Perfect Competition** 84**The Many Meanings of Competition** 85**Summary** 86

Problems 86

EXAMPLE 3.1 Are Farmers Price Takers? 69**EXAMPLE 3.2** Restrictions on Entry Across
Countries 74**EXAMPLE 3.3** FTC Opposes Internet Bans
That Harm Competition 75**EXAMPLE 3.4** Increasing Congestion 83

**CHAPTER 4 Monopolies, Monopsonies,
and Dominant Firms** 88

Monopoly Behavior	89
Profit Maximization	89
Market and Monopoly Power	93
The Incentive for Efficient Operation	94
Monopoly Behavior over Time	94
The Costs and Benefits of Monopoly	95
The Deadweight Loss of Monopoly	95
Rent-Seeking Behavior	96
Monopoly Profits and Deadweight Loss Vary with the Elasticity of Demand	97
The Benefits of Monopoly	99
Creating and Maintaining a Monopoly	99
Knowledge Advantage	100
Government-Created Monopolies	102
Natural Monopoly	104
Profits and Monopoly	105
Is Any Firm That Earns a Positive Profit a Monopoly?	105
Does a Monopoly Always Earn a Positive Profit?	106
Are Monopoly Mergers to Eliminate Short- Run Losses Desirable?	106
Monopsony	107
Dominant Firm with a Competitive Fringe	110
Why Some Firms Are Dominant	111
The No-Entry Model	112
The Dominant Firm—Competitive Fringe Equilibrium	115
A Model with Free, Instantaneous Entry	116

Summary	119
Problems	120
Suggested Readings	121
EXAMPLE 4.1 Monopoly Newspaper Ad Prices	93
EXAMPLE 4.2 Monopolizing by Merging	100
EXAMPLE 4.3 Controlling a Key Ingredient	101
EXAMPLE 4.4 Preventing Imitation—Cat Got Your Tongue?	101
EXAMPLE 4.5 Protecting a Monopoly	103
EXAMPLE 4.6 EU Allows Merger to Eliminate Losses	106
EXAMPLE 4.7 Priest Monopsony	109
EXAMPLE 4.8 Price Umbrella	111
EXAMPLE 4.9 China Tobacco Monopoly to Become a Dominant Firm	117
CHAPTER 5 Cartels	122
<hr/>	
Why Cartels Form	123
Creating and Enforcing the Cartel	125
Factors That Facilitate the Formation of Cartels	127
Enforcing a Cartel Agreement	136
Cartels and Price Wars	144
Consumers Gain as Cartels Fail	147
Price-Fixing Laws	150
Summary	152
Problems	154
Suggested Readings	154
APPENDIX 5A The Effects of Cartel Size	155
EXAMPLE 5.1 An Electrifying Conspiracy	128
EXAMPLE 5.2 The Viability of Commodity Cartels	132
EXAMPLE 5.3 Concrete Example of Government Aided Collusion	138

EXAMPLE 5.4	Relieving the Headache of Running a Cartel	140
EXAMPLE 5.5	Vitamins Cartel	142
EXAMPLE 5.6	How Consumers Were Railroaded	145
EXAMPLE 5.7	The Social Costs of Cartelization	150
EXAMPLE 5.8	Prosecuting Global Cartels	152
CHAPTER 6	Oligopoly	157
<hr/>		
Game Theory		159
Single-Period Oligopoly Models		160
Nash Equilibrium		161
The Cournot Model		161
The Bertrand Model		171
The Stackelberg Leader-Follower Model		176
A Comparison of the Major Oligopoly Models		180
Multiperiod Games		180
Single-Period Prisoners' Dilemma Game		181
Infinitely Repeated Prisoners' Dilemma Game		183
Types of Equilibria in Multiperiod Games		186
Experimental Evidence on Oligopoly Models		189
Summary		191
Problems		192
Suggested Readings		193
APPENDIX 6A	A Mathematical Derivation of Cournot and Stackelberg Equilibria	194
APPENDIX 6B	Mixed Strategies	198
EXAMPLE 6.1	Do Birds of a Feather Cournot-Flock Together?	166
EXAMPLE 6.2	Oligopoly Welfare Losses	169
EXAMPLE 6.3	Mergers in a Cournot Economy	171
EXAMPLE 6.4	Roller Coaster Gasoline Pricing	177
EXAMPLE 6.5	Copying Pricing	184
EXAMPLE 6.6	Car Wars	185

