Part I A Survey of World Literature 1946–1980 (C. ERNST)	1
Chapter 1 Outline of Fallacies in Birth Order Research	3
1.1 Birth Order as Dependent Variable: Problem of Control Groups	3
1.1.1 The Fallacies in Determining Sibship Size	3
1.1.2 The Fallacy of Comparing Carriers for Birth Order with Their Sibs. Normal Distribution of Birth Order	5
1.1.3 The Fallacies of the Greenwood-Yule Normal Distribution for Birth Order	6
1.2 Birth Order as Independent Variable: Differences Between Firstborns and Laterborns	12
1.3 Comparison of Sibs Within the Same Sibship	13
1.4 Conclusions.	13
Chapter 2 Birth Order and Biological Differences	15
2.1 Sex Ratio	15
2.2 Prematurity, Gestation Length, Birth Weight, Early Death, and Handicap	15
2.3 Birth Order and Risk at Birth and in Early Childhood	17
2.4 Does Birth Weight Mediate an IQ-Birth Order Correlation?	17
2.5 Birth Order and Minimal Brain Damage	18
2.6 Birth Order and Height	19
2.7 Birth Order and Age at Menarche	20
2.8 Conclusions.	21
Chapter 3 Research on Twins and Only Children	22
3.1 Studies on Twins	22
3.1.1 Biological Differences Between Twins and Singletons	22
3.1.2 Is Lower IQ in Twins Related to Lower Birthweight?	22
3.1.3 Is Lower IQ in Twins Related to Social Background Variables?	23
3.1.4 Is Lower IQ in Twins Related to Interaction with a Partner of the Same Age?	24
3.1.5 Conclusions.	25

3.2	Studies on Only Children	25
3.2.1	Character Development	25
3.2.2	Intellectual Development	26
3.3	Conclusions	28
Chapter 4 Birth Order and IQ		29
4.1	Introductory Remarks	29
4.2	The IQ-Social Class Correlation	29
4.3	Differential Fertility by Social Class	30
4.4	Sibship Size and IQ	30
4.4.1	Is the IQ-Sibship Size Correlation Spurious?	31
4.4.2	Differential IQ by Sibship Size within Social Class	31
4.4.3	Conclusions	33
4.4.4	Research on Direct Influences of Sibship Size on IQ	34
4.4.5	Birth Intervals and IQ	35
4.5	Birth Order and IQ	36
4.5.1	Birth Order as the Independent Variable	36
4.5.2	Birth Order as the Dependent Variable	45
4.5.3	Comparison of IQ Between Sibs in the Same Family	46
4.5.4	Birth Order and Linguistic Skills	48
4.6	Conclusions	49
Chapter 5 Birth Order and School Achievement		50
5.1	Introductory Remarks	50
5.2	Sibship Size and School Achievement	51
5.2.1	School Grades	51
5.2.2	Standardized Achievement Tests	51
5.2.3	Educational Attainment	52
5.2.4	Conclusions	53
5.3	Birth Order and School Achievement	54
5.3.1	Birth Order as Independent Variable	54
5.3.2	Birth Order as Dependent Variable	64
5.4	Birth Order and Over- and Underachievement	68
5.5	Conclusions	69
Chapter 6 Birth Order and Occupational Status		70
6.1	Birth Order as Dependent Variable	70
6.1.1	Studies without Control Group	70
6.1.2	Studies with Inadequate Control Groups	71
6.2	Birth Order as Independent Variable	72
6.3	Occupational Status Among Sibs	72

6.4	Sibship Size, Fertility and Social Mobility	73
6.5	Conclusions	73
Chapter 7 Birth Order Differences in Socialization and Personality		74
7.1	Introductory Remarks	74
7.2	Social Class, Sibship Size, and Personality	74
7.2.1	Social Class and Personality	75
7.2.2	Sibship Size and Personality	75
7.3	Hypotheses Concerning Socialization and Personality Differences by Birth Order	85
7.4	Birth Order and Familial Socialization	87
7.4.1	Differential Treatment of Children by Birth Order Investigated in Parents	87
7.4.2	Differential Treatment of Children by Birth Order Investigated in Children	93
7.4.3	Differential Interactions of Siblings by Birth Order .	97
7.5	Summary of the Evidence of Differential Familial Socialization by Birth Order	99
7.6	Birth Order and Personality	100
7.6.1	Introductory Remarks	100
7.6.2	Birth Order, Anxiety, Sensitivity to Pain and Risk Taking	100
7.6.3	Birth Order and the Disposition to Associate	107
7.6.4	Birth Order and Achievement Motivation	132
7.6.5	Birth Order and Aggression	139
7.6.6	Birth Order, Dominance, and Conservatism	141
7.6.7	Birth Order and Interest in Ideas or Persons	145
7.6.8	Birth Order, Autonomy, and Creativity	149
7.6.9	Birth Order and Self-Esteem	153
7.6.10	Birth Order, Adjustment, and Neuroticism	157
7.6.11	Birth Order and Intro- and Extraversion	159
7.6.12	Birth Order and Empathy	161
7.6.13	Birth Order and Responsibility	162
7.6.14	Birth Order and Personality in General	164
7.6.15	Birth Order and Sex Role	171
7.6.16	Sex Role Differentiation and Sex of Sib	173
7.6.17	Personality and Sex of Sib	176
7.6.18	Birth Order, Interpersonal Relations, Mate Selection, and Quality of Married Life	177
7.6.19	Birth Order and Sociometric Popularity	181
7.6.20	Personality and Spacing	183
7.7	Summary of Research on Birth Order and Personality	184

