

CONTENTS

Introduction	1
1. Cognitive Components of the Infant's Response to Strangeness	11
<i>H. Rudolph Schaffer</i>	
From impulsiveness to wariness	12
From sequential to simultaneous consideration	16
From recognition to recall	19
Conclusions	22
References	23
2. Fear-Mediated Processes in the Context of Imprinting	25
<i>Howard S. Hoffman</i>	
What is imprinting?	25
The development of novelty-induced fear	34
The development of separation-induced aversive reactions	38
Fear-mediated aggression in the context of imprinting	40
The effect of aversive stimulation	42
Conclusions	45
References	46
3. Contextual Determinants of Infant Affective Response	49
<i>L. Alan Sroufe, Everett Waters, and Leah Matas</i>	
Contextual determinants of infant affective response	49
Role of context in determining affective expression	52
The relation between fear and laughter	59
The development of fear	65
Conclusions	69
References	70

- 4. Fear and the Development of Social Attachments in the First Year of Life** 73
Henry N. Ricciuti
The present research 77
Study A (1971-1972) 78
Summary 92
Studies B (1973) and C (1973) 92
Study D (1972, 1973) 96
Discussion 99
References 104
- 5. Social and Situational Determinants of Fear in the Playgroup** 107
Peter K. Smith
Novelty in the playgroup 109
Crowding in the playgroup 115
What is meant by crowding? 117
References 127
- 6. Responses of One-Year-Olds to a Stranger in a Strange Situation** 131
Inge Bretherton and Mary D. Salter Ainsworth
Method 133
Results 141
Discussion 154
References 162
- 7. Fear of Strangers and Specificity of Attachment in Monkeys** 165
Leonard A. Rosenblum and Stephanie Alpert
Overview 165
Mother preference and fear of stranger 173
Results and discussion 178
Summary 189
References 190
- 8. Self, Other, and Fear: Infants' Reactions to People** 195
Michael Lewis and Jeanne Brooks
Experimental procedures 196
Behavioral scales 197
Fear of strangers 199
Theoretical perspectives 209
Summary 223
References 224

9. Discrepancy, Temperament, and Infant Distress**229***Jerome Kagan*

Reactions to unexpected events 230

Sequelae of alerting 231

The role of temperament 236

The bases for distress 237

Activation of hypotheses 240

Other sources of distress 245

Summary 247

References 247

10. General Issues in the Study of Fear**249**Section I *Harriet L. Rheingold* 249Section II *Gordon Bronson* 254Section III *Daniel N. Stern* 258Section IV *William R. Charlesworth* 262