CHAPTER 7 Product Differentiation and Monopolistic Competition	200
<hr/>	
Differentiated Products	202
The Effect of Differentiation on a Firm's Demand Curve	203
Preferences for Characteristics of Products	205
The Representative Consumer Model	206
A Representative Consumer Model with Undifferentiated Products	206
A Representative Consumer Model with Differentiated Products	214
Conclusions About Representative Consumer Models	219
Location Models	220
Hotelling's Location Model	221
Salop's Circle Model	223
Hybrid Models	230
Estimation of Differentiated Goods Models	231
Summary	233
Problems	234
Suggested Readings	234
APPENDIX 7A Welfare in a Monopolistic Competition Model with Homogeneous Products	235
APPENDIX 7B Welfare in a Monopolistic Competition Model with Differentiated Products	240
EXAMPLE 7.1 All Water Is Not the Same	204
EXAMPLE 7.2 Entry Lowers Prices	211
EXAMPLE 7.3 The Jeans Market	216

EXAMPLE 7.4	A Serial Problem	229
EXAMPLE 7.5	Combining Beers	232
EXAMPLE 7.6	Value of Minivans	233

CHAPTER 8	Industry Structure and Performance	244
------------------	---	-----

Theories of Price Markups and Profits	245
--	-----

Structure-Conduct-Performance	246
--------------------------------------	-----

Measures of Market Performance	246
--------------------------------	-----

Rates of Return	247
-----------------	-----

Price-Cost Margins	254
--------------------	-----

Measures of Market Structure	255
------------------------------	-----

The Relationship of Structure to Performance	259
--	-----

Modern Structure-Conduct-Performance

Analysis	268
-----------------	-----

Theory	268
--------	-----

Empirical Research	272
--------------------	-----

Modern Approaches to Measuring Performance	274
--	-----

Static Studies	275
----------------	-----

Summary	281
----------------	-----

Problems	282
----------	-----

APPENDIX 8A	Relationship Between the Herfindahl-Hirschman Index (HHI) and the Price-Cost Margin	283
--------------------	---	-----

APPENDIX 8B	Identifying Market Power	284
--------------------	--------------------------	-----

EXAMPLE 8.1	Supermarkets and Concentration	273
--------------------	--------------------------------	-----

EXAMPLE 8.2	How Sweet It Is	278
--------------------	-----------------	-----

PART 3*Business Practices: Strategies and***CHAPTER 9 Price Discrimination 290**

Nonuniform Pricing 291**Incentive and Conditions for Price
Discrimination 293****Profit Motive for Price Discrimination 293**

and Conduct 289

Conditions for Price Discrimination 294

Resales 294

Types of Price Discrimination 296

Perfect Price Discrimination 299

Each Consumer Buys More Than One Unit 300

Different Prices to Different Groups	301
Other Methods of Third-Degree Price Discrimination	305
Welfare Effects of Price Discrimination	306
Summary	308
Problems	309
Suggested Readings	309
APPENDIX 9A An Example of Price Discrimination: Agricultural Marketing Orders	310
EXAMPLE 9.1 Coupons	292
EXAMPLE 9.2 Thank You, Doctor	295
EXAMPLE 9.3 Halting Drug Resale from Canada	297
EXAMPLE 9.4 Vertical Integration as a Means of Price Discrimination: Alcoa Shows Its True Metal	298
EXAMPLE 9.5 A Discriminating Labor Union	302
EXAMPLE 9.6 Does Competition Always Lower Price?	308
CHAPTER 10 Advanced Topics in Pricing	313
Nonlinear Pricing	313
A Single Two-Part Tariff	314
Two Two-Part Tariffs	316
Tie-in Sales	319
General Justifications for Tie-in Sales	319
Tie-in Sales as a Method of Price Discrimination	321
Package Tie-in Sales of Independent Products	322
Interrelated Demands	330
Quality Choice	336
Other Methods of Nonlinear Pricing	336
Minimum Quantities and Quantity Discounts	336
Selection of Price Schedules	337
Premium for Priority	337
Auctions	338

