# Contents

**Preface** vii

PART I INTRODUCTION . . . . . 1

1. Overview and Critique
*Wilbert J. McKeachie* . . . . . 3

Methodological Problems 4
Research Design 5
Nature of the Task 6
Measuring Learning 7
Improving Performance 7
Interactions With Other Individual Differences 8
Summary 10

2. Development of the Concept of Anxiety
*Joan E. Sieber* . . . . . 11

Philosophical Conceptions of Anxiety 12
Scientific Conceptions of Anxiety 15
Summary of Main Concepts 21
Focus 21

3. How Shall Anxiety be Defined?
*Joan E. Sieber* . . . . . 23

Evaluative Anxiety and General Anxiety 23
Problems Concerning the Definition of Anxiety 26
Approaches to Defining Anxiety 26
Summary 39

4. A Paradigm for Research on Treatment Designed to Modify Anxiety of its Effects
*Joan E. Sieber* . . . . . 41

Problems With the Trait Conception of Anxiety 42
A Paradigm for Applied Research on Evaluative Anxiety 44
Three Examples of Use of the Paradigm 56

PART II ANXIETY-TREATMENT INTERACTIONS . . . . . 73

5. Anxiety and Instructional Methods: An Introduction
*Sigmund Tobias* . . . . . 75

Instruction and Anxiety 75
Attribute-Treatment Interactions 78
Regression Analysis 84

6. Anxiety-Treatment Interactions: A Review of Research
*Sigmund Tobias* . . . . . 86

Rationale 86
Programmed Instruction and Computer-Assisted Instruction 88
Studies Using the Heart-Disease Instructional Program 94
State Anxiety and Anxiety-Treatment Interactions: Some Problems 104
Studies of Classroom and Other Modes of Instruction 112

PART III ANXIETY AND COMPUTER-BASED INSTRUCTION . . . . . 117

7. Computer-Based Research on Anxiety and Learning: An Overview and Critique
*Charles D. Spielberger* . . . . . 119

An Overview of Computer-Based Research on Anxiety and Learning 120
Drive Theory and Trait-State Anxiety Theory 120
The Effects of Instructional Strategies on State Anxiety 122
Coping With Anxiety in Test Situations 125
State Anxiety and Performance in Computer-Based Learning Environments 127

Tobias' Information-Processing Model for Research on Anxiety and Learning 129
Summary and Conclusion 131

8. Anxiety and Learning in Computer-Based Learning Environments: An Overview
*Harold F. O'Neil, Jr. and Frank C. Richardson* . . . . . **133**

Computer-Based Learning Environments 133
Computer-Assisted Instruction 134
Computer-Managed Instruction 137
Trait-State Anxiety Theory 138
Validity and Reliability of the State-Anxiety Scale 139
Development of a Brief Measure of State Anxiety 140
Overview of Remaining Chapters 142

9. Reduction of State Anxiety Via Instructional Design in Computer-Based Learning Environments
*John J. Hedl, Jr. and Harold F. O'Neil, Jr.* . . . . . **147**

An Instructional-Design Model 148
Behavioral Objectives and State Anxiety 150
Response Mode and State Anxiety 154
Learner Control and State Anxiety 157
Program Evaluation and State Anxiety 163
Summary and Discussion 170

10. Development and Evaluation of an Automated Test-Anxiety-Reduction Program for a Computer-Based Learning Environment
*Frank C. Richardson, Harold F. O'Neil, Jr. and Richard D. Grant, Jr.* . . **173**

The Construct of Test Anxiety 174
The Nature and Treatment of Test Anxiety 174
Treatment of Test Anxiety 175
Development of the Automated Program 179
Evaluation of the Automated Program 183
Discussion 198
Implications For Further Research 199

11. State Anxiety and Performance in Computer-Based Learning Environments
*Harold F. O'Neil, Jr., Wilson A. Judd, and John J. Hedl, Jr.* . . . . . **201**

Drive Theory 201
Trait-State-Anxiety Theory 202

Effects of State Anxiety on Performance 203
Effects of State Anxiety on Performance in Computer-Assisted Instruction 203
Effects of State Anxiety of Performance in Computer-Managed Instruction 213
Summary and Discussion 218

PART IV A MODEL FOR EXAMINING INTERACTION EFFECTS OF ANXIETY AND INSTRUCTIONAL PROCEDURES ON PERFORMANCE . . . . . 221

12. A model for Research on the Effect of Anxiety on Instruction
*Sigmund Tobias* . . . . . 223

An Information-Processing Model of Attribute-Treatment Interactions 223
Treatment Interactions 223
Implications of the Model for Research on Anxiety-Treatment Interactions 225
Arousal and Maintenance of Anxiety in Instructional Research Situations 228
Applications of the Model in Anxiety-Treatment-Interaction Research 229
Summary 239

References. . . . . 241
