Series Prologue vii

Preface xv

PART I: SENSITIVE PERIODS IN DEVELOPMENT: INTERDISCIPLINARY PERSPECTIVES

- 1. Sensitive Periods in Development: Definition, Existence,
Utility, and Meaning**
Marc H. Bornstein..... 3
 - Introduction 3
 - Structural Characteristics 5
 - Causal Interpretations 11
 - Conclusions 15
 - References 17

- 2. Developmental Changes in Sensitivity to Experience**
Patrick Bateson and Robert A. Hinde..... 19
 - Introduction 19
 - The Nature of the Evidence 21
 - Limitations of the Evidence 23
 - Types and Levels of Explanation 24
 - Distinguishing Between Explanations of the Same
Type 26
 - Recovering the Capacity for Change 28
 - Conclusions 30
 - References 32

PART II: SENSITIVE PERIODS IN INFRAHUMAN PSYCHOBIOLOGY AND HUMAN NEUROPSYCHOLOGY

3. Perceptual Development and Experience-Dependent Changes in Cat Visual Cortex
Helmut V.B. Hirsch and Suzannah Bliss Tieman..... 39

 Introduction 39
 Visual Development in the Cat 40
 Activity-Dependent Development in Area 17 49
 Behavioral Significance of Experience-Dependent Brain Development 58
 Conclusions 70
 References 70

4. Critical Events During Sensitive Periods of Social Development in Rats
Elliott M. Blass..... 81

 Introduction 81
 The Setting 85
 Suckling 85
 Huddling Behavior 88
 Home Orientation 89
 Sexual Behavior 90
 Conclusions 92
 References 95

5. Imprinting and the Critical Period for Social Attachments: Some Laboratory Investigations
Howard S. Hoffman..... 99

 Introduction 99
 Laboratory Investigations of Imprinting 100
 The Motivational Substrate for Imprinting 114
 Conclusions 118
 References 119

6. Neural Insult and Critical Period Concepts
C. Robert Almli and Stanley Finger..... 123

 Introduction 123
 Conceptions and Definitions of Critical Periods 124
 Neural Maturation and Optimal/Sensitive Periods 127
 Recovery From Acute Brain Lesions 128
 Effects of Early Undernutrition 134
 Conclusions and Implications 138
 References 139

- 7. Crucial Period Effect in Psychoendocrinology:
Two Syndromes, Abuse Dwarfism and Female (CVAH)
Hermaphroditism**
John Money and Charles Annecillo..... 145
- Introduction 145
 - Syndrome of Abuse Dwarfism 146
 - Sex Dimorphism of Behavior: Sheep and Monkey
Experiments 150
 - Female Hermaphroditism with Congenital Virilizing
Adrenal Hyperplasia (CVAH) 152
 - Conclusions 155
 - References 157

PART III: SENSITIVE PERIODS IN HUMAN PSYCHOLOGY

- 8. Is There a “Sensitive Period” in Human Mental
Development?**
Catherine Tamis-LeMonda and Marc H. Bornstein..... 163
- Introduction 163
 - Experience and Development 164
 - Sensitive Periods in Human Development: The
Interaction of Experience and Developmental
Level 169
 - A Multivariate View of Early Intellectual Growth 172
 - Criteria of Sensitive Periods in Human Mental
Development 174
 - Conclusions 177
 - References 177
- 9. Relevance of the Notion of a Critical Period to Language
Acquisition**
Catherine Snow..... 183
- Introduction 183
 - The Critical Period in Theories of Language
Development 184
 - Conclusions 204
 - References 205
- 10. Critical Periods in Psychoanalytic Theories of Personality
Development**
Benjamin Beit-Hallahmi..... 211
- Introduction 211
 - The Classical View: Freud and Others 213

Current Theoretical Conceptions 215
Conclusions 217
References 220

11. Mother-Infant Bonding as a Critical Period
Barbara J. Myers..... 223

Introduction 223
Defining Bonding and Attachment 224
Effects of Mother-Infant Contact and Separation 225
Studies Failing to Support the Bonding Hypothesis 235
Conclusions 241
References 243

12. Critical Periods in Processes of Social Organization
J. P. Scott..... 247

Introduction 247
The General Theory of Critical Periods 248
Critical Periods in Human Social Interaction 249
Stability versus Change in Human Social Systems 253
Application of Critical Period Theory to Human Social
Organization 255
Critical Periods in American Institutions of Higher
Education 260
Conclusions 265
References 267

Biographical Notes 269
Author Index 275
Subject Index 285
