## PART ONE • THEORIES: CLINICAL EVOLUTION

1

<b>CHAPTER 1</b>	INTRODUCTION	3
	Psychology as a Science . . . . .	7
	The Scientific Method and the Science of Personality . . . . .	8
	Inductive Criteria . . . . .	12
	Restructural Criteria . . . . .	13
	Rationale for the Chapters in this Textbook . . . . .	13
<b>CHAPTER 2</b>	FREUD: THEORIES OF PERSONALITY, DEVELOPMENT, AND THE INTERPRETATION OF DREAMS	16
	<b>SIGMUND FREUD</b>	17
	Determinants of Personality . . . . .	18
	Freud and God . . . . .	19
	Structure of Personality . . . . .	22
	Stages of Development . . . . .	23
	Defense Mechanisms . . . . .	28
	The Interpretation of Dreams . . . . .	32
	Psychoanalytic Therapy . . . . .	33
	A Freudian Case Study . . . . .	34
	Heuristic Implications . . . . .	41
	Conclusion . . . . .	43
<b>CHAPTER 3</b>	ANALYTIC SCHOOLS OF THOUGHT: JUNG, ADLER, ERIKSON, AND HORNEY	46
	<b>CARL GUSTAV JUNG</b>	47
	The Structure of Personality . . . . .	49
	Significant Concepts in Jung's Theory . . . . .	51

Functional Aspects of Personality . . . . .	53
Doctor, Heal Thyself . . . . .	57
Heuristic Implications . . . . .	59
Conclusion . . . . .	61
<b>ALFRED ALDER . . . . .</b>	<b>61</b>
The Theory . . . . .	64
Major Concepts . . . . .	65
The Hero Role in Fantasy . . . . .	66
Heuristic Implications . . . . .	75
Conclusion . . . . .	75
<b>ERIK H. ERIKSON . . . . .</b>	<b>76</b>
The Eight Psychosocial Stages . . . . .	77
Erikson on Freud . . . . .	78
Heuristic Implications . . . . .	84
Conclusion . . . . .	84
<b>KAREN HORNEY . . . . .</b>	<b>85</b>
Basic Concepts . . . . .	85
Suffering . . . . .	88
Self Analysis . . . . .	89
Feminine Psychology . . . . .	91
Heuristic Implications . . . . .	92
Conclusion . . . . .	92
<b>CHAPTER 4 THE HUMANISTS: MASLOW, ROGERS, AND PERLS . . . . .</b>	<b>95</b>
The Humanists . . . . .	96
<b>ABRAHAM H. MASLOW . . . . .</b>	<b>96</b>
Basic Tenets . . . . .	97
Characteristics of Self-Actualizers . . . . .	99
Their Strengths . . . . .	99
Their Weaknesses . . . . .	101
Heuristic Implications . . . . .	106
Conclusion . . . . .	106
<b>CARL R. ROGERS . . . . .</b>	<b>107</b>
Basic Beliefs . . . . .	109
Theory of Personality Development . . . . .	109
A Letter to Carl Rogers . . . . .	112

A Rogerian Computer Program . . . . .	116
Heuristic Implications . . . . .	118
Conclusion . . . . .	118
<b>FREDERICK S. PERLS . . . . .</b>	<b>119</b>
Gestalt . . . . .	120
Underlying Assumptions in the Gestalt	
Theory of Personality . . . . .	121
Structure of Neurosis . . . . .	126
Eight Factors that Inhibit Psychological	
Health . . . . .	127
Dreams . . . . .	130
Gestalt Therapy . . . . .	130
Heuristic Implications . . . . .	131
A Letter from Fritz Perls . . . . .	132
Conclusion . . . . .	134
<b>PART TWO • RESEARCH EVOLUTION        139</b>	
<b>CHAPTER 5        THE TRAIT THEORISTS: ALLPORT, SHELDON, CATTELL, AND EYSENCK        141</b>	
<b>GORDON ALLPORT . . . . .</b>	<b>142</b>
Traits . . . . .	143
Personal Dispositions (Morphogenic Traits)	145
The Proprium . . . . .	145
Functional Autonomy . . . . .	146
The Letters of Jenny Gove Masterson . .	146
Heuristic Implications and Conclusion .	148
<b>WILLIAM SHELDON . . . . .</b>	<b>148</b>
Conclusion and Heuristic Implications	154
<b>RAYMOND B. CATTELL . . . . .</b>	<b>154</b>
Conclusion and Heuristic Implications	159
<b>HANS J. EYSENCK . . . . .</b>	<b>160</b>
Eysenck the Scientist . . . . .	160
Eysenck the Critic . . . . .	163
Eysenck the Humorist: On the Rat and	
the Couch . . . . .	164
Conclusion and Heuristic Implications .	167

