When the Food Goes to the Horses.....	97
---------------------------------------	----

*(8) Uschi Backes-Gellner & Johannes Mure:*

The Swiss Leading House on Economics of Education, Firm Behaviour and Training Policies .....	109
---	-----

*(9) Jean-Marc Falter, Yves Flückiger & José Ramirez:*

Economics of Education – Transitions, Skills and Labour Market.....	117
---	-----

*(10) Albert Düggele, Sarah Heinzer, Fritz Oser & Gian-Paolo Curcio:*

(In-)Visible Differences: On the Modelling and Validation of Competence Profiles .....	133
--	-----

(11) Astrid Elke, Sandra Grieder, Corinne Tiaden, Gerhard Steiner, Christoph Metzger, Charlotte Nüesch, Fredi Büchel, Jean-Louis Berger & Nadine Kipfer: Fostering Learning Competencies in Vocational Education .....	149
---	-----

### **Part 3: Research on Learning, Curriculum, and Technology**

(12) Walter Doyle: Competency as a Blurred Category in Curriculum Theory .....	175
---	-----

(13) James W. Pellegrino, Susan R. Goldman, Kimberly Lawless & Matthew Brown: Making Contemporary Knowledge Shareable and Useable in Teacher Education: Technology and Media Tools to Transform Teaching and Learning ....	189
---	-----

(14) Esther Winther: The Effectiveness of Learning Environments or About the Difficulties to Compare Apples and Oranges.....	201
---	-----

(15) Jeroen J. G. van Merriënboer: The Systematic Development of Competence-Based Curricula in Vocational Education and Training.....	219
--	-----

(16) Detlef Sembill & Kristina Dreyer: Granting Time – Restricting Time – Wasting Time? Subtle Patterns in Vocational Schooling .....	233
--	-----

(17) Josephine P. van Meer, Gerard J. Veldhuis, Martijn L. van Emmerik & Nicolet C. M. Theunissen: Assistant for Instructional Design (AID): Development and Validation .....	245
--	-----

### **Part 4: Social and Emotional Learning: Sharing Competencies**

(18) Andreas Krapp: Emotional Experience and Learning Motivation .....	261
---	-----

(19) Erno Lehtinen & Tuire Palonen: Social Networks and Career Development: A Case Study in a Consulting Company .....	277
---	-----

(20) Susanne Weber, Karin Heinrichs, Verena Mayer, Stephanie Starke & Sandra Trost: Fit <sup>2</sup> – Fit for Business, Fit for Life: A Problem-Based Learning Module .....	293
---	-----

(21) Åsa Mäkitalo, Christer Carlsson & Roger Säljö: The Art and Skill of Engraving: Craftsmanship and the Evolution of Knowing and Technologies .....	315
--	-----

(22) James W. Pellegrino, Susan R. Goldman & Kimberly Lawless: Teacher Education and Technology: A Look at Current Practice and Why There is Still Much Left To Do .....	335
---	-----

## **Part 5: Political and Institutional Aspects of VET Research**

*(23) Friedrich Buttler:*

To Learn Makes People Grow Large and Strong – Developing Trends in Gainful Occupation, Learning Competence and Social Inclusion in an International Perspective .....361

*(24) Marloes Reenalda, Wim. J. Nijhof, Rolinda J. Veldkamp-De Jong & Bernard P. Veldkamp:*

Economics of Education – Transition, Skills and Labour Market.....371

*(25) Lorenz Lassnigg:*

Policy Learning and Outcome Orientation in Austrian VET – Theoretical and Empirical Explorations .....385

*(26) Loek F.M. Nieuwenhuis & Alan Brown:*

In Search for Flexible Expertise as a Source for Firm Viability .....409

*(27) Per-Olof Thång:*

Learning in Working Life – Work Integrated Learning as a Way to Develop Competence at Work .....423

*List of Authors*..... 437

*Frank Achtenhagen: Short Curriculum Vitae* ..... 443

*Index*..... 445