Summary	338
Problems	340
APPENDIX 10A The Optimal Two-Part Tariff	341
APPENDIX 10B Nonlinear Pricing with an Example	344
EXAMPLE 10.1 Football Tariffs	314
EXAMPLE 10.2 You Auto Save from Tie-in Sales	320
EXAMPLE 10.3 Stuck Holding the Bag	320
EXAMPLE 10.4 Tied to TV	325
EXAMPLE 10.5 Not Too Suite—Mixed Bundling	329
EXAMPLE 10.6 Price Discriminating on eBay	339
CHAPTER 11 Strategic Behavior	350
<hr/>	
Strategic Behavior Defined	350
Noncooperative Strategic Behavior	351
Predatory Pricing	352
Limit Pricing	360
Investments to Lower Production Costs	367
Raising Rivals' Costs	371
Welfare Implications and the Role of the Courts	378
Cooperative Strategic Behavior	379
Practices That Facilitate Collusion	379
Cooperative Strategic Behavior and the Role of the Courts	386
Summary	386
Problems	387
Suggested Readings	388
APPENDIX 11A: The Strategic Use of Tie-in Sales and Product Compatibility to Create or Maintain Market Power with Applications to Networks	389
EXAMPLE 11.1 Supreme Court Says Alleged Predation Must Be Credible	354
EXAMPLE 11.2 Evidence of Predatory Pricing in Tobacco	358

EXAMPLE 11.3 The Shrinking Share of Dominant Firms	365
EXAMPLE 11.4 And Only a Smile Remained	366
EXAMPLE 11.5 Strategic Behavior and Rapid Technological Change: The Microsoft Case	374
EXAMPLE 11.6 Value of Preventing Entry	377
EXAMPLE 11.7 The FTC versus Ethyl et al.	382
EXAMPLE 11.8 Information Exchanges: The Hardwood Case	383

CHAPTER 12 Vertical Integration and Vertical Restrictions	395
--	-----

The Reasons for and Against Vertical Integration	396
Integration to Lower Transaction Costs	400
Integration to Assure Supply	403
Integration to Eliminate Externalities	404
Integration to Avoid Government Intervention	404
Integration to Increase Monopoly Profits	405
Integration to Eliminate Market Power	412
The Life Cycle of a Firm	412
Vertical Restrictions	414

Vertical Restrictions Used to Solve Problems in Distribution	415
The Effects of Vertical Restrictions	425
Banning Vertical Restrictions	430
Franchising	431
Empirical Evidence	433
Evidence on Vertical Integration	433
Evidence on Vertical Restrictions	435
Summary	437
Problems	438
Suggested Readings	438
EXAMPLE 12.1 Outsourcing	397
EXAMPLE 12.2 Preventing Holdups	398
EXAMPLE 12.3 Own Your Own Steel Mill	404
EXAMPLE 12.4 Double Markup	419
EXAMPLE 12.5 Blockbuster's Solution to the Double Marginalization Problem	420
EXAMPLE 12.6 Free Riding on the Web	422
EXAMPLE 12.7 Brewing Trouble: Restricting Vertical Integration in Alcoholic Beverage Industries	426

PART 4*Information, Advertising, and***CHAPTER 13 Information 440****Why Information Is Limited 441****Limited Information About Quality 443**

The Market for “Lemons” 443

Solving the Problem: Equal Information 446

Evidence on Lemons Markets 450

Limited Information About Price 452

The Tourist-Trap Model 453

★The Tourists-and-Natives Model 457

d Disclosure 439

Providing Consumer Information	
Lowers Price	462
How Information Lowers Prices	463
An Example: Grocery Store Information Programs	465
Summary	467
Problems	468
Suggested Readings	468
APPENDIX 13A Market Shares in the Tourists-and-Natives Model	469

EXAMPLE 13.1 Genetically Modified Organisms: Do Consumers Not Care or Not Read?	442
EXAMPLE 13.2 Understanding Consumer Information	444
EXAMPLE 13.3 Counterfeit Halal Meat	447
EXAMPLE 13.4 Certifying Thoroughbreds	451
EXAMPLE 13.5 Price Dispersion and Search Costs in the Talmud	453
EXAMPLE 13.6 Price Dispersion	458
EXAMPLE 13.7 Tourist Cameras	464
CHAPTER 14 Advertising and Disclosure	471
Information and Advertising	474
Promotions	474
“Search” Versus “Experience” Goods	475
Informational Versus Persuasive Advertising	476
Profit-Maximizing Advertising	477
Effects of Advertising on Welfare	480
Price Advertising Increases Welfare	481