<b>CHAPTER 6</b>	SOCIAL LEARNING THEORIES: DOLLARD AND MILLER, ROTTER, BANDURA, AND MISCHEL	<hr/> <b>170</b>
<b>JOHN DOLLARD AND NEAL MILLER</b>		<b>171</b>
Drive . . . . .	<b>172</b>	
Cue . . . . .	<b>173</b>	
Response . . . . .	<b>173</b>	
Reward . . . . .	<b>173</b>	
Conflict . . . . .	<b>174</b>	
Conclusion and Heuristic Implications . . . . .	<b>175</b>	
The Case of Mrs. A . . . . .	<b>177</b>	
Analysis in Terms of Conflict, Repression, Reinforcement . . . . .	<b>179</b>	
<b>JULIAN B. ROTTER</b>		<b>182</b>
Basic Concepts . . . . .	<b>183</b>	
Predictive Formulas . . . . .	<b>185</b>	
Minimal Goal Level and Generalized Expectancies . . . . .	<b>187</b>	
Conclusion and Heuristic Implications . . . . .	<b>189</b>	
Rotter's Theory and the Practice of Psychotherapy . . . . .	<b>190</b>	
Depressive Behavior . . . . .	<b>190</b>	
<b>ALBERT BANDURA</b>		<b>192</b>
Social Learning Theory . . . . .	<b>193</b>	
Modeling, Observational, and Imitative Learning . . . . .	<b>194</b>	
Following the Leader . . . . .	<b>196</b>	
Cognitive Control of Behavior . . . . .	<b>197</b>	
Conclusion and Heuristic Implications . . . . .	<b>197</b>	
<b>WALTER MISCHEL</b>		<b>198</b>
Cognitive and Behavioral Construction Competencies . . . . .	<b>199</b>	
Encoding Strategies and Personal Constructs . . . . .	<b>200</b>	
Behavioral Outcome and Stimulus Outcome Expectancies . . . . .	<b>200</b>	
Subjective Stimulus Values . . . . .	<b>202</b>	
Self-Regulatory Systems and Plans . . . . .	<b>202</b>	
Conclusion and Heuristic Implications . . . . .	<b>203</b>	

