

CONTENTS

PART I. BIOLOGICAL INFLUENCES ON AGGRESSION

Chapter 1

Conceptual and Ethical Problems Raised by the Study of Brain-Behavior Relationships Underlying Aggression	3
Pierre Karli	
Introduction	3
The Specific Role of the Human Brain	4
The "Neural Substrate" of Aggression	5
A Basic Change in Scope	7
From the Ethical Point of View	10
Final Comment	12
References	13

Chapter 2

Is Predatory Behavior a Model of Complex Forms of Human Aggression?	15
Jolanta Zagrodzka and Elzbieta Fonberg	
Introduction	15
Predatory Aggression	17
Predatory Behavior and Feeding	17
Hedonistic Component of the Predatory Behavior	19
Predatory Behavior and Aggression	20
Discussion and Concluding Remarks	22
References	25

Chapter 3

The Role of Substance P Receptors in Amygdaloid Modulation of Aggressive Behavior in the Cat	29
Majid B. Shaikh and Allan Siegel	
Introduction	29
Methods	30
Results	34
Discussion	44
References	47

Chapter 4

Alcohol's Effects on Physiology and "Aggression": What Is the Nature of the Link?	51
Paul F. Brain	
Introduction	51
New Data	55
Conclusion	65
References	65

PART II. DEVELOPMENTAL INFLUENCES ON AGGRESSION

Chapter 5

Learning Aggression from Models: From a Social Learning toward a Cognitive Theory of Modeling	69
Kaj Björkqvist	
Introduction	69
Method	74
Results	75
Discussion	79
References	80

Chapter 6

Attitudes toward Violence and the Direction of the Development of a Child's Aggression	83
Lucyna Kirwil	
Introduction	83
Method	87

Results	92
Summary and Conclusions	104
References	107

Chapter 7

Emotional Instability, Physical and Verbal Aggression, and Prosocial Behavior as Precursors of Scholastic Achievement and Social Adjustment	111
G. V. Caprara, C. Barbaranelli, M. Incatasciato, C. Pastorelli, and A. Rabasca	
Introduction	111
Methods	112
Discussion and Conclusion	115
References	119

Chapter 8

A Longitudinal Study of the Relationship between Aggressive and Depressive Tendencies in Elementary School Age Boys and Girls	121
Seymour Feshbach, Norma Feshbach, and Yoram Jaffe	
Methods	125
Results	127
Discussion	131
References	134

PART III. SOCIAL INFLUENCES ON AGGRESSION

Chapter 9

Poverty and Violence	139
Leonard D. Eron, Nancy Guerra, and L. Rowell Huessman	
Sociological Explanations	140
Psychological Explanations	141
Levels of Aggressive Behavior	143
Aggression, Economic Status, and Ethnicity	145
Synchronous Relations among Aggression, Economic Status, Stressful Events, and Individual Beliefs	145

Conclusions	151
References	153

Chapter 10

Can Outfit Be Aggressive? Values and Images of Punks	155
--	-----

Kirsti Lagerspetz, Ari Kaukiainen, Päivi Myöhönen,
and Kaj Björkqvist

Participants	158
Method	159
Results	160
Discussion	171
References	174

Chapter 11

Is War a Consequence of Human Aggression?	177
---	-----

Robert Hinde

Conclusion	182
References	183

PART IV. THE FRUSTRATION–AGGRESSION HYPOTHESIS: A THEORETICAL REVISION AND AN OVERVIEW OF THE ROLE OF BIOLOGICAL, DEVELOPMENTAL, AND SOCIAL INFLUENCES

Chapter 12

On the Determinants and Regulation of Impulsive Aggression	187
---	-----

Leonard Berkowitz

Two Views of Violence	187
The Nature and Determinants of Impulsive Aggression	190
Inhibiting the Aggressive Impulse	200
Cognitions in Affective Aggression	205
References	209

Chapter 13

The Psychology of Aggression: Insights and Issues	213
---	-----

Seymour Feshbach

Introduction	213
------------------------	-----

Early Approaches to the Study of Aggression	214
The Meaning and Functions of Aggression	216
If Aggression, then Frustration	223
If Frustration, then Aggression	229
Some Concluding Comments	233
References	234
Index	237