Advertising to Solve the Lemons Problem	481
When Advertising Is Excessive	483
False Advertising	489
Limits to Lying	489
Antifraud Laws	491
Disclosure Laws	492
Summary	494
Problems	494
Suggested Readings	495
APPENDIX 14A Profit-Maximizing Advertising	496
EXAMPLE 14.1 Branding and Labeling	475
EXAMPLE 14.2 Celebrity Endorsements	478
EXAMPLE 14.3 Milk Advertising	480
EXAMPLE 14.4 Social Gain from Price Advertising	482
EXAMPLE 14.5 Welfare Effects of Restricting Alcohol Ads	487
EXAMPLE 14.6 Let All Who Are Hungry Come and Eat	493

**CHAPTER 15 Decision Making over Time:
Durability 498**

How Long Should a Durable Good Last?	498
Competitive Firm's Choice of Durability	499
The Monopoly's Choice of Durability	500
Costly Installation and Maintenance	503
Renting Versus Selling by a Monopoly	505
Resale Market	505
★ Consumers' Expectations Constrain the Monopoly	507
Summary	520
Problems	521

et Clearing 497

Suggested Readings	521
APPENDIX 15A Multiperiod Durable Goods Monopoly	522
EXAMPLE 15.1 United Shoe	504
EXAMPLE 15.2 The Importance of Used Goods	508
EXAMPLE 15.3 The Alcoa Case: Secondhand Economics	510
EXAMPLE 15.4 Leasing Under Adverse Selection	512
EXAMPLE 15.5 Sales Versus Rentals	519
EXAMPLE 15.6 Lowering the Resale Price of Used Textbooks	520

Patents, Copyrights, and Trademarks	526
Patents	526
Copyrights	528
Trademarks	529
Distinctions Between Patents, Copyrights, and Trademarks	530
Incentives for Inventions Are Needed	530
Imitation Discourages Research	532
Patents Encourage Research	532
Patents Encourage Disclosure	536
★ Patents, Prizes, Research Contracts, and Joint Ventures	539
Determining the Optimal Number of Firms	541
No Government Incentives	542
Government-Financed Research	543
Prizes	544
Relaxing Antitrust Laws: Joint Ventures	547
Patents	548
Government Uncertainty	554
Patent Holders May Manufacture or License	554
Eliminating Patents	558
Market Structure	560
Market Structure Without a Patent Race	560
Optimal Timing of Innovations	561
Monopolies in Patent Races	564
Summary	566
Problems	567
Suggested Readings	568
EXAMPLE 16.1 Piracy	534
EXAMPLE 16.2 Patents Versus Secrets	537
EXAMPLE 16.3 Monkey See, Monkey Do	538
EXAMPLE 16.4 Joint Public-Private R&D	544
EXAMPLE 16.5 Prizes	545

EXAMPLE 16.6	Mickey Mouse Legislation	552
EXAMPLE 16.7	European Patents	555
EXAMPLE 16.8	Patent Thicket	565
CHAPTER 17	How Markets Clear: Theory and Facts	569
<hr/>		
How Markets Clear: Three Simple Theories		570
Competition		570
Oligopoly Models		570
Monopoly		570
Empirical Evidence on the Role of Price in Allocating Goods		571
The Rigidity of Prices		572
Movements in Prices and Price-Cost Margins over the Business Cycle		578
Explaining the Evidence		579
Extensions to the Simple Theory: The Introduction of Time		580
Fixed Costs of Changing Price		583
Implications of an Unchanging Price for Inventories		584
Asymmetric Information and Moral Hazard		586
Toward a General Theory of Allocation		587
Market Structure Is More Than Concentration		591
Produce-to-Order Versus Produce-to-Stock		591
Transmission of Shocks in Industries with Fixed Prices		592
Summary		593
Problems		593
EXAMPLE 17.1	Price Rigidity: It's the Real Thing	577
EXAMPLE 17.2	How Much Is That Turkey in the Window?	579
EXAMPLE 17.3	The Cost of Changing Prices	585
EXAMPLE 17.4	Creating Futures Markets	588
EXAMPLE 17.5	Oh Say Does That Star-Spangled Banner Yet Fly?	590