Chapter 8 Birth Order and Mental Illness	190
8.1 Introductory Remarks	190
8.2 Methodological Pitfalls	190
8.3 Sibship Size and Mental Illness	192
8.3.1 Methodological Difficulties	192
8.3.2 Sibship Size of Psychiatric Patients in General . . .	192
8.3.3 Sibship Size in Schizophrenia	193
8.3.4 Sibship Size in Alcoholism	194
8.3.5 Sibship Size in Psychoneurosis	194
8.3.6 Sibship Size and Personality Disorder	195
8.3.7 Conclusions	195
8.4 Birth Order and Mental Illness	197
8.4.1 Birth Order in Psychiatric Patients in General . . .	197
8.4.2 Birth Order and Schizophrenia	199
8.4.3 Birth Order and Alcoholism	204
8.4.4 Birth Order and Smoking Behavior	208
8.4.5 Birth Order and Use of Drugs	209
8.4.6 Birth Order and Depression	209
8.4.7 Birth Order and Psychoneurosis	212
8.4.8 Birth Order and Personality Disorder	215
8.4.9 Birth Order and Psychosomatic Illness	215
8.4.10 Birth Order and Homosexuality	218
8.4.11 Birth Order in Criminals	220
8.4.12 Mental Illness in Sibships of Two and Three . . .	220
8.4.13 Birth Order and Problem Behavior in Children . . .	222
8.4.14 Mental Deficiency in Children and Adults	236
8.4.15 Birth Order in Epileptics	237
8.5 Birth Order and Psychiatric Illness: Conclusions . . .	237
Chapter 9 Summary and General Conclusions	239
Part II Analysis of Empirical Data (J. ANGST)	243
Chapter 10 Examination of Hypotheses Concerning Birth Order and Sibship Size by Multivariate Analysis of a Representative Young Adult Population	245
10.1 Introduction and Purpose of This Study	245
10.2 Methodology	246
10.2.1 Samples	246
10.2.2 Assessment of Sibship Size and Birth Order	246
10.2.3 Statistics	246
10.3 Birth Order and School Achievement	247

10.3.1	Classification of School Types and Distribution of School Achievement	247
10.3.2	Birth Order and School Achievement: Bivariate Analysis	248
10.3.3	Sibship Size and School Achievement: Bivariate Analysis	248
10.3.4	Other Social Factors and School Achievement	250
10.3.5	Birth Order, Social Factors, and School Achievement: Multiple Classification Analysis	254
10.3.6	Social Factors, Sibship Size, and School Achievement: Multiple Classification Analysis	256
10.3.7	Path Analysis	257
10.3.8	Discussion	258
10.4	Birth Order and Personality	258
10.4.1	Assessment	259
10.4.2	Birth Order and Personality: Oneway Analysis of Variance	259
10.4.3	Birth Order, Extraversion, and Neuroticism	260
10.4.4	Sibship Size and Personality	260
10.4.5	Personality (Extraversion and Neuroticism) and Other Social Variables	261
10.4.6	Birth Order and Personality: Multiple Classification Analysis	265
10.4.7	Discussion	267
10.5	Birth Order and the Consumption of Cigarettes, Alcohol, and Drugs	267
10.5.1	Assessment of Consumption	268
10.5.2	Birth Order and Consumption: Bivariate Analysis	268
10.5.3	Sibship Size and Consumption: Bivariate Analysis	270
10.5.4	Other Social Factors and Consumption	270
10.5.5	Social Factors, Personality, Birth Order, and Consumption: Multiple Classification Analysis	275
10.5.6	Discussion	280
10.6	Summary and Conclusions	281
10.6.1	Survey of Results	281
Chapter 11 Relation of the Empirical Results to the Survey of World Literature		283
