Introduction: Information Systems and the Quest for Meaning – An Account of Claudio Ciborra’s Intellectual Journey <i>Giovan Francesco Lanzara</i>	1
Part I Tracing Ciborra’s Thought: From Institutional Economics to Phenomenology	
1 The Mind or the Heart? It Depends on the (Definition of) Situation <i>Claudio U. Ciborra</i>	31
2 Improvisation as Mood <i>Claudio U. Ciborra</i>	53
3 Imbrication of Representations: Risk and Digital Technologies <i>Claudio U. Ciborra</i>	70
4 Interpreting E-government and Development: Efficiency, Transparency or Governance at a Distance? <i>Claudio U. Ciborra</i>	90
5 From Tool to <i>Gestell</i> : Agendas for Managing the Information Infrastructure <i>Claudio U. Ciborra and Ole Hanseth</i>	111
6 The Platform Organization: Recombining Strategies, Structures, and Surprises <i>Claudio U. Ciborra</i>	134
7 Formative Contexts and Information Technology: Understanding the Dynamics of Innovation in Organizations <i>Claudio U. Ciborra and Giovan Francesco Lanzara</i>	159
8 Organizational Learning and Core Capabilities Development: The Role of IT <i>Rafael Andreu and Claudio U. Ciborra</i>	189

9	From Thinking to Tinkering: The Grassroots of Strategic Information Systems <i>Claudio U. Ciborra</i>	206
10	Reframing the Role of Computers in Organizations: The Transactions Costs Approach <i>Claudio U. Ciborra</i>	221
11	Markets, Bureaucracies and Groups in the Information Society: An Institutional Appraisal of the Impacts of Information Technology <i>Claudio U. Ciborra</i>	241
Part II Building on Ciborra's Legacy		
12	Knowledge: Climbing the Learning Ladder to a 'Phenomenological' View <i>Andrea Resca</i>	261
13	Organizing Technology: Of Hospitality <i>Martin Brigham and Lucas D. Introna</i>	276
14	The Hospitality Metaphor as a Theoretical Lens for Understanding the ICT Adoption Process <i>Amarolinda Zanela Saccol and Nicolau Reinhard</i>	305
15	Rigid Technology and Improvised Implementation: The case of ERP Systems <i>Amany R. Elbanna</i>	327
16	Object Lessons and Invisible Technologies <i>Edgar A. Whitley and Mary Darking</i>	348
17	Control Devolution as Information Infrastructure Design Strategy: A Case Study of a Content Service Platform for Mobile Phones in Norway <i>Petter Nielsen and Margunn Aanestad</i>	367
18	Transaction Costs and Information Systems: Does IT Add Up? <i>Antonio Cordella</i>	386
19	Dispositioning IT All: Towards a Theory for Thriving without Models <i>Ian O. Angell and Fernando M. Ilharco</i>	401
	<i>Index</i>	423

Illustrations

Tables

11.1	Qualitative changes in a sample of Italian organizations	250
11.2	Impacts of Information Technology on the four main organizational forms	252
16.1	The first four stages presented by Law and Singleton (2005)	350
16.2	The next three stages presented by Law and Singleton	352
16.3	SME engagement interviews	355
16.4	Version information for DBE studio, taken from (DBE Studio, 2008)	358
19.1	Controlling vs. Dispositioning	419

Figures

7.1	The process of innovation: The influence of the preexisting and the emergent formative contexts	172
8.1	The Capability Development Process: from resources to competitive advantage	192
8.2	Learning in the capabilities and core capabilities development process	194
8.3	Basic learning processes in the core capabilities formation process	195
10.1	Types of decision making models	225
10.2	Organization of an administrative structure	234
10.3	The introduction of middlemen	235
17.1	Content service request on the CPA platform	374
