Preface	xv
Chapter 1 Basic Processes	1
Internal Influences	4
External Influences	12
Interaction Effects	20
Alternative Theoretical Views	24
Summary	34
Suggested Readings	34
Chapter 2 Answering Questions	36
Four Main Ways of Answering Questions	38
Developmental Research Designs	55
Special Problems in Developmental Research	61
Applied Problem: How to Evaluate Research	66
Summary	68
Suggested Readings	70
<i>Project 1: Specimen Record Observation of a Child</i>	70
<i>Project 2: First Focused Observation</i>	71
<i>Project 3: Second Focused Observation</i>	72
<i>Project 4: Smiling and Smiling Back</i>	73
Chapter 3 Prenatal Development and Birth	74
Conception and Early Prenatal Development	75
The Fetal Period	80
Genetic Abnormalities	83
Environmental Influences on Prenatal Development	85
Birth	97

Sex Differences in Prenatal Development	100
Social Class Differences in Prenatal Development	101
Overview of Prenatal and Birth Risks	102
Applied Problem: Social Class Differences in Prenatal Risk	103
Summary	107
Suggested Readings	108

Chapter 4 The Newborn Infant: The First Six Months 109

The Skills of Infants	110
The Daily Life of Infants	120
Individual Differences Among Babies	126
The Infant and Her Environment	131
Sex Differences in Infancy	139
Social Class Differences	143
Applied Problem: The Prediction of Risk	140
Summary	143
Suggested Readings	145

Chapter 5 Physical Growth and Development 146

Changes in Height and Weight in Children	149
Muscles and Bones	151
Motor Development	152
Growth in the Nervous System	160
Hormones and Their Effects	162
Puberty	164
Implications and Explanations	167
Some Correlates of Growth Patterns	170
Sex Differences in Physical Growth	177
Social Class Differences in Physical Growth	178
Applied Problem: Obesity in Children and Adolescents	172
Summary	178
Suggested Readings	179

Chapter 6 Growth and Health in Adults 180

Aging	182
Health and Illness	189

Promoting Health and Development	196
Individual Differences in Health and Development	207
Overview	211
Applied Problem: Hormone Treatment for the Symptoms of the Menopause	208
Summary	211
Suggested Readings	212
Chapter 7 Perceptual Development Over the Life Span	213
Development of Basic Perceptual Abilities	215
Individual Differences in Perception	231
Explanations of Perceptual Development	237
Applied Problem: Problems in Learning to Read	238
Summary	242
Suggested Readings	244
Chapter 8 “Cowboy Did Fighting Me”—The Development of Language in Children	245
What is Language Anyway?	247
The First Words	250
The First Sentences	254
Later Language Development	263
Semantic Development: Word Meanings	265
Individual Differences in Language Development	268
Applied Problem: Black English	270
Summary	273
Suggested Readings	274
Project 5: Beginning Two-Word Sentences	275
Chapter 9 The Mystery of Language Development—Can We Explain It?	276
The Basic Alternatives	277
The Child’s Contribution	288
Applied Problem: Language in the Deaf	292
Summary	297
Suggested Readings	297
Project 6: Conversation Between Mother and Child	298

Chapter 10	The Development of Thinking from Birth to Adolescence	299
	The Basic Assumptions	302
	Piaget's Terminology and Concepts	304
	From Birth to Age Two	306
	From Age Two to Age Six	308
	From Age Six to Age Twelve	314
	From Age Twelve On	321
	The Role of Language in the Sequence of Cognitive Development	322
	The Effects of Environment on Cognitive Development	326
	Sex Differences in Cognitive Development	333
	Applied Problem: Cognitive Development and Schooling	328
	Summary	333
	Suggested Readings	334
	Project 7: Conservation of Number, Mass, and Weight	335
Chapter 11	Cognitive Growth and Change in Adolescents and Adults	337
	Formal Operations	338
	Is There a Fifth Stage of Cognitive Development?	348
	Cognitive Changes in Adulthood and Old Age	349
	Other Cognitive Changes in Adults	354
	Cognitive Development and Moral Reasoning	356
	Social Class Differences in Adult Thinking	361
	Sex Differences	362
	What We Don't Yet Know About Adult Thought	364
	Applied Problem: Institutional Life and Cognitive Abilities	364
	Summary	367
	Suggested Readings	368
	Project 8: The Pendulum	369
	Project 9: Moral Judgments	370
Chapter 12	The Measurement of Intelligence in the Child	371
	Intelligence Tests and Cognitive Development	372
	The Nature of IQ Tests	373
	What IQ Tests Predict	376

Factors Influencing IQ Test Scores	377
Overview of IQ Testing	398
Applied Problem: More on Schooling and Special Programs	392
Summary	398
Suggested Readings	399
Chapter 13 Growth and Change in Adult Intelligence	401
Measuring Adult IQ	403
What Adult IQ Tests Predict	404
IQ from Childhood to Young Adulthood	408
IQ Through Adulthood	410
Individual Differences in IQ Among Adults	419
Overview and Conclusions	427
Applied Problem: IQ Tests and Employment	422
Summary	428
Suggested Readings	429
Project 10: Adult Education	429
Chapter 14 Theories of Personality and Social Development	430
Theories of Personality and Social Development in Childhood	432
Social Learning Approaches	432
Biological Theories of Personality and Social Interaction	437
Psychoanalytic Theories: Freud	441
A Life-Span Theory of Development: Erikson's View	448
Theories of Adult Development	454
Summary	469
Suggested Readings	471
Chapter 15 The Development of Personality and Social Relationships in Children	472
Attachment	473
Aggression	487
Peer Relationships	494
Sex Differences	501
Applied Problem: The Role of Fathers	502

Summary	507
Suggested Readings	509
Project 11: Television Aggression	509
Chapter 16 Development of Adult Attachments and Social Relations	511
Attachment Between Young Adults	512
Attachment Between Adults and Children	516
Friendship and Adult Attachment	525
Sex Differences	537
Applied Problem: The Single Adult	532
Summary	538
Suggested Readings	539
Project 12: Attachment Between Adults	539
Chapter 17 Self-Concept and Sex Roles in Children	542
Self-Concept	543
The Development of Sex Roles	551
Social Class and Sex Differences in Self-Concept and Sex Roles	565
Applied Problem: Books and TV as Sources of Sex-Role Stereotypes	562
Summary	567
Suggested Readings	568
Project 13: Sex Roles on Television	568
Chapter 18 Self-Concept and Roles in Adult Life	570
Self-Concept and Satisfaction	571
Work Roles	575
Sex Roles	583
Social Class and Sex Differences	589
Applied Problem: Dual Career Families	590
Summary	593
Suggested Readings	594
Project 14: Adult Roles	594

Chapter 19	Putting It All Together: Life-Span Development	595
Birth to Two Months		598
Two Months to Eighteen Months		600
Eighteen Months to Six Years		603
Six to Twelve Years		606
From Twelve to Twenty		609
From Twenty to Forty: Early Adulthood		613
From Forty to Sixty-five: Middle Adulthood		617
From Sixty-five on: Later Adulthood		621
Overview of the Stages		623
Some Final Issues and Comments		625
Summary		627
Suggested Readings		629
Project 15: Lifelines		629
Glossary		631
References		643
Index		669
