

Table of contents

Introduction	p. 1
Chapter 1: Romance cliticization: A morpho-syntactic vs. a semantic-pragmatic approach	3
1.1 English and Italian pronominal systems	3
1.2 Romance cliticization: some morpho-syntactic analyses	6
1.2.1 The base generation approach	7
1.2.2 <i>The movement approach</i>	11
1.2.3 Sportiche's approach	21
1.3 A semantic-pragmatic approach: The Columbia School	29
1.4 Conclusion	33
Chapter 2: Current research on L2 acquisition of Romance clitics	36
Chapter 3: L2 acquisition issues	47
Chapter 4: The experiment	61
4.1 Subjects	61
4.2 Materials	63
4.3 Procedure	66
4.4 Evaluation	67
Chapter 5: Data analysis	70
5.0 Introduction	70
5.1 Acquisition issues	73
5.1.1 Acquisition time	73
5.1.2 Acquisition of Placement and Case	77
5.1.3 Acquisition of accusative and dative Case	80
5.1.4 Development of clitics in simple finite clauses and AUX+V _{pp} constructions	83
5.1.5 Development of clitics in simple finite clauses and MOD +V _{inf} or CAUS + V _{inf} constructions	85
5.1.6 The role of English grammar	94
Chapter 6: Discussion of results	100
6.0 Introduction	100
6.1 Late development of clitics	100
6.2 <i>The discrepant development of the clitic features</i> of Placement and Case	104
6.3 The discrepant development of accusative and dative Case	113
6.4 The acquisition discrepancy among different constructions	115
6.5 The role of English grammar in L2 acquisition of Italian clitics	119

Chapter 7: Conclusion	122
7.0 Introduction	123
7.1 Summary of the main findings	125
7.2 Implications for L2 acquisition theories	125
7.2.1 Modularity	125
7.2.2 Universal Grammar and Continuity	125
7.2.3 Full Transfer/Full Access Hypothesis	126
7.2.4 The Missing Surface Inflection Hypothesis	128
7.3 Future research	129
7.4 Pedagogical Implications	131
Appendix: Abbreviations	133
