I The Behavior Modification Approach 1

1 Introduction 3

Study Questions *10*

Study Exercises *11*

Self-Modification Exercise *11*

Extended Discussion and Notes *12*

II Basic Behavioral Principles and Procedures 15

2 Getting a Behavior to Occur More Often With POSITIVE REINFORCEMENT 17

“Charles, take your pills”

Charles Case *17*

Positive Reinforcement *18*

Factors Influencing the Effectiveness of Positive Reinforcement 21
Pitfalls of Positive Reinforcement: How It Works to the Disadvantage
of Those Who are Ignorant of It 29
Guidelines for the Effective Application of Positive Reinforcement 31
Study Questions 32
Study Exercises 33
Self-Modification Exercises 34
Extended Discussion and Notes 34

3 Decreasing A Behavior With EXTINCTION 39

"Peter, your tantrums are driving me crazy."

Peter's Case 39
Extinction 40
Factors Influencing the Effectiveness of Extinction 41
Pitfalls of Extinction: How It Works to the Disadvantage
of Those Who Are Ignorant of It 48
Guidelines for the Effective Application of Extinction 51
Study Questions 53
Study Exercises 54
Self-Modification Exercises 54
Extended Discussion and Notes 55

4 Getting A New Behavior to Occur: an Application of SHAPING 58

"Valerie, walk by yourself to supper"

Teaching Valerie to Walk 58
Shaping 60
Factors Influencing the Effectiveness of Shaping 62
Pitfalls of Shaping: How It Works to the Disadvantage
of Those Who Are Ignorant of It 64
Guidelines for the Effective Application of Shaping
Study Questions 68
Study Exercises 69
Self-Modification Exercises 70
Extended Discussion and Notes 70

5 Section One: Developing Behavioral Persistence Through the Use of INTERMITTENT REINFORCEMENT 73

"Benny, you must learn to be patient"

Some Patience for Benny 73
Intermittent Reinforcement 74
Study Questions 81
Extended Discussion and Notes 82

**Section Two: More About Increasing and Maintaining Behavior
Through the Use of INTERMITTENT REINFORCEMENT 84**

Pitfalls of Intermittent Reinforcement: How it works to the Disadvantage
of Those Who Are Ignorant of It 90

Guidelines for the Effective Use of Intermittent Reinforcement	90
Study Questions	91
Study Exercises	92
Self-Modification	93
Extended Discussion and Notes	93

6 TYPES OF INTERMITTENT REINFORCEMENT

to Decrease Behavior 95

“Tommy, a little less talking out please”

Decreasing Tommy’s Talking Out 95

Differential Reinforcement of Low Rates 96

Differential Reinforcement of Zero Responding 97

Pitfalls of Differential Reinforcement of Low Rates: How It Works to
the Disadvantage of Those Who Are Ignorant of It 98

Guidelines for the Effective Use of Differential Reinforcement of Low Rates 98

Study Questions 99

Study Exercises 100

Extended Discussion and Notes 100

7 Doing the Right Thing at the Right Time and Place is a Matter for STIMULUS CONTROL 103

“Now girls, let’s sit quietly and watch T.V.”

Learning to Sit Quietly at the Right Time and Place 103

Stimulus Control 104

Factors Determining the Effectiveness of Stimulus Control 108

Pitfalls of Stimulus Control: How It Works to the Disadvantage
of Those Who Are Ignorant of It 111

Guidelines for Effectively Developing Stimulus Control 113

Study Questions 114

Study Exercises 115

Self-Modification Exercises 115

Extended Discussion and Notes 116

8 Developing Appropriate Behavior With FADING 120

“Peter, what’s your name?”

Teaching Peter his Name 120

Fading 121

Using Fading Procedures to Teach Verbal Skills
to Severely Retarded and Autistic Children 124

Factors Influencing the Effectiveness of Fading 128

Pitfalls of Fading: How It Works to the Disadvantage
of Those Who Are Ignorant of It 129

Guidelines for the Effective Application of Fading 130

Study Questions 130

Study Exercises 131

Self-Modification Exercise 132

Extended Discussion and Notes 132

9 Developing and Maintaining Behavior With

CONDITIONED REINFORCEMENT 134

"Johnny, would you like to cash in your pegs?"

Johnny's Token-Reinforcement Program 134

Conditioned Reinforcement 136

Factors Influencing the Effectiveness of Conditioned Reinforcement 139

Pitfalls of Conditioned Reinforcement: How It Works to the Disadvantage
of Those Who Are Ignorant of It 141

Guidelines for the Effective Use of Conditioned Reinforcement 141

Study Questions 143

Self-Modification Exercises 144

Extended Discussion and Notes 144

10 Getting A New Behavior to Occur With BACKWARD CHAINING 146

"Giselle, will you make the bed for me, please?"

Teaching Giselle to Make a Bed 146

Stimulus-Response Chaining 148

Factors Influencing the Effectiveness of Backward Chaining 151

Pitfalls of Chaining: How It Works to the Disadvantage
of Those Who Are Ignorant of It 153

Guidelines for the Effective Use of Backward Chaining 155

Study Questions 155

Study Exercises 156

Self-Modification Exercise 156

Extended Discussion and Notes 157

11 Transferring A Behavior From One Setting to Another Through GENERALIZATION 158

"Let's improve our posture"

Sandra, Sarah, Sigrid, and Susan Learn Good Posture 158

Generalization 162

Factors Influencing the Effectiveness of Generalization 163

Pitfalls of Generalization: How It Works to the Disadvantage
of Those Who Are Ignorant of It 169

Guidelines for Effective Generalization Programming 170

Study Questions 171

Study Exercises 172

Self-Modification Exercise 172

Extended Discussion and Notes 172

12 Eliminating Inappropriate Behavior

Through PUNISHMENT and Positive Reinforcement 175

"James, don't hurt yourself"

Eliminating James's Self-Abuse 175

The Principle of Punishment 178

Factors Influencing the Effectiveness of Punishment 179

Pitfalls of Punishment: How It Works to the Disadvantage
of Those Who Are Ignorant of It 184

Guidelines for the Effective Application of Punishment Procedures 187
Study Questions 188
Study Exercises 189
Self-Modification Exercise 189
Extended Discussion and Notes 189

13 Establishing A Desirable Behavior By Using ESCAPE and AVOIDANCE Conditioning 193

"Scotty, would you like to play with your new toy?"

A New Toy For Scotty 193
Escape and Avoidance 195
Pitfalls of Escape and Avoidance: How They Work to the Disadvantage
of Those Who Are Ignorant of Them 198
Guidelines for the Effective Application of Escape and Avoidance 199

A Cautionary Note 221
Study Questions 221
Extended Discussion and Notes 222

III Some Preliminary Considerations to Effective Programming Strategies 225

15 "Short-Cut" Tactics Involving Existing Forms of Stimulus Control: INSTRUCTION, MODELING, GUIDANCE and SITUATIONAL INDUCEMENT 227

Instruction 228
Modeling 331
Physical Guidance 233
Situational Inducement 235
Study Questions 240
Study Exercises 242
Self-Modification Exercise 242
Extended Discussion and Notes 242

16 ALTERNATIVE STRATEGIES For Decreasing Behavior 247

It helps to Consider the Causes of Behavior 249
Alternative Strategies for Decreasing Behavior 250
Guidelines for Decreasing Behavior 255
Study Questions 255
Study Exercises 256

**17 More About the Gradual Change Procedures:
FADING, SHAPING and CHAINING 259**
