one

Sex and Gender Issues in Aggression Research **1**

Jacquelyn Weygandt White

Key Issues	2
Major Variables	9
Summary and Conclusions	20
Reference Notes	22
References	23

two

Race Variables in Aggression **27**

Ronald W. Rogers

Introduction	27
Attitudes toward Other Races	28
Instigators	32
Inhibitors and Disinhibitors	38

Control of Interracial Aggression	45
Conclusions	47
Reference Notes	47
References	47

three

Environmental Stressors and Aggressive Behavior 51

Charles W. Mueller

A Model of Environmental Stress and Aggression	51
Physical Stressors and Aggressive Behavior	54
Interpersonal Stressors and Aggressive Behavior	59
An Application to Two Special Environments	66
A Note on the Reduction of Aggression	68
Conclusion	69
Reference Notes	69
References	69

four

Alcohol and Human Physical Aggression 77

Stuart P. Taylor and Kenneth E. Leonard

Correlational Evidence	77
Hostility (Indirect and Verbal Aggression)	79
Empirical Studies of Alcohol and Physical Aggression	80
Theoretical Models	90
Discussion	94
Conclusion	97
Reference Notes	98
References	99

five

Aggression and Television Violence 103

Russell G. Geen

Observation of Televised Violence and Aggression: Correlational Studies	104
The Inference of Causal Relationships	105
Observation of Violence and Aggression: Underlying Processes	110
Summary and Conclusions	121
Reference Notes	122
References	122

six

Erotica and Human Aggression 127

Edward I. Donnerstein

Introduction	127
Relationship between Nonaggressive Erotica and Aggression	128

Effects of Nonaggressive Erotica on Aggression toward Women	133
Relationship between Aggressive Erotica and Aggression	140
Conclusions	151
Summary	151
Reference Notes	152
References	152

seven

Deindividuation in Aggression **155**

Steven Prentice-Dunn and Ronald W. Rogers

Previous Theories of Deindividuation	156
Definition of Deindividuation	158
Overview of a Differential Self-Awareness Theory of Deindividuation	158
Tenets of the Theory	159
Alternative Explanations of Disinhibited Group Aggression	167
Conclusion	168
Reference Notes	169
References	170

eight

The Control of Human Aggression: A Strategy Based on Incompatible Responses **173**

Robert A. Baron

Introduction	173
Empathy: Reacting to the Pain and Discomfort of Others	175
Humor and Feelings of Amusement	178
Mild Sexual Arousal: Titillation as an Incompatible Response	182
The Incompatible Response Hypothesis: A Field Experiment	185
Incompatible Responses: Some Speculations Concerning Practical Applications	186
Summary	188
References	188

A Concluding Comment **191**
