

CONTENTS

<i>Contributors</i>	ix
<i>Preface</i>	xi
<i>Acknowledgments</i>	xiii
1. <i>Public Values: Multiattribute-Utility Measurement for Social Decision Making</i>	1
Peter C. Gardiner and Ward Edwards	
Introduction	2
The State of the Art in Land-Use Regulation	3
An Overview of Decision Analysis as It Applies to Planning and Evaluation	8
Outcome Evaluation Using Multiattribute-Utility Measurement	12
A Simple Multiattribute-Rating Technique (SMART)	14
The Case Study	24
A Public Technology for Land-Use Management	33
References	36
2. <i>Decision Processes in Recognition Memory</i>	39
Steven Schwartz	
Decision and Memory: A Hypothetical Mechanism for the Influence of Semantic Memory on Episodic Recognition- Memory Tasks	41
The Decision Model: Evidence from Experiments on the Recognition of Words and Names	47
The Decision Model: Evidence from Experiments on the Recognition of Word Strings and Sentences	51
Relationships between the Decision Model and Other Views of Memory	56
Conclusions	58
References	59
3. <i>Portfolio Theory and the Measurement of Risk</i>	63
Clyde H. Coombs	
Introduction	64
A Theory of Risk Preference	69
The Measurement of Risk	74
Discussion and Interpretation	79
Appendix	80
References	83

4. <i>Formal Models of Dilemmas in Social Decision Making</i>	87
Robyn M. Dawes	
Introduction	88
Social Dilemma: A Formal Definition	89
The Commons Dilemma	97
References	106
5. <i>An Information-Integration Analysis of Risky Decision Making</i>	109
James Shanteau	
Introduction	110
Information-Integration Theory	110
Multiplying Model	112
Adding Model	124
Discussion	130
References	134
6. <i>Information Integration in Social Judgment: Interaction of Judge and Informational Components</i>	139
Martin F. Kaplan	
Introduction	140
The Basic Model	140
The Judge in Social Judgment	144
Interaction of Judge and Informational Variables	156
Concluding Comments	162
References	164
7. <i>Integrating Verbal Information: The Referential-Communication Paradigm</i>	
Melvin Manis and Marjorie B. Platt	173
Introduction	174
Related Work	175
Redundancy and Communication	177
Ensemble Size and Communication	189
Concluding Remarks	197
References	197
8. <i>Judgment and Decision Processes in the Formation and Change of Social Attitudes</i>	201
Harry S. Upshaw	
Introduction	202
An Overview of the System	204
Phase 1: Processing Information about Alternative	

Positions on an Issue	207
Phase 2: Choosing among Alternative Positions	214
Phase 3: Describing Oneself on Attitude-Related Variables	219
Phase 4: Attitude Change and Judgmental Change	224
Conclusion	225
References	225
9. <i>The Role of Probabilistic and Syllogistic Reasoning in Cognitive Organization and Social Inference</i>	229
Robert S. Wyer, Jr.	
Introduction	230
The Nature of Cognitions	233
Tests of Subjective-Probability Models of Social Inference	236
Implications of a Syllogistic Model of Cognitive Functioning	246
The Contribution of Nonlogical Factors to Inference Phenomena	255
Concluding Remarks	266
References	267
10. <i>Social-Judgment Theory</i>	271
Kenneth R. Hammond, Thomas R. Stewart, Berndt Brehmer, and Derick O. Steinmann	
Why Is Judgment Required?	272
Basic Concepts	272
Quantitative Method	277
Discussion of Unique Contributions in Four Cases	291
Summary	305
References	307
<i>Author Index</i>	313
<i>Subject Index</i>	321