CHAPTER 18	International Trade	596
	Reasons for Trade Between Countries	596
	Comparative Advantage	597
	Intra-Industry Trade in Differentiated Products	598
	Free Riding, International Price Differences, and Gray Markets	598
	Dumping	603
	Tariffs, Subsidies, and Quotas	608
	Competition	609
	Creating and Battling Monopolies	611
	Strategic Trade Policy	618
	Industries with Positive Externalities	622
	Empirical Evidence on Intervention in International Trade	623
	Summary	627
	Problems	627
	APPENDIX 18A Derivation of the Optimal Subsidy	629
	EXAMPLE 18.1 Gray Markets	600
	EXAMPLE 18.2 Timber Wars and Retaliation	612
	EXAMPLE 18.3 Foreign Doctors	616
	EXAMPLE 18.4 Being Taken for a Ride: Japanese Cars	618
	EXAMPLE 18.5 Wide-Body Aircraft	625
	EXAMPLE 18.6 Stealing from U.S. Customers	626
CHAPTER 19	Antitrust Laws and Policy	631
	The Antitrust Laws and Their Purposes	632
	Antitrust Statutes	632
	Enforcement	633
	Goals of the Antitrust Laws	634
	Who May Sue?	637
	Economic Theory of Damages	639

The Use of U.S. Antitrust Laws	640
Private Litigation	642
Market Power and the Definition of Markets	642
Market Power	642
Market Definition	644
Cooperation Among Competitors	648
Price-Fixing and Output Agreements	649
Not All Agreements Among Competitors Are Illegal	651
Information Exchanges Among Competitors	653
Oligopoly Behavior	655
Mergers	657
Exclusionary Actions and Other Strategic Behavior	661
Competition Between Rivals	662
Competitive Behavior Deemed Undesirable by the Court	662
Vertical Arrangements Between Firms	668
Price Discrimination	674
Price Discrimination Under Robinson-Patman	674
Tie-in Sales	675
Effects of Antitrust Laws on the Organization of Unregulated and Regulated Firms	677
Summary	679
Problems	680
Suggested Readings	681
EXAMPLE 19.1 Using the Government to Create Market Power: Misuse of the Orange Book	635
EXAMPLE 19.2 Conflict Between European and U.S. Antitrust Authorities: GE-Honeywell	638
EXAMPLE 19.3 The Merger Guidelines	645

EXAMPLE 19.4 Antitrust Laws in Other Countries	650
EXAMPLE 19.5 Colleges and Antitrust: Does Your School Belong to a Cartel?	654
EXAMPLE 19.6 The FTC Plays with Toys ‘Я’ Us	673
CHAPTER 20 Regulation and Deregulation	682
<hr/>	
The Objectives of Regulators	686
Market Inefficiencies	686
Correcting Market Inefficiencies	687
Capture Theory and Interest-Group Theory	687
Making Monopolies More Competitive	691
Government Ownership	692
Privatizing	692
Franchise Bidding	694
Price Controls	696
★ Rate-of-Return Regulation	707
Quality Effects	712
Making Competitive Industries More Monopolistic	714
Limiting Entry	716
Agricultural Regulations: Price Supports and Quantity Controls	718
Deregulation	721
Airlines	724
Ground Transportation	730

Summary	734
Problems	734
Suggested Readings	735
EXAMPLE 20.1 Pizza Protection	685
EXAMPLE 20.2 Cross-Subsidization	688
EXAMPLE 20.3 Legal Monopolies	689
EXAMPLE 20.4 Public, Monopolistic, and Competitive Refuse Collection	693
EXAMPLE 20.5 Rent Control	715
EXAMPLE 20.6 Brewing Trouble	717
EXAMPLE 20.7 Deregulating Electricity: California in Shock	726
EXAMPLE 20.8 International and U.S. Deregulation in Telecommunications	728
EXAMPLE 20.9 European Deregulation of Airlines	731
Bibliography	737
Glossary	780
Answers to Odd-Numbered Problems	787
Legal Case Index	795
