Preface ix

1. Psychological Assessment and Clinical Practice: Problems and Prospects

Paul McReynolds

1

Background and Current Status	2
Assessment and Psychotherapy	10
An Agenda for Clinical Assessment	16
Concluding Remarks	23

2. Concurrent Validation After 20 Years: The Implications of Personality Stability for Its Assessment

Paul T. Costa, Jr. and Robert R. McCrae

31

Stability of Mean Levels	34
Alternative Interpretations	36
Validation Over Time	39
An Example: The NEO Model	40
Some Implications and Issues	49
Summary	51

3. The Assessment of Marital Happiness

Yacov Rofé

55

Dimensions of Marital Happiness	55	
Determinants of Marital Happiness	56	
Repression Orientation and Marital Happiness		57
Method	58	
Results	62	
Discussion	74	

4. Current Developments in MMPI Use: An International Perspective

James N. Butcher

83

Use of the MMPI in Nigeria	85	
Use of the MMPI in Poland	90	
Use of the MMPI in the People's Republic of China		91
Use of the MMPI in the Soviet Union	92	

5. A Consolidated Version of the MMPI in Japan

Lee Anna Clark

95

Evaluations of Existing Data	98	
Toward a Consolidated Version	103	
Directions for Future Research	127	

6. Cross-Cultural Considerations for the Translation and Adaptation of the Chinese MMPI in Hong Kong

Fanny M. Cheung

131

Translation Refinement	133	
Translation Equivalence	134	
MMPI Profiles of Normals in Hong Kong		135
Item Endorsement Patterns	140	
Item Desirability	145	
Studies on Psychiatric Patients and Prisoners		151
Implications for the Use of MMPI with Nonwestern Cultures	154	

7. Adaption of the MMPI in Greece: Translation, Standardization, and Cross-Cultural Comparison

Nikolas Manos

159

Translation	160
Bilingual Study	161
Standardization	163
Discussion	195
Clinical Application	199
Recent Developments	205
Summary	205

8. Use of the MMPI in Chile

Fernando J. Rissetti and Sergio G. Maltes

209

Goals and Structure of the Research Project	210
Study 1: Standardization Study	211
Study 2: Cross-Cultural Comparisons	215
Study 3: Preliminary Validation Study	219
Study 4: Construct Validity of the MMPI in the Chilean Target Population	221
Study 5: Predictive Validity Study	239
Study 6: Stability of Self Report Behavior	248
Study 7: Prediction of Type of Psychological Decompensation from Self-Report at University Entrance	250
Study 8: Concurrent Validity of the MMPI Profile Classification System	252
Final Comments	254
