Introduction	xi

Part I: Theoretical and methodological introduction

Chapter 1 Biosocial interaction and individual adaptation	3
<i>Joop Hettema and Douglas T. Kenrick</i>	

Chapter 2 Principles of personality assessment	31
<i>Joop Hettema</i>	

Part II: Assessment at the cognitive–symbolic level

Chapter 3 Self-report: from traits to strategies	49
<i>Joop Hettema</i>	

Chapter 4 Situation concepts: definitions and classification	53
<i>Guus L. Van Heck</i>	

Chapter 5 Transformation rules: towards a taxonomy of everyday behavior	71
<i>Joop Hettema</i>	

Chapter 6 The assessment of behavioral strategies	87
<i>Joop Hettema and Dorien P. Hol.</i>	

Part III: Assessment at the control level

Chapter 7	Psychophysiology: from temperament to tactics	107
	<i>Joop Hettema</i>	
Chapter 8	The representation of situations through films	113
	<i>Joop Hettema, Guus L. Van Heck and Cor Brandt</i>	
Chapter 9	Patterns of physiological and biochemical reaction during films	129
	<i>Joop Hettema, Ad J. Vingerhoets and Guus L. Van Heck</i>	
Chapter 10	Construct validation of psychophysiological state patterns	147
	<i>Joop Hettema, Ad J. Vingerhoets, Margo van der Molen and Fons J. van de Vijver</i>	

Part IV: Assessment at the sensorimotor–operational level

Chapter 11	Behavioral observation: traits, situations or interactions	165
	<i>Joop Hettema</i>	
Chapter 12	Settings and schedule for the direct observation of behavior	169
	<i>Dorien P. Hol</i>	
Chapter 13	An empirical study of interpersonal behavior in simulated situations	177
	<i>Joop Hettema and Dorien P. Hol.</i>	

Part V: Personality as a strategic–tactical coalition

Chapter 14	Predictive validity	189
	<i>Joop Hettema</i>	
Chapter 15	Towards a two-process conception of human adaptation	203
	<i>Joop Hettema</i>

Appendices

Appendix A	List of situation concepts	241
Appendix B	Clusters of cues	245
Appendix C	Clusters of situations arranged in terms of factor loadings	253
Appendix D1	Dendrogram of 25 situations (see Chapter 4, Table 1) based on actions	257
Appendix D2	Dendrogram of 25 situations (see Chapter 4, Table 1) based on persons and person characteristics	258
Appendix D3	Dendrogram of 25 situations (see Chapter 4, Table 1) based on locations and location characteristics	259
Appendix E	Verbs classified according to primitive actions and d-goals	260
Appendix F	Rank-order of primitive actions (F-a) and d-goals (F-b) in the prototypical package	262
Author index	265
Subject index	271
