PREFACE ix

1

THE NATURE OF MOTIVATION THEORY 1

- A Layman's View of Motivation, 3*
- The Mind–Body Problem, 4*
- Freedom and Determinism, 7*
- Philosophy and Language of Science, 10*
- Scientific Theory, 15*
- Objectivity, Explanation, and Causation, 18*
- Conclusion, 19*

2

THE CONCEPT OF MOTIVATION 21

- What is Learned: Mechanism vs. Cognition, 22*
- The Definition of Motivation, 24*
- Desire and Aversion as Intervening Variables, 25*
- Measurement of Motives, 32*
- Control and Measurement of Human Motives, 35*
- Conclusion, 42*

3**SPECIES SPECIFIC BEHAVIOR 44**

- The Problem of Instinct, 45*
- The Ethological Approach, 49*
- The Evolution of Behavior, 53*
- Stimulus Control of Species Specific Behavior, 60*
- Circadian Rhythms, 66*
- Orientation and Communication: The Dance of the Bees, 69*
- Conclusion, 71*

4**THE CONCEPT OF DRIVE 72**

- Evolutionary Background, 73*
- Hull's Theory, 75*
- Drive and Activity, 79*
- The Concept of Irrelevant Drive, 85*
- Drive Stimulus Theory, 91*
- Conclusion, 102*

5**ACTIVATION AND AROUSAL 103**

- Activation Theory, 104*
- Sleep and Arousal, 117*
- Conclusion, 122*

6**REWARDS: 1. THEORIES OF REINFORCEMENT 123**

- The Concept of Reinforcement, 124*
- Response Interpretations of Reinforcement, 125*
- Motivational Interpretations of Reinforcement, 129*
- Stimulus Interpretations of Reinforcement, 134*
- Secondary Reinforcement, 138*

*Interaction of Extrinsic Rewards with Intrinsic
Motivation, 144*
Conclusion, 146

7

REWARDS: 2. INCENTIVE MOTIVATION 147

The Concept of Incentive, 148
Response Theories for Incentive Motivation, 153
Central State Theories for Incentive Motivation, 163
Conclusion, 176

8

AVERSIVE STIMULATION: 1. ESCAPE LEARNING, FEAR CONDITIONING, AND FRUSTRATION 177

Instrumental Escape Learning, 178
Conditioned Aversion: Fear, 182
Frustration, 195
Conclusion, 202

9

AVERSIVE STIMULATION: 2. AVOIDANCE CONDITIONING AND PUNISHMENT 203

Avoidance Conditioning, 204
Passive Avoidance (Punishment), 216
Stimulus Factors in Punishment, 220
Response Factors in Punishment, 224
Further Punishment Phenomena, 225
Human Applications of Punishment, 229
Conclusion, 231

10

CONSISTENCY AND CHANGE 232

Incongruity Models for Motivation, 233
Striving for Change, 245
Conclusion, 254

11**CONFLICT, STRESS, ANXIETY, AND COPING 255**

- Conflict*, 256
- Stress*, 263
- Anxiety*, 273
- Coping*, 275
- Conclusion*, 284

12**AGGRESSION 285**

- What is Aggression?* 286
- Animal Aggression*, 288
- Human Aggression*, 292
- Stimulus-Aroused Human Aggression*, 293
- Instrumental Human Aggression*, 299
- Control of Aggression*, 305
- Biological Factors in the Control of Aggression*, 309
- Conclusion*, 315

13**ACHIEVEMENT MOTIVATION, ATTRIBUTION,
AND POWER 316**

- Achievement Motivation*, 317
- Attribution Theory*, 329
- The Attribution of Emotion: Do We Feel What We Think?* 338
- Power*, 347
- Conclusion*, 352

14**INTERPERSONAL ATTRACTION 353**

- Some Distinctions: Affiliation, Liking, and Loving*, 354
- Affiliation*, 354

Attraction, 358
Theories of Interpersonal Attraction, 360
Liking and Loving, 363
Human Sexuality, 367
Conclusion, 373

15

PHYSIOLOGY OF SOME CONSUMMATORY BEHAVIORS 375

Background, 376
Central Motive State, 376
Hunger, 378
Thirst, 392
Taste, 399
Electrical Stimulation of the Brain (ESB): Reward
and Punishment, 405
Conclusion, 415
