

Preface	ix
PART I Differing Perspectives on Aggression Dynamics: Introduction to Game Theoretical Analyses and Arousal Hypotheses	1
1 Game Theory Models and Escalation of Animal Fights <i>John Archer and Felicity Huntingford</i>	3
2 On The Escalation of Aggression <i>Leonard Berkowitz</i>	33
PART II Aggressive State and Trait: Behavioral and Physiological Processes Within Individuals	43
3 Cognition-Excitation Interdependencies in the Escalation of Anger and Angry Aggression <i>Dolf Zillmann</i>	45
4 Aggressive Arousal: The Amygdala Connection <i>Michael Potegal</i>	73

5	Aggression Waxing (Sometimes Waning): Siamese Fighting Fish <i>Paul M. Bronstein</i>	113
6	Studies of Individual Differences in Aggression <i>Gian Vittorio Caprara, Marco Perugini, and Claudio Barbaranelli</i>	123
PART III Aggression Dynamics in Development: Interactions Within and Outside the Family		155
7	Temper Tantrums in Young Children <i>Dorothy Einon and Michael Potegal</i>	157
8	Physically Abusive Parenting as an Escalated Aggressive Response <i>John F. Knutson and Mary E. Bower</i>	195
9	Aggressive Escalation: Toward a Developmental Analysis <i>Robert B. Cairns, Carlos Santoyo V., and Keith A. Holly</i>	227
PART IV Aggression Dynamics in Larger Social and Political Contexts: Game Theory Revisited		255
10	The Dynamics of Riots: Escalation and Diffusion/Contagion <i>John Bohstedt</i>	257
11	Interstate Crisis Escalation and War <i>Russell J. Leng</i>	307