<b>CHAPTER 7</b>	SELF-CONCEPTIONS OF PERSONALITY: KELLY AND THEORIES OF IMPLICIT PERSONALITY, ATTRIBUTION, AND EQUITY	<b>207</b>
<b>GEORGE A. KELLY</b>		<b>208</b>
	The Individual as Scientist . . . . .	<b>209</b>
	Personal Constructs in the Context of One's Culture . . . . .	<b>214</b>
	The Role Construct Repertory Test (REP) and Psychotherapy . . . . .	<b>215</b>
	Concerns with Psychological Research . . . . .	<b>217</b>
	Conclusion and Heuristic Implications . . . . .	<b>218</b>
	Implicit Personality Theory . . . . .	<b>219</b>
	Self-Awareness and Implicit Personality Theory . . . . .	<b>223</b>
	Conclusion and Heuristic Implications . . . . .	<b>224</b>
	Attribution Theory . . . . .	<b>225</b>
	The Consequence of False Attributions . . . . .	<b>227</b>
	Conclusion and Heuristic Implications . . . . .	<b>228</b>
	Equity Theory . . . . .	<b>229</b>
	"Aw, That Didn't Feel that Bad!" . . . . .	<b>230</b>
	The Parent-Child Relationship . . . . .	<b>231</b>
	Evaluating the Behavior of Others When It Is Out of Role . . . . .	<b>233</b>
	Conclusion and Heuristic Implications . . . . .	<b>234</b>
<b>PART THREE • PERSONALITY ASSESSMENT</b>		<b>241</b>
<b>CHAPTER 8</b>	CRITERIA FOR EVALUATING PERSONALITY TESTS	<b>243</b>
	The Use of Personality Tests . . . . .	<b>245</b>
	Methods of Validating Personality Tests . . . . .	<b>247</b>
	Methods of Demonstrating Reliability . . . . .	<b>250</b>
	Test-Retest Reliability . . . . .	<b>252</b>
	Split-Half Reliability . . . . .	<b>253</b>
	Inter-rater Reliability . . . . .	<b>253</b>
	Sources Influencing Test Responses . . . . .	<b>254</b>

Clinical versus Statistical Prediction . . . . .	<b>255</b>
Current Issues . . . . .	<b>256</b>
Research Example: The Mosher Guilt Scales . . . . .	<b>257</b>
Conclusion and Heuristic Implications . . . . .	<b>258</b>
<b>CHAPTER 9 PERSONALITY TESTS</b> . . . . .	<b>262</b>
Types of Personality Assessments . . . . .	<b>263</b>
Projective Tests . . . . .	<b>263</b>
Interviews . . . . .	<b>270</b>
Self-Report Tests . . . . .	<b>272</b>
Behavioral Assessment . . . . .	<b>275</b>
Unobtrusive Measures . . . . .	<b>276</b>
Conclusion and Heuristic Implications . . . . .	<b>276</b>
<b>PART FOUR • CURRENT RESEARCH TOPICS IN PERSONALITY</b> <b>281</b>	
<b>CHAPTER 10 TRAITS VERSUS SITUATIONS</b> . . . . .	<b>283</b>
The Trait Approach . . . . .	<b>284</b>
The Significant Traits . . . . .	<b>285</b>
Trait Research . . . . .	<b>286</b>
Situationalism . . . . .	<b>287</b>
The Controversy . . . . .	<b>289</b>
The Solution: Interactionism . . . . .	<b>291</b>
Alternative Research Strategies . . . . .	<b>292</b>
Normative . . . . .	<b>298</b>
Ipsative . . . . .	<b>298</b>
Idiographic . . . . .	<b>299</b>
Heuristic Implications . . . . .	<b>299</b>
Conclusions . . . . .	<b>300</b>
<b>CHAPTER 11 SEX DIFFERENCES IN PERSONALITY</b> . . . . .	<b>305</b>
Sex Differences . . . . .	<b>306</b>
Theories of Gender Differences in Personality . . . . .	<b>307</b>
Sex Differences in Personality . . . . .	<b>314</b>
Stereotypes about Sex Differences in Personality . . . . .	<b>318</b>
Heuristic Implications . . . . .	<b>324</b>

A Riddle . . . . .	<b>324</b>
Conclusion . . . . .	<b>325</b>
<b>CHAPTER 12 BIOLOGICAL APPROACHES TO PERSONALITY</b>	<b>331</b>
A Developmental Perspective . . . . .	<b>332</b>
Psychophysiological Devices in Personality Research . . . . .	<b>338</b>
Behavioral Genetics . . . . .	<b>341</b>
Behavioral Endocrinology: How Hormones Affect and Are Affected by Behavior . . . . .	<b>346</b>
Heuristic Implications . . . . .	<b>355</b>
Conclusion . . . . .	<b>355</b>
<b>NAME INDEX</b> . . . . .	<b>361</b>
<b>SUBJECT INDEX</b> . . . . .	<b>370</b>
